

InformationNOW – Attendance

About this Guide

This Quick Reference Guide provides an overview of the setup, entry and reporting of attendance in *InformationNOW*.

Users are advised to refer the appropriate *InformationNOW* State Guidelines for specific requirements concerning attendance setup.

Preliminary Setup

Prior to generating attendance records for students:

- The setup outlined in this document must be completed.
- Students must have schedules. Refer to the *InformationNOW – Scheduling* Quick Reference Guides for details on scheduling students.
- Students must be enrolled. Refer to the *InformationNOW – Student Module* Quick Reference Guide for details regarding enrolling students.

Attendance Setup

Before entering student attendance, please review the following information.

School/District Setup

Go to **School/District | Setup | Settings** tab. Check State Guidelines to determine which options should be selected for state reporting purposes.

- Confirm that the *Withdrawal date school enters in student's* option is set to **The first day of non-attendance** for districts in all states except Arizona and Kentucky.
- Check if enrollment is allowed on a non-school day or non-membership days.
- Check to allow students to enroll and withdraw from the same school on the same day if applicable.
- If applicable, check to *Delete Absences After Withdrawal* for students who are withdrawing.
- If teachers have multiple sections during the attendance period, users may check to *Merge Rosters for Attendance*.

Academic Sessions

Academic Sessions are used to identify multiple school sessions that occur within a school year (Ex.: *Full Regular Year, Night School, Summer School*). Refer to the *InformationNOW – Creating An Academic Session Quick Reference Guide* for detailed steps for this process.

Terms

If terms were not creating during the creation of the academic session, they must be created now. A *term* is defined as the shortest amount of time for which classes meet. For example, if the school has classes that meet half of the school year, two terms should be created to accommodate courses for 1st term and 2nd term. If the school has classes that meet 1/3rd of the year, they are probably trimester and three terms should be created to accommodate courses for 1st, 2nd and 3rd term. If the school has courses that meet 1/4th of the year, the school should create 4 terms.

1. Going to **System Preferences | Setup**.
2. Select *Terms* from the list and click **Refresh**.
3. Click **Add**.

4. Complete the appropriate fields. Required fields are indicated with an asterisk (*).
 - ***Name:** Enter the name of the term (ex. *Semester 1* or *Term 1*).
 - **Description:** Enter a brief description for the term.
 - **Code:** Enter a unique code for this term (ex. *T1* or *I*).
 - **State Code:** If required, enter the appropriate state code for this term for state reporting purposes.
 - **Start Date:** Enter the date of the 1st day of this term.
 - **End Date:** Enter the date of the last day of this term.
 - **ConnectEdu Term:** If using ConnectEdu, select the corresponding credit bearing graded item.
5. Click **Create**.

Note: Once the term is created, users may click the **Grading Periods** link under the *Manage* menu on the left to create grading periods for this term. Click **Fill Calendar Day Types** to assign day types to all of the days in the calendar. Day types are created under **School/District | School**. Search for and select to **View** a school. Click the *Acad Session* tab. Click to **View** a session and click the *Day Types* tab. Day types are assigned to the attendance days in the calendar in the order that they appear on the *Day Types* tab. Click **Fill Calendar Bell Schedules** to assign a bell schedule to every day in the calendar. Bell schedules are set up under **System Preferences | Setup** or under **Attendance | Setup**.

Day Types

To create day types, go to **School/District | School**. Search for and select to view the school. Click the *Acad. Session* tab and select to view the academic session. Then click the *Day Types* tab.

Add a Day Type

While in the *Academic Session* screen under **School/District | School** and on the selected school's *Acad. Sessions* tab, click on the *Day Types* tab.

- If the *Each Section Declares the Days of the Week Which it Meets* schedule model was selected for the Academic Session, Day Types will already be generated. The Day Types will be the seven days of the week. The user will need to delete Sunday and Saturday if classes will not meet on those days; see “Delete a Day Type” on page 4 for instructions.
- If there are no Day Types for the selected Academic Session, the setup screen will appear with no day types. Click **Add**.
- Enter information here as follows. Required fields are indicated with an asterisk (*).

- **Sequence:** This is auto-generated by the system and cannot be changed.
- ***Name:** Enter a name for the Day Type: Examples: *Regular*; *A Day* or *B Day*, etc.
- **Description:** This field is not required.
- ***Code:** Enter a unique code for this day type.
- **State Code:** If required, enter the appropriate state code for this day type for state reporting purposes.
- **SIF Code:** If required for state reporting purposes, enter the appropriate SIF code for this day type.
- **NCES Number:** If required, enter the appropriate NCES Number for this day type.
- **Active:** Check if this is an active day type.
- **Time Slot:** Used if a block type of scheduling model was selected. Enter the time slot in the day and select the corresponding block for that time slot.

For example, if on Monday, blocks A, B, C, and D meet, enter *Monday* as the *Name* and *Description*. Enter Time Slot *1* and select the corresponding block of *A*. Enter Time Slot *2* and select *Block B*; etc.

TimeSlot:	Block:
1	Block A
TimeSlot:	Block:
2	Block B
TimeSlot:	Block:
3	Block C
TimeSlot:	Block:
4	Block D

If on a Tuesday, blocks D, C, B, and A meet in that order, enter *Tuesday* as the *Name* and *Description*. Enter Time Slot *1* and select the corresponding block of *D*. Enter Time Slot *2* and select *Block C*. Enter Time Slot *3* and select *Block B*. Enter Time Slot *4* and select *Block A*.

Note: The **Add Row** button is used to add additional block pairs (if more than eight pairs are needed). The **Remove Row** button may be used to remove unused block pairs.

- Click **OK**.
- Continue adding all necessary Day Types. Click **Cancel** when finished.

View a Day Type

To view or modify an existing day type, place a check next to the day type and click **View** or click the name of day type which appears as a blue link.

Delete a Day Type

To delete a day type, place a check next to the sequence number and click **Delete**.

Change Day Type Sequence

When day types are assigned to the attendance days in the calendar, they are assigned in the order (sequence) in which they appear on the *Day Type* screen. If the day type sequence needs to be reordered, place a check next to the day type to move and use the **Up**  or **Down**  buttons to move the day type to the correct location in the list.

Lookups

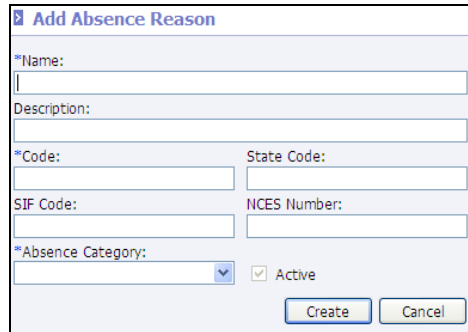

Lookups pertaining to attendance must be created by going to either **System Preferences | Setup** or **Attendance | Setup**.

Absence Reasons

Absence Reasons are the justification for student absence (ex.: *Ill, College Visit, No Note*). Once Absence Reasons are created, they must be assigned to at least one Absence Level. See the section “Absence Levels” below for more information.

Add Reason Code

Click **Add** to insert a new reason code.

Enter the following criteria. Required fields are indicated with an asterisk (*).

- ***Name:** The name of the reason (ex.: *Illness*).
- **Description:** A brief description of the reason (ex.: *Illness Unexcused*).
- ***Code:** The corresponding code for the absence (ex.: *ILL*). The code will display on most attendance reports.
- **State Code:** Refer to the State Guidelines to determine if state code is required.
- **SIF Code:** Refer to the State Guidelines to determine if SIF code is required.
- **NCES Number:** Refer to the State Guidelines to determine if state code is required.
- ***Absence Category:** Select if this code is to be considered excused or unexcused.
- **Active:** Check if this is a currently active code. Inactive codes will not display on attendance entry and reporting screens as an option to select.

Click **Create** to save.

View Reason Code

To view or modify an existing code, either place a check next to the code and click **View** or click the code name, which appears as a blue link.

Delete Reason Code

To delete a reason code, place a check next to the code and click **Delete**.

Absence Levels

Absence Levels come pre-installed with the program and may not be edited. They include *Tardy, Half Day/Period, Half Day/Period Other, All Day/Period, All Day/Period Other* and *Check In/Check Out*.

Once Attendance Reasons are entered, each one must be assigned to at least one Absence Level. To do so, perform the following steps:

- Go to **System Preferences | Setup** or **Attendance | Setup**.
- Select *Absence Level* from the available list and click **Refresh**.
- Click the name of the *Absence Level* which appears as a blue link (ex.: *Tardy*).

- Place a check next to each reason code for which a student may receive a tardy record (Ex.: *Missed Bus, Dr Appt., Overslept*).
- Place a bullet next to the reason code that is most commonly used for this level of absence. When entering student records, this reason will automatically be selected to save the user data entry time. However, a different reason may be selected at that time.
- Click **OK**.

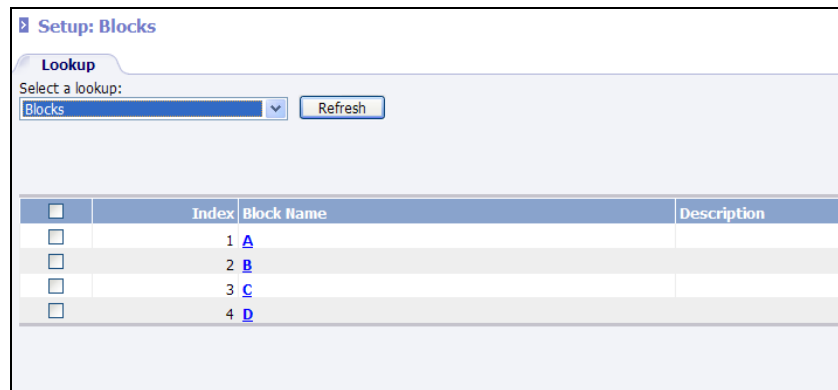

Continue selecting all appropriate codes for the various absence levels. Codes may be assigned to more than one absence level.

Note: Codes attached to the absence level *Other* will not count against a student’s absence total, ADA or ADM (ex.: *College Visit*).

Blocks

A *block* refers to an instructional portion of time in a day. Users may utilize blocks and periods to establish which classes meet on any given day within a rotation-style schedule. When using any type of block scheduling, blocks of instructional time must be created.

To create blocks, go to **Scheduling | Setup**. Select *Blocks* from the list of lookups and click **Refresh**.

Click **Add** to insert a new block of instructional time that occurs in a typical day. These blocks will be used to determine which periods meet on any given day of a rotation type schedule. Refer to the *InformationNOW – Scheduling Quick Reference Guide* for full details regarding setup required for block scheduling.

Periods

Periods are defined as the instructional blocks of time within a day.

Note: Even if periods were copied during the *Create Academic Session* process, it is still a good idea to check them for accuracy.

To create periods, go to **Scheduling | Setup**. Select *Periods* from the list of lookups and click **Refresh**. Insert periods of the day. Periods are then attached to Bell Schedules with start and end times.

Note: Periods are assigned to each section in the Master Schedule. For details, refer to the *InformationNOW – Scheduling Quick Reference Guide*. Students may not be scheduled into more than one class for the same period, day of week and term.

Click **Add** to insert periods of the day representing the instructional blocks of time.

Bell Schedule

A *Bell Schedule* is created to enter the start and ending times for each period of the day.

Note: Even if bell schedules were copied during the *Create Academic Session* process, it is still a good idea to check them for accuracy.

To create Bell Schedules, go to **Scheduling | Setup**. Select *Bell Schedules* from the list of lookups and click **Refresh**.

Bell Schedule Variations

Users may assign variations to periods within a bell schedule. The most common use for this option would be to assign various lunch waves to one single period. To add variations to a period on the bell schedule, click to view the period.

In the following example, Period 4 is the period of the day during which lunch takes place. There are two lunch waves at the school.

Edit Period: 03

Bell Schedule Name: Blue

Description:

Default Settings

Start Time: End Time: Minutes:

Variations

Add View Delete

<input type="checkbox"/>	Name	Description	Start Time	End Time	Minutes
<input type="checkbox"/>	wave A		11:45 AM	1:00 PM	75
<input type="checkbox"/>	wave B		11:15 AM	12:30 PM	75

Add View Delete

- **Wave A:** Students to go lunch from 11:15 – 11:45 and then to class from 11:45 – 1:00 p.m.
- **Wave B:** Students go to class from 11:15 – 12:30 and then to lunch from 12:30 – 1:00 p.m.

When entering the variation start and end times, enter the instructional time for the students for that period. It is not necessary to enter the non-instructional time. Any time not accounted for in the start/end time range for the variation will be considered non-instructional time.

Edit Bell Schedule: Blue

Bell Schedule

*Bell Schedule Name:

Description:

Total Instructional Minutes:

Bell Schedule Definition - 4 periods in day

Total Minutes in Defined Bell Schedule: 420

View Delete

<input type="checkbox"/>	Meet	Period	Start Time	End Time	Minutes	Description	Daily Att Per	wave A			wave B		
								Start	End	Min	Start	End	Min
<input type="checkbox"/>	Yes	01	7:45:00 AM	9:30:00 AM	105		⊙						
<input type="checkbox"/>	Yes	02	9:30:00 AM	11:15:00 AM	105		⊙						
<input type="checkbox"/>	Yes	03	11:15:00 AM	1:00:00 PM	105		⊙	11:45:00 AM	1:00:00 PM	75	11:15:00 AM	12:30:00 PM	75
<input type="checkbox"/>	Yes	04	1:00:00 PM	2:45:00 PM	105		⊙						

Once variations are created, each section in the master schedule for that period should be changed to reflect the appropriate lunch wave. To edit the master schedule, go to **Scheduling | Master Schedule**. On the Search Criteria screen, select the period and click **Search** to view all classes that meet for the period where variations were created. Select to **View** the sections. Select the appropriate wave for the course.

- All reports and the student locator screen will reflect the period but will not display the variation.
- Attendance calculations will use the variation minutes when calculating student absence portion.

Calendar

Once Day Types, Bell Schedules and Terms have been established, a *Calendar* must be created. Go to **School/District | School**. Search for and select to view the school. Click the *Acad Sessions* tab. Click to view the academic session. Select to *View Year Calendar* under the *Manage* menu at left.

To remove Non-Attendance Days from the Calendar:

Note: Check State Guidelines for specific instructions regarding whether to delete non-attendance days or to mark them as non-attendance.

- Select day(s) to be removed by placing a check next to the date and click **View**. Remove the Day Type and Bell Schedule if either exists. Enter a description if desired (such as *Labor Day*). Change the *Portion* to *0.00* and uncheck all boxes. Click **OK**.
- When all non-attendance days have been removed as *In School/Instructional*, fill in the day types and Bell Schedules.
 - **Fill Day Types**: Click to attach the day type to each day in the calendar. Verify the start and end date and click **Create**.

- **Fill Bell Schedule:** Click to attach the primary regular day Bell Schedule to each day in the calendar. Enter the start and end dates. Select the primary Bell Schedule. Select the day types to which to attach the Bell Schedule and click **OK**.

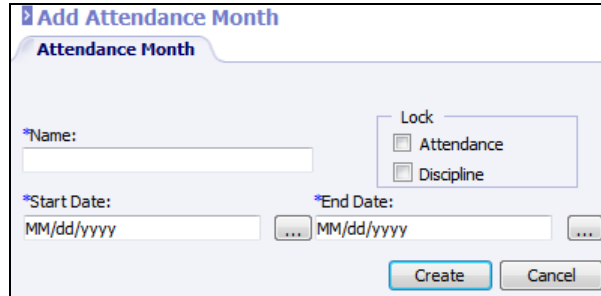

Exception Calendars

For students who attend a different portion of the day on any school day, an exception calendar may need to be created.

- Select **Grade Exception Calendars** under the *Manage* menu.
- Click the **Add** button to add an exception calendar.
- Enter a *Name* (such as *No Fridays*, *Half-Day Students*, *120/240 Rule* or *Out of District*).
- Enter a description.
- Click **Create**. Click **Add** in the lower portion of the screen.
 - If every day will have the same information (*Half-Day Students* or the *120/240 Rule*), under *Filter*, select **All**. Under *Date*, select **All**.
 - Enter the appropriate *Portion*. For example, half-day students will have a *Portion* of 0.5.
 - Check the appropriate boxes for the day including **Instructional**, **In Calendar**, **In School** and **Non-Membership Day**.
 - **Exception:** Select if the *Student Is In School On This Date* or if *Student Is Not In School On This Date*.
 - **Portion/Minutes:** Enter the number of minutes required to be considered when calculating attendance. For example, if the student must be there at least 120 minutes to avoid being marked absent all day, enter a 120 in the **Day** field. If the student must be there at least 240 minutes to avoid being marked absent at least a half day, enter a 240 in the **Half** field. If a student must be present at least 300 minutes to avoid being marked tardy, enter 300 in the **Tardy** field.
 - **Portion/Fraction:** For days on which the exception students do not attend and regular students do, select the specific date and enter a *Portion* of 0.00. Then uncheck *In School*. If students attend on a day on which regular students do not, select the specific date and change the *Portion* to 1.00. Then check *In School*. On the regular calendar, add a Day Type and Bell Schedule.
 - **Membership:** Enter the amount to use when calculating ADA/ADM for this day for students who follow this exception calendar. Enter a 1.00 if this day counts as a full day towards membership. Enter a 0.50 if the day counts as a half day in the student's membership calculation.
- If the exception calendar is for an entire grade level, on the *Acad. Session* tab for the school, under the *Manage* menu, select **Grade Exception Calendar**. Check the appropriate grade level(s) and click **View**. Select the *Exception Calendar* from the drop-list and click **OK**. Repeat for each grade level.
- To attach the exception calendar to a specific student, go to **Students | Student Maintenance**. Browse to the student and click on his or her *School* tab. Select the *Exception Calendar* from the drop-list.

Attendance Month

In order to use the *Monthly Attendance Register* report, months must be created under the **Attendance Month** link under the *Manage* menu on the left. Click **Add** to insert a month.

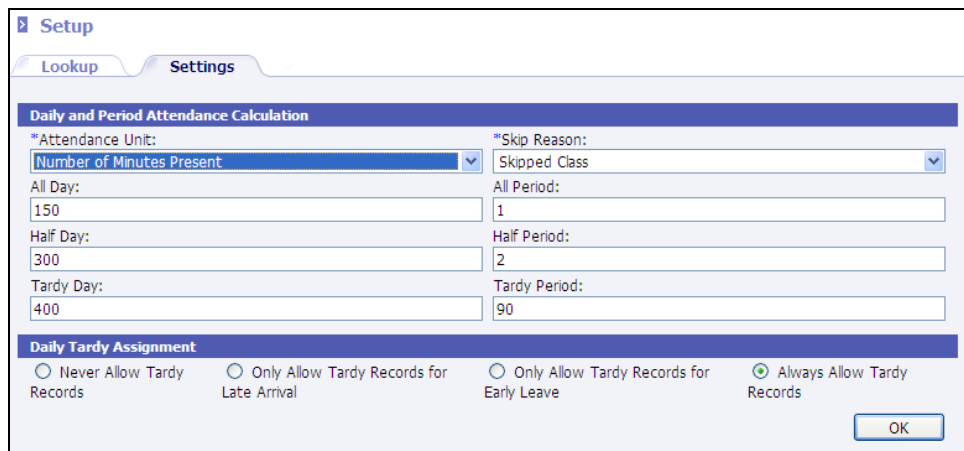

The screenshot shows a dialog box titled "Add Attendance Month". It has a tab labeled "Attendance Month". The form includes a text field for "Name", two date pickers for "Start Date" and "End Date" (both in MM/dd/yyyy format), and a "Lock" section with two checkboxes: "Attendance" and "Discipline". At the bottom, there are "Create" and "Cancel" buttons.

- **Name:** Enter the name of the month (ex. *I* or *August*).
- **Start Date:** Enter the beginning date for the month (ex. *08/06/2012*). The start date should be the first attendance day for the selected month.
- **End Date:** Enter the last attendance date for the month (ex. *08/31/2012*). The end date should be the last attendance day for the selected month.
- **Lock**
 - **Attendance:** Check to lock attendance records for the month. If the data is locked for the month, no period attendance, check in/out records or daily records may be added, edited or deleted within the start and end dates.
 - **Discipline:** Check to lock discipline records for the month. If the data is locked, no records may be entered, edited or deleted for the month. This includes all date fields for discipline records including infraction date, disposition start/end date, action taken date or conference date. Also, if a disposition has been set to auto-create attendance records (ex. *Suspension*), when the discipline record is created for a month that is locked, the attendance records will NOT automatically be created since the month is locked.

Attendance Settings

To set the appropriate settings, go to **Attendance | Setup**. Click the *Settings* tab.

The screenshot shows the "Setup" dialog box with the "Settings" tab selected. It is divided into two main sections: "Daily and Period Attendance Calculation" and "Daily Tardy Assignment".

Daily and Period Attendance Calculation:

- *Attendance Unit: Number of Minutes Present (dropdown menu)
- *Skip Reason: Skipped Class (dropdown menu)
- All Day: 150
- All Period: 1
- Half Day: 300
- Half Period: 2
- Tardy Day: 400
- Tardy Period: 90

Daily Tardy Assignment:

- Never Allow Tardy Records
- Only Allow Tardy Records for Late Arrival
- Only Allow Tardy Records for Early Leave
- Always Allow Tardy Records

An "OK" button is located at the bottom right of the dialog.

Enter the criteria that determine the level of absence the student should receive when checked in or out. Required fields are indicated with an asterisk (*).

Note: Refer to State Guidelines to determine the proper settings for this screen.

- ***Attendance Unit:** Select the method by which attendance should be calculated when a check in/out record exists on a student; either *Number of Minutes Present* or *Percentage of Minutes Absent*.
- ***Skip Reason:** Select the Reason that should be assigned to a student's period absence record by a teacher. When the teacher marks a student absent for a period and the student has not previously been given a full, half, or check in/out record for that day and period, the student will be marked absent for the period with the reason code selected here.
- **All Day:**
 - **If using Percentage:** A percentage of time for which a student must be absent before being considered absent for the day. For example, if a student must miss 184 minutes out of 360 minutes to be considered absent, the user would enter *51.00* here.
 - **If using Minutes:** Enter the number of minutes the student must present be in order to avoid being marked all day absent. For example, if the student must be present at least 150 minutes to avoid being marked absent, enter *150* here.
- **Half Day:**
 - **If using Percentage:** A percentage of time for which a student must be absent before considered absent half a day (0.5%). For example, if a student must miss 119 minutes out of 360 minutes to be considered missing half a day, enter *31.00*.

Note: If the district does not track Half Day absences, enter a percentage that is 0.01 less than All Day.

- **If using Minutes:** Enter the number of minutes a student must be present in order to avoid being marked absent half day. For example, if a student must be present at least 300 minutes, otherwise that student will be marked half day absent, enter *300* here.
- **Tardy Day:**
 - **If using Percentage:** A percentage of time for which a student must miss class before being considered tardy. For example, if a student must miss one minute of the day to be considered tardy, enter *0.01*.
 - **If using Minutes:** Enter the total number of instructional minutes in a regular day less the total number of minutes allowed for a tardy.
- **All Period:** A percentage of time for which a student must be absent before considered absent for the period. For example, if a student must miss 29 minutes out of 60 minutes to be considered absent for the period, enter *51*.
- **Half Period:** A percentage of time for which a student must be absent before considered absent half a period (0.5%). For example, if a student must miss 15 minutes out of 60 minutes to be considered missing half a period, enter *26.0*.

Note: If the district is not tracking Half Period absences, enter a percentage that is 0.01 less than All Period.

- **Tardy Period:** A percentage of time that a student must miss before being considered tardy. For example, if a student must miss one minute of the day to be considered tardy, enter *0.01*.

Note: The examples given above are not intended to serve as policy for any district. If assistance is required in order to apply existing policy, please contact STI Support.

- **Daily Tardy Assignment:** Specify the type of Tardy record(s) to be assigned to students based on checking in late or leaving early.
 - **Never Allow Tardy Records:** No tardy record will be created regardless of a check in/check out.
 - **Only Allow Tardy Records for Late Arrival:** When a student receives a check in record, the program will determine if the student only has a check in record for the day. If the number of minutes missed is calculated as a tardy and the student has a check in only for the day, a daily tardy record will be created.
 - **Only Allow Tardy Records for Early Leave:** When a student receives a check out record, the program will determine if the student only has a check out record for the day. If the number of minutes missed is calculated as a tardy and the student has a check out only for the day, a daily tardy record will be created.
 - **Always Allow Tardy Records:** This option is selected by default as it reflects the tardy attendance calculation prior to the summer 2009 update. If the program determines that the student qualifies for a tardy record, a record is created regardless of whether the student checked in or checked out.

Note: In all cases, the reason used will be the reason associated with the CICO record. The Reconcile Attendance routine will also use these settings when calculating attendance portions.

Rounded Minutes Tab

Illinois Only: Rounded minutes are set up under **Attendance | Setup | Rounded Minutes** tab. Check with the state auditor to see if the school qualifies for rounded minutes. If so, simply check the grade levels that qualify.

Indiana Only: The ability to set up a 1-minute AM/PM parameter for Indiana is set up under **Attendance | Setup | Rounded Minutes** tab. Check the grade levels to which the 1-minute AM/PM rule applies. For the selected grade levels, all and half-day attendance will be calculated based on this rule. The total number of attendance minutes in the student's bell schedule will be added together and a half-way point will be determined. If a student is present at least 1 minute in the first half of the divided minutes, he or she will be present at least half a day. If a student is also present at least 1 minute in the second half of the divided minutes, he or she will be marked present all day.

Merge Attendance Rosters

Multiple rosters may be merged together, allowing the teacher to post attendance from one single list of students from multiple courses. Only classes that have the same Teacher, Date, Day Type, Term and Period of the day will be merged.

For example, if a Special Education teacher has several classes assigned for the same period of the day, day type, term and period, all students for all classes will display as one roster, allowing the teacher to post attendance for all classes from the same screen.

To activate this option, go to **School/District | Setup**. Click the *Settings* tab. Check the *Merge Rosters for Attendance* box.

- This is a district-wide setting.

- All classes will appear on one screen as shown below. The course number will appear to the right of the student name instead of in the screen heading.

Attendance

Period Attendances

Term: Grading Period: Period: Teacher: Date:

Attendance Entry

Attendance Entry by Student

Daily Record (Tardy to School, Half Day, All Day)

To enter/edit an attendance record for a student, go to **Students | Student Maintenance**. Select to view the student. Click the **Attendance** option under the *Manage* menu at left.

All existing daily absence records will display (*Tardy, Half Day, All Day*) along with the total membership days, days present and percentage and the total number of unexcused and excused absences and tardies.

Create Cancel

- **Reason:** Based on the absence level selected, a list of corresponding reasons will display along with the code and classification (*Excused, Unexcused*). Reasons are associated under **Attendance | Setup | Absence Level**. Bullet the appropriate Reason.

Add Attendance for S1001 - Adams, Amy Louise

Student Number: S1001 Student Name: Adams, Amy Louise Gender: F

*Start Date: 08/23/2010 *End Date: 08/24/2010 Homeroom: 11a Grade Level: 11

Attendance Information

*Level: All Day

Note:

Reason	Code	C	Name
<input type="radio"/> COL	E		College Visit
<input checked="" type="radio"/> Court	E		Court
<input type="radio"/> DR	E		Doctor/Dentist
<input type="radio"/> FNR	E		Funeral
<input type="radio"/> Ill	E		Ill
<input type="radio"/> NN	U		No Note
<input type="radio"/> SC	U		Skipped Class

Create Cancel

- Enter any appropriate *Note*.
- Click **Create**. The record will be saved.
- To view and/or modify the period records that correspond to the absence, click the *Period* tab.
- Make any necessary changes and click **OK** or click **Close**.

View/Edit Attendance Record

- To edit an attendance record, place a check next to the absence date and click **View** or click the absence date that appears as a blue link.
- The date may not be changed. To correct a date, the current record must be deleted and then a new record with the correct date may be added. The only items that may be edited within the record are the *Absence Level, Reason, Notes* or *Periods*.

Delete Attendance Record

To delete an attendance record, place a check next to the record and click **Delete**.

Check In/Check Out Records

Add Check In/Check Out Record

To enter a check in/out record, go to **Students | Student Maintenance**. Search for and select to view the student. Select **Attendance** under the *Manage* menu at left. Click **Check In/Out** under the *Manage* menu at left. Click **Add**.

Add Check In/Out History

Student Number: S1030 Student Name: Adams, Amy Lynn

Gender: F Grade Level: 10 Homeroom: 10c

*Date: MM/dd/yyyy ... *Time: hh:mm tt Now In Out

Level is Other

Print Admit Slip

Include Note

Include Sign-Off Table for Periods Missed

Create Cancel

Required fields are indicated with an asterisk (*). *Student Number, Name, Gender, Grade Level* and *Homeroom* may not be edited.

- ***Date:** The current date will appear by default. Enter the correct date if applicable or click on the  button to browse for the date.
- ***Time:** Enter the time of the check in/out.
- **In/Out:** In is selected by default. Select in or out as needed.
- **Level Is Other:** Check if this is a check in/out record that should not affect the student's ADA/ADM if the check in/out record results in a half or whole day absence.
- ***Reason:** Select the reason from the list available.
- **Administrator:** Click **Find** to search for the staff member responsible for recording the check in/out.
- **Note:** Enter any appropriate notes for this check in/out record.
- **Print Admit Slip:** To print an admit slip for the student, check this box. When the **Create** button is selected, the record will be saved and an Admit Slip report will be generated to the screen. Users may then select to print the report.
 - **Include Note:** Check to include the check in/out note on the report.

- **Include Sign-Off Table For Periods Missed:** Check to include a line next to each period missed. Teachers may then sign the admit slip next to the appropriate line and the admit slip may be turned back in to the office.

Period(s) Missed:			
<u>Period</u>	<u>Section</u>	<u>Course</u>	<u>Teacher Initials</u>
Period 1	109.1	English 11	_____
Period 2	800.1	PE	_____

Click **Create** to save the record.

View/Edit Check In/Check Out Record

To view/edit a check in/out record, place a check next to the check in/out type and click **View** or click the absence date which appears as a blue link.

Note: An Admit Slip may be printed after the record has been created. Click to **View** the record and check the **Print Admit Slip** box to print the report to the screen.

Delete Check In/Check Out Record

To delete a check in/out record, place a check next to the record and click **Delete**.

Period Absences

Add Period Absence Record

To enter a period absence record, go to **Students | Student Maintenance**. Search for and select to view the student. Select **Attendance** under the *Manage* menu at left. Click **Period Absences** under the *Manage* menu at left.

Required fields are indicated with an asterisk (*). *Student Number, Name, Gender, Homeroom* and *Grade Level* may not be edited.

Add Period Absence for S1001 - Adams, Amy L...

- Enter the absence criteria.
 - ***Date:** The current date will appear by default. Enter the correct date if applicable or click on the  button to browse for the date.
 - ***Reason:** Select the reason from the list available.
 - **Administrator:** Click **Find** to search for the staff member responsible for recording the check in/out.
 - **Note:** Enter any appropriate notes for this check in/out record.
- Click **Continue**. A list of students with check ins/outs for the selected date will display.
- To mark additional students absent, click **Add**.
- Enter the search criteria to narrow the list of student who may be selected as absent (ex.: *Grade Level*).
- Click **Search**. A list of students matching the criteria entered will display.
- Place a check next to each student to be marked with the selected Date and Reason.
- Click **Next**.
- Confirm the *Date*.
- Enter the time.
- Select if this is a check in or out.
- Confirm the *Reason*, *Administrator* and *Notes*.
- Click **Create**.
- The student will be added to the list of students with a check in and/or out for the selected date.
- Continue adding students.

Note: Records may also be viewed/edited or deleted. To view/edit a record, please check next to the Student Number and click **View** or click the Student Number which appears as a blue link.

To delete an absence record, place a check next to the Student Number and click **Delete**.

Click **Close** when finished.

Reports

The following section provides information about reports found under the **Attendance | Reports** menu. Required fields are indicated with an asterisk (*).

- Attendance detail may also be used when calculating Honor Roll or Student Eligibility. See the *InformationNOW – Grading Quick Reference Guide* for details concerning these reports.
- Attendance detail may also be included in the student's *Report Card, Transcript, Comprehensive Progress Report or Standard Report Cards*.

ADA/ADM Report

The *ADA/ADM (Average Daily Attendance/Average Daily Membership)* Report prints a listing by student including the student's last enrollment and withdrawn date if applicable, the membership days, days present, days absent, percent absent and tardies for the selected date range. Also includes totals by grade level.

Options include the ability to include withdrawn students, to give totals for those indicated as migrant, breakdown by ethnicity, breakdown by lunch (free, reduced) or to print summaries only.

- **Student Filter**: To generate the report for a select group of students, select the filter from the available list.
- **Identifier To Print**: Select the student ID (*Alternate Student Number, Social Security Number, State ID Number or Student Number*) to print on the report when printing detail.
- ***Start/End Date**: Enter the start and end date for the report.
- ***Lunch Programs To Include**: Select the lunch status codes to be included if the Lunch Program Breakdown option is selected.

Note: All students (or those in the selected filter) will be included in the ADA/ADM report, regardless of the lunch code selected. The purpose of selecting a lunch code is only to determine which lunch codes will be included in the Lunch Program Breakdown if included in the report.

- ***Migrant Family Status To Include**: Select the migrant family status codes to be included if the Migrant Family Breakdown option is selected.

Note: All students (or those in the selected filter) will be included in the ADA/ADM report, regardless of the migrant family status selected. The purpose of selecting a migrant family status is only to determine which migrant family status codes will be included in the Migrant Family Breakdown if included in the report.

- ***Absences Reasons To Include**: Click the drop list and select **Excused** to automatically select all the excused reason codes from the list below. Select **Unexcused** to only select all of the unexcused reasons from the list below. Alternately, the user may individually check the absence reason codes to include in the absence reason list.
- ***Homeroom To Include**: Select the homerooms to be included in the report or select **---All---**.
- **School Program Membership**: Select to **Exclude, Ignore** or **Include** students within one or more School Program.
 - **Exclude**: Excludes members from the selected school program(s) from the report. No school program breakdowns will be included. However, the membership numbers will be affected based on the selected school program(s).
 - **Ignore**: Includes students regardless of their participation in school program(s). No school program breakdown is included in the report.
 - **Include**: Includes a separate ADA/ADM totals for students who participate in one or more of the selected program(s).

Note: School Program start and end dates are considered when calculating ADA/ADM totals. For example, if the report is generated for August through December but an included program has a start/end date for the month of September, only ADA/ADM totals for the month of September will be included on the report in the School Program ADA/ADM breakdown. If the student is enrolled in more than one selected school program, then membership for that student is reported for each school program.

- ***Order By**: Select to order the report by student's *Display Name, Grade Level, Homeroom, Gender* or *Student Identifier* (Identifier to Print).
- **Include Withdrawn Students**: Check if currently withdrawn students are to be included in the report.
- **Show Summaries Only**: Check to include only a summary of *Days Present, Days Absent, Membership Days, ADM/ ADA* and *Percent ADA* instead of individual student detail.
- **Breakdown**:

- **Race Breakdown:** Check to include a breakdown of *ADA/ADM, Membership Days, Days Present* and *Days Absent by Gender and Race*.
- **Migrant Family Breakdown:** Check to include a breakdown of *ADA/ADM, Membership Days, Days Present* and *Days Absent by Gender and Migrant Family Status*.
- **Lunch Program Breakdown:** Check to include a breakdown of *ADA/ADM, Membership Days, Days Present* and *Days Absent by Gender and Lunch Program Code* (ex.: *Free, Reduced*).
- **Working Filter:** For details concerning the *Working Filter* option, please refer to the *InformationNOW – Filters Quick Reference Guide* which is available from the STI Support Web site at <http://support.sti-k12.com>.
- **Format:** Select the desired format for the report – *Acrobat (PDF) file, CSV (comma delimited), Excel, HTML, TIFF file* or *XML file* with report data. To save this as the default report option for this user, check the *Save As Default* box.

ADA/ADM By Hours Report

The *ADA/ADM By Hours (Average Daily Attendance/Average Daily Membership)* Report prints a listing by student including the student's last enrollment and withdrawn date if applicable, the membership hours, hours present, hours absent, percent absent and tardies for the selected date range.

Options include the ability to include withdrawn students, to give totals for those indicated as migrant, breakdown by ethnicity, breakdown by lunch (free, reduced) or to print summaries only.

- **Student Filter:** To generate the report for a select group of students, select the filter from the available list.
- ***Group By:** Select whether to group by *Grade Level, Homeroom*, or no group, which will print in alphabetical order.
- ***ID To Print:** Select the student ID (*Student ID, State ID Number, Alternate Student Number, Social Security Number* or *None*) to print on the report when printing detail.

- **Start/End Date:** Enter the range of dates to be included on the report.
- **Period Absences:** Check to include the individual period absence detail for the student.
- **Reason Totals:** Check to include the totals by absence reason and by student on the report.
- **Check In/Out:** Check to include the check in or out detail for the student.
- **Unlisted Information:** Check to include the phone or address information of the student even if it has been marked as unlisted.
- **Notes:** Check to include any notes that have been entered on the student's daily absence record.
- **Withdrawn Students:** Select to include currently withdrawn students.
- ***Absences Reasons:** Select Excused to automatically select all the excused reason codes from the list below. Select Unexcused to only select all of the unexcused reasons from the list below. Alternately, the user may individually check the absence reason codes to include in the absence reason list.
- ***Terms:** Select **---All---** to print attendance detail for the entire academic session or select the term. Use *Ctrl+click* or *Shift+click* to select multiple terms.
- **Working Filter:** For details concerning the *Working Filter* option, please refer to the *InformationNOW – Filters Quick Reference Guide*, available from the STI Support Web site at <http://support.sti-k12.com>.
- **Format:** Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Check In/Out Report

The *Check In/Out* Report generates a list of students with a check in and/or out record for the selected date range.

Options include the ability to separate check ins from check outs and to include student photograph.

- **Start/End Date:** Enter the start and end date for the report.
- ***Order By:** Select the order for the report – *Check In/Out Date*, *Student Display Name* or *Student Number*.
- ***Group By:** Select whether to group by *Grade Level*, *Homeroom*, or no group which will print in alphabetical order.
- ***Category:** Select to print for *Excused*, *Unexcused* or *Both* absence types.
- **Separate Check Ins/Out:** Check to separate the check ins from the check outs on the report.
- **Include Student Photograph:** Check to include the student's photograph on the report if on file.

- **Format:** Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Cumulative Absence Report

The *Cumulative Absence Report* generates a list of students who have met a level of absences and/or tardies either *Equal To*, *Less Than Or Equal To* or *Greater Than Or Equal To* a specified number.

Options include the ability to include consecutive absences only or to include the student photograph.

- **Student Filter:** To generate the report for a select group of students, select the filter from the available list.
- ***Order By:** Select the order for the report –*Student Display Name* or *Student Number*. This field is only active if user selects to group by *No Grouping*.
- ***Group By:** Select whether to group by *Grade Level*, *Homeroom*, *Ethnicity* or *No Grouping* which will print in alphabetical order.
- ***Absences Reasons:** Select *Excused* to automatically select all the excused reason codes from the list below. Select *Unexcused* to only select all of the unexcused reasons from the list below. Alternately, the user may individually check the absence reason codes to include in the absence reason list.
- **Start/End Date:** Enter the start and end date for the report.
- **Include Only Students With Cumulative:**
 - **Absences:** Select *Equal To*, *Greater Than or Equal To* \geq or *Less Than or Equal To* \leq .
 - **Absences Value:** Enter the value in a decimal format (ex.: 1.0).
 - **Tardies:** Select *Equal To*, *Greater Than or Equal To* \geq or *Less Than or Equal To* \leq .
 - **Tardies Value:** Enter the value in a decimal format (ex.: 1.0).
- **Include Student Photograph:** Check to include the student’s photograph on the report if on file.
- **Include Consecutive Absences Only:** Check to generate a report only for students whose absences which meet the criteria occurred on consecutive school days.

- **Race/Gender Breakdown:** Check to include a breakdown by both race and gender on the report.
- **Working Filter:** For details concerning the *Working Filter* option, please refer to the *InformationNOW – Filters Quick Reference Guide*, which is available from the STI Support Web site at <http://support.sti-k12.com/>.
- **Format:** Select the desired format for the report – Acrobat (*PDF*) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Daily Absence Listing

The *Daily Absence Listing* is a report of students with a daily absence record (*Tardy*, *Half Day* or *All Day*) for a specified date.

Options include the ability to include absence notes and include unlisted phone numbers and addresses.

Code	C	Reason
COL	E	College Visit
Court	E	Court
DR	E	Doctor/Dentist

- **Student Filter:** To generate the report for a select group of students, select the filter from the available list.
- ***Group By:** Select whether to group by *Grade Level*, *Homeroom* or *No Grouping* which will print in alphabetical order.
- ***Absences Reasons:** Select Excused to automatically select all the excused reason codes from the list below. Select Unexcused to only select all of the unexcused reasons from the list below. Alternately, the user may individually check the absence reason codes to include in the absence reason list.
- **Date:** Enter the date for the report.
- ***ID To Print:** Select the student ID (*Student ID*, *State ID Number*, *Alternate Student Number*, *Social Security Number* or *None*) to print on the report when printing detail.
- **Absence Levels:** Select the absence levels (tardy, half day) to include in the report.
- **Include Absence Note:** Check to include notes that have been entered on the student’s daily absence record.
- **Include Unlisted Information:** Check to include the phone or address information of the student even if it has been marked as unlisted.
- **Guardian Information:** Check to include guardian information on the report including name, relationship and phone number.

- **Working Filter:** For details concerning the *Working Filter* option, please refer to the *InformationNOW – Filters Quick Reference Guide* which is available from the STI Support Web site at <http://support.sti-k12.com>.
- **Format:** Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Perfect Attendance List

The *Perfect Attendance List* is a report of students without daily absence records (*Tardy*, *Half Day* or *All Day*) for a specified date range.

Options include the ability to include unlisted phone numbers and addresses as well as student photographs and to ignore tardies.

<input type="checkbox"/>	Code	C	Reason
<input type="checkbox"/>	COL	E	College Visit
<input type="checkbox"/>	Court	E	Court
<input type="checkbox"/>	DR	E	Doctor/Dentist
<input type="checkbox"/>	FNR	E	Funeral
<input type="checkbox"/>	II	E	II
<input type="checkbox"/>	NN	II	No Note

- **Student Filter:** To generate the report for a select group of students, select the filter from the available list.
- **Start/End Date:** Enter the start and end date for the report.

Alternately, the user may individually check the absence reason codes to include in the absence reason list.
- **Start/End Date:** Enter the start and end date for the report.
- **Include Only Students with Period:** Only students with period absences matching the selection here will be included on the report.
 - **Absences:** Select *Equal To*, *Greater Than or Equal To* \geq , or *Less Than or Equal To* \leq and enter the number of period absences.
 - **Tardies:** Select *Equal To*, *Greater Than or Equal To* \geq , or *Less Than or Equal To* \leq and enter the number of period tardies.
 - **Where:** Select to include students where *Absence/Tardy value is met by the sum total for all periods* or *Absence/Tardy value is met by any period*.
- **Tardies:** Check to include tardies on the report.
- **Totals Only:** Check to print only totals instead of individual period detail.
- **Days Met:** Check to include details regarding day met (*A Day*, *B Day*).

- **Student Schedule**: Check to print the student’s schedule on the report.
- **Unlisted Information**: Check to include the phone or address information of the student even if it has been marked as unlisted.
- **Student Photograph**: Check to include the student’s photograph on the report if on file.
- **Withdrawn Students**: Select to include currently withdrawn students.
- **Working Filter**: For details concerning the *Working Filter* option, please refer to the *InformationNOW – Filters* Quick Reference Guide which is available from the STI Support Web site at <http://support.sti-k12.com>.
- **Format**: Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Unposted Attendance Report

Unposted Attendance is a report of teachers who have not yet posted attendance for the selected date and period.

Options include the ability to print the posted attendance information.

- **Date**: Enter the date to be checked for unposted attendance.
- **Period**: Select the period to be checked for unposted attendance.
- **Posted Attendance**: Check to include posted attendance detail.
- **Format**: Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.

Attendance Calendar Report

The *Attendance Calendar Report* is a report of the calendar that has been entered under **School/District | School** from the school's *Acad. Session* tab.

The screenshot shows a dialog box titled "Attendance Calendar Report". It has a "Criteria" section with "Start Date:" and "End Date:" fields, each with a calendar icon. Below this is a checked checkbox for "Include Exception Calendars" and a list of "Exception Calendars" with "5th Year Senior - MWF" selected. An "Include" section has checkboxes for "Non-School Days" and "Description". A "Format:" dropdown is set to "HTML" with a "Save as Default" checkbox. "Preview" and "Close" buttons are at the bottom.

- **Start/End Date:** Enter the starting and ending dates to include on the report.
- **Include Exception Calendars:** Check to include details regarding exception calendars that have been created with dates within the specified date range. If selected, choose the exception calendars to include or select **All**.
- **Include Non-School Days:** Check to include days that have not been marked as *In School* in the report.
- **Include Description:** Check to include the description that was entered for the day in the report.
- **Format:** Select the desired format for the report – *Acrobat* (PDF) file, *CSV* (comma delimited), *Excel*, *HTML*, *TIFF* file, *XML* file with report data. To save this as the default report option for this user, check the *Save As Default* box.
