Introduction

AdvancED's Self Assessment (SA) diagnostic is based on the AdvancED Standards of Quality, which serves as the foundation of the accreditation and continuous improvement process. The SA is a valuable tool for collaboratively engaging staff members and stakeholders in purposeful, honest dialogue and reflection to assess the institution's adherence to the Standards, and guide its continuous improvement efforts. The SA includes the institution's self-ratings of and the evidence cited for each of the indicators, comments that explain the indicator's ratings and an overall narrative for each Standard. The results of the SA are reviewed by the External Review Team as one essential component of the preparation process for the institution's External Review.

Standard 1: Purpose and Direction

The school maintains and communicates a purpose and direction that commit to high expectations for learning as well as shared values and beliefs about teaching and learning.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
1.1	The school engages in a systematic, inclusive, and comprehensive process to review, revise, and communicate a school purpose for student success.	The school has a process for review, revision, and communication of its purpose. The process has been implemented. The process includes participation by representatives from stakeholder groups. The purpose statement focuses primarily on student success.	•Survey results •Examples of communications to stakeholders about the school's purpose (i.e. website, newsletters, annual report, student handbook) •Minutes from meetings related to development of the school's purpose •Documentation or description of the process for creating the school's purpose including the role of stakeholders	Level 2

Indicator	Statement or Question	Response	Evidence	Rating
1.2	The school's leadership and staff commit to a culture that is based on shared values and beliefs about teaching and learning and supports challenging, equitable educational programs and learning experiences for all students that include achievement of learning, thinking, and life skills.	Commitment to shared values and beliefs about teaching and learning is evident in documentation and decision making. This commitment is regularly reflected in communication among leaders and staff. Challenging educational programs and equitable learning experiences are implemented so that all students achieve learning, thinking, and life skills necessary for success. Evidence indicates a commitment to instructional practices that include active student engagement, a focus on depth of understanding, and the application of knowledge and skills. School leadership and staff share high expectations for professional practice.	•Agendas and/or minutes that reference a commitment to the components of the school's statement of purpose •Survey results •The school's statement of purpose •The ELEOT Observation Tool, Close Read Professional Development and 5 Practices (Mathematics Problem Solving) Professional Development	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
1.3	The school's leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning.	School leaders require the use of a documented, systematic continuous improvement process for improving student learning and the conditions that support learning. All stakeholder groups work collaboratively and consistently in authentic and meaningful ways that build and sustain ownership of the school's purpose and direction. School personnel systematically maintain, use, and communicate a profile with current and comprehensive data on student and school performance. The profile contains thorough analyses of a broad range of data used to identify goals for the improvement of achievement and instruction that are aligned with the school's purpose. All improvement goals have measurable performance targets. The process includes action planning that identifies measurable objectives, strategies, activities, resources, and timelines for achieving all improvement goals. School personnel hold one another accountable for and evaluate the overall quality of the implementation of all interventions and strategies. The process is reviewed and evaluated regularly. Documentation that the process is implemented with fidelity and yields improved student achievement and instruction is available and communicated to stakeholders.	•Survey results •The school data profile •Agenda, minutes from continuous improvement planning meetings •Communication plan and artifacts that show two-way communication to staff and stakeholders •The school continuous improvement plan •ACIP Review PowerPoint, ACIP Review Minutes/Notes and Data Presentations to Parents and Teachers	Level 4

Reflect upon your responses to each of the indicators and performance levels by considering and responding to the following questions when drafting your narrative response. Use language from the performance level descriptions to guide your writing. Cite sources of evidence External Review team members may be interested in reviewing.

The strengths identified in Standard One include the school's engagement in a comprehensive and systematic process to review and revise the school's purpose; a shared value and beliefs system; a commitment to an equitable and challenging educational program; and instructional practices that are reviewed to ensure continuous improvement. The areas of strengths are evidenced through the following documentation: Minutes from meetings related to the development of the school's purpose; communications to stakeholders which include the school website, newsletters, Annual Title I Meeting, as well as other parent meetings; quarterly ACIP review documentation, Quarterly PowerPoint Data presentations to keep stakeholders abreast of the school's progress, timely and targeted professional development to ensure school improvement which include Close Reads and the 5 Practices (math); and regular observations using the ELEOT Observation Tool and informal walkthroughs to monitor teaching and learning. In order to sustain the areas of strength, the school will continue to monitor, review and revise the school's purpose annually, as well as communicate the purpose to stakeholders through the ACIP, parent meetings, and school website. Further, quarterly reviews and weekly data meetings will be held to monitor attainment of achievement goals and to provide strategies for improvement.

Standard 2: Governance and Leadership

The school operates under governance and leadership that promote and support student performance and school effectiveness.

Overall Rating: 3.17

Indicator	Statement or Question	Response	Evidence	Rating
2.1	The governing body establishes policies and supports practices that ensure effective administration of the school.	Policies and practices support the school's purpose and direction and the effective operation of the school. Policies and practices promote effective instruction and assessment that produce equitable and challenging learning experiences for all students. There are policies and practices regarding professional growth of all staff. Policies and practices provide requirements, direction for, and oversight of fiscal management.	•Student handbooks •Governing body policies, procedures, and practices •Staff handbooks •School handbooks •Principal Observations, Data Meeting Forms, Curriculum Memos/Newsletters and Budgets	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.2	The governing body operates responsibly and functions effectively.	The governing body has a process to ensure that its decisions and actions are in accordance with defined roles and responsibilities, a code of ethics, and free of conflict of interest. Governing body members participate in a systematic, formal professional development process regarding the roles and responsibilities of the governing body and its individual members. The governing body complies with all policies, procedures, laws, and regulations and functions as a cohesive unit.	•Communication plan to inform all staff on code of ethics, responsibilities, conflict of interest •Assurances, certifications •Communications about program regulations •Memos, Agendas and Artifacts	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.3	The governing body ensures that the school leadership has the autonomy to meet goals for achievement and instruction and to manage day-to-day operations effectively.	The governing body protects, supports, and respects the autonomy of school leadership to accomplish goals for improvement in student learning and instruction and to manage day-to-day operations of the school. The governing body maintains a distinction between its roles and responsibilities and those of school leadership.	•School improvement plan developed by the school •Stakeholder input and feedback •Maintenance of consistent academic oversight, planning, and resource allocation •Communications regarding board actions •Agendas and minutes of meetings	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.4	Leadership and staff foster a culture consistent with the school's purpose and direction.	Leaders and staff deliberately and consistently align their decisions and actions toward continuous improvement to achieve the school's purpose. They encourage, support, and expect all students to be held to high standards in all courses of study. All stakeholders are collectively accountable for student learning. School leaders actively and consistently support and encourage innovation, collaboration, shared leadership, and rigorous professional growth. The culture is characterized by collaboration and a sense of community among all stakeholders.	•Examples of collaboration and shared leadership •Survey results •Examples of decisions aligned with the school's statement of purpose •Examples of decisions in support of the school's continuous improvement plan	Level 4

Indicator	Statement or Question	Response	Evidence	Rating
2.5	Leadership engages stakeholders effectively in support of the school's purpose and direction.	Leaders communicate effectively with appropriate and varied representatives from stakeholder groups, provide opportunities for stakeholders to shape decisions, solicit feedback and respond to stakeholders, work collaboratively on school improvement efforts, and provide and support meaningful leadership roles for stakeholders. School leaders' efforts result in measurable, active stakeholder participation; engagement in the school; a sense of community; and ownership.	•Minutes from meetings with stakeholders •Copies of surveys or screen shots from online surveys •Survey responses •Involvement of stakeholders in a school improvement plan •Communication plan	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.6	Leadership and staff supervision and evaluation processes result in improved professional practice and student success.	The focus of the criteria and processes of supervision and evaluation is improving professional practice and improving student success. Supervision and evaluation processes are regularly implemented. The results of the supervision and evaluation processes are used to monitor and effectively adjust professional practice and improve student learning.	•Examples of professional development offerings and plans tied specifically to the results from supervision and evaluation •Supervision and evaluation documents with criteria for improving professional practice and student success noted	Level 3

Reflect upon your responses to each of the indicators and performance levels by considering and responding to the following questions when drafting your narrative response. Use language from the performance level descriptions to guide your writing. Cite sources of evidence External Review team members may be interested in reviewing.

Areas of strengths for Standard Two include governance and leadership that provide policies and practices to ensure the effective functioning of the local school; clearly defined roles of responsibilities that adhere to a code of ethics; a delineation between the role of the LEA and local school authority; a culture of high expectations; and a student achievement driven school purpose that is communicated to stakeholders. The areas of strengths are evidenced by artifacts which include the school handbooks; communications regarding School Board Actions; memos and agendas concerning policies and procedures, regular oversight documentation of local school by LEA; examples of collaboration and shared leadership; minutes of meetings with stakeholders; targeted professional development as a result of evaluation documentation and students' achievement data; data analysis documentation; and school leaders' observations of the educational program. The areas of

strength will be sustained through continuous school improvement efforts which are guided with assistance from the LEA. Most significant of these efforts will be the ACIP and Quarterly Reviews. The school will continue to align professional development to its Needs Assessment and adjust accordingly during quarterly reviews. Goals and strategies will be aligned to the school's purpose and direction and communicated to stakeholders.

Standard 3: Teaching and Assessing for Learning

The school's curriculum, instructional design, and assessment practices guide and ensure teacher effectiveness and student learning.

Overall Rating: 2.92

Indicator	Statement or Question	Response	Evidence	Rating
3.1	The school's curriculum provides equitable and challenging learning experiences that ensure all students have sufficient opportunities to develop learning, thinking, and life skills that lead to success at the next level.	Curriculum and learning experiences in each course/class provide all students with challenging and equitable opportunities to develop learning skills, thinking skills, and life skills. There is some evidence to indicate curriculum and learning experiences prepare students for success at the next level. Like courses/classes have equivalent learning expectations. Some learning activities are individualized for each student in a way that supports achievement of expectations.	•Survey results •Lesson plans •Posted learning objectives •Descriptions of instructional techniques	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.2	Curriculum, instruction, and assessment are monitored and adjusted systematically in response to data from multiple assessments of student learning and an examination of professional practice.	Using data from student assessments and an examination of professional practice, school personnel monitor and adjust curriculum, instruction, and assessment to ensure vertical and horizontal alignment and alignment with the school's goals for achievement and instruction and statement of purpose. There is a process in place to ensure alignment each time curriculum, instruction, and/or assessments are reviewed or revised. The continuous improvement process ensures that vertical and horizontal alignment as well as alignment with the school's purpose are maintained and enhanced in curriculum, instruction, and assessment.	•Curriculum guides •Common assessments •Surveys results •Curriculum writing process •Lesson plans aligned to the curriculum	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.3	Teachers engage students in their learning through instructional strategies that ensure achievement of learning expectations.	Teachers plan and use instructional strategies that require student collaboration, self-reflection, and development of critical thinking skills. Teachers personalize instructional strategies and interventions to address individual learning needs of students when necessary. Teachers use instructional strategies that require students to apply knowledge and skills, integrate content and skills with other disciplines, and use technologies as instructional resources and learning tools.	•Professional development focused on these strategies •Examples of teacher use of technology as an instructional resource •Examples of student use of technology as a learning tool •Student work demonstrating the application of knowledge •Findings from supervisor walk-thrus and observations •Surveys results •Interdisciplinary projects	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.4	School leaders monitor and support the improvement of instructional practices of teachers to ensure student success.	School leaders formally and consistently monitor instructional practices through supervision and evaluation procedures to ensure that they 1) are aligned with the school's values and beliefs about teaching and learning, 2) are teaching the approved curriculum, 3) are directly engaged with all students in the oversight of their learning, and 4) use content-specific standards of professional practice.	•Documentation of collection of lesson plans and grade books •Peer or mentoring opportunities and interactions •Surveys results •Administrative classroom observation protocols and logs	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.5	Teachers participate in collaborative learning communities to improve instruction and student learning.	All members of the school staff participate in collaborative learning communities that meet both informally and formally. Collaboration often occurs across grade levels and content areas. Staff members have been trained to implement a formal process that promotes discussion about student learning. Learning from, using, and discussing the results of inquiry practices such as action research, the examination of student work, reflection, study teams, and peer coaching occur regularly among most school personnel. School personnel indicate that collaboration causes improvement results in instructional practice and student performance.	•Common language, protocols and reporting tools •Agendas and minutes of collaborative learning committees •Calendar/schedule of learning community meetings •Survey results •Peer coaching guidelines and procedures •Examples of improvements to content and instructional practice resulting from collaboration	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.6	Teachers implement the school's instructional process in support of student learning.	All teachers use an instructional process that informs students of learning expectations and standards of performance. Exemplars are often provided to guide and inform students. The process includes multiple measures, including formative assessments, to inform the ongoing modification of instruction and provide data for possible curriculum revision. The process provides students with specific and timely feedback about their learning.	•Examples of learning expectations and standards of performance •Survey results •Samples of exemplars used to guide and inform student learning	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.7	Mentoring, coaching, and induction programs support instructional improvement consistent with the school's values and beliefs about teaching and learning.	School personnel are engaged in mentoring, coaching, and induction programs that are consistent with the school's values and beliefs about teaching, learning, and the conditions that support learning. These programs set expectations for all school personnel and include measures of performance.	•Records of meetings and walk thrus/feedback sessions •Survey results •Descriptions and schedules of mentoring, coaching, and induction programs with references to school beliefs and values about teaching and learning	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.8	The school engages families in meaningful ways in their children's education and keeps them informed of their children's learning progress.	Programs that engage families in meaningful ways in their children's education are designed and implemented. School personnel regularly inform families of their children's learning progress.	•Survey results •Volunteer program with variety of options for participation •List of varied activities and communications modes with families, e.g., info portal, online, newsletters, parent centers, academic nights, open house, early release days •Parental/family/caregiver involvement plan including activities, timeframes, and evaluation process	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.9	The school has a formal structure whereby each student is well known by at least one adult advocate in the school who supports that student's educational experience.	School personnel participate in a structure that gives them interaction with individual students, allowing them to build relationships over time with the student. Most students participate in the structure. The structure allows the school employee to gain insight into the student's needs regarding learning skills, thinking skills, and life skills.	•List of students matched to adult advocate •Description of formal adult advocate structures	Level 2

Indicator	Statement or Question	Response	Evidence	Rating
3.10	Grading and reporting are based on clearly defined criteria that represent the attainment of content knowledge and skills and are consistent across grade levels and courses.	Teachers use common grading and reporting policies, processes, and procedures based on clearly defined criteria that represent each student's attainment of content knowledge and skills. These policies, processes, and procedures are implemented consistently across grade levels and courses. Stakeholders are aware of the policies, processes, and procedures. The policies, processes, and procedures are regularly evaluated.	•Survey results •Sample report cards for each grade level and for all courses •Policies, processes, and procedures on grading and reporting	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.11	All staff members participate in a continuous program of professional learning.	All staff members participate in a continuous program of professional learning that is aligned with the school's purpose and direction. Professional development is based on an assessment of needs of the school. The program builds capacity among all professional and support staff. The program is systematically evaluated for effectiveness in improving instruction, student learning, and the conditions that support learning.	•Survey results •Brief explanation of alignment between professional learning and identified needs •Crosswalk between professional learning and school purpose and direction	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
3.12	The school provides and coordinates learning support services to meet the unique learning needs of students.	School personnel use data to identify unique learning needs of all students at all levels of proficiency as well as other learning needs (such as second languages). School personnel stay current on research related to unique characteristics of learning (such as learning styles, multiple intelligences, personality type indicators) and provide or coordinate related learning support services to all students.	•Survey results •List of learning support services and student population served by such services •Training and professional learning related to research on unique characteristics of learning	Level 3

Areas of strength for Standard Three include a viable and challenging curriculum that is accessible by all students; systematic monitoring of curriculum, instruction, and assessments; effective implementation of instructional strategies; support for novice teachers and others who are in need; on-going targeted professional development; engagement of families in the educational program; and protocol for common grading practices and reporting to parents. The areas of strength are evidenced through the following: Common lesson plans using College and Career Ready Standards; common assessments (EQT's and CFA's); use of curriculum guides provided by LEA; effective instructional techniques which include the cycle of instruction and tiered instruction; Close Reads and the 5 Practices; one-to-one student technology use; minutes from collaborative learning committees; targeted professional development; peer mentoring opportunities; use of exemplars based on CCRS; administrative observations of teaching and learning; and data showing improvement in student achievement as a result of instructional practices. In order to maintain areas of strength the school will continue to monitor curriculum, instruction, and assessments as related to alignment with student achievement during weekly data meetings and quarterly ACIP reviews. Professional development will be provided as needed to support staff in this endeavor. School leaders will continue to monitor attainment of school goals through regular observations and collaborations with faculty. The area in need of improvement includes the development of a formal school mentoring program that tracks interactions with individual students that does not include those efforts led by the counselor and Family Intervention Team (F.I.T. Program). The school will re-adopt a formal process of the mentoring efforts of its staff. Documentation will be maintained.

Standard 4: Resources and Support Systems

The school has resources and provides services that support its purpose and direction to ensure success for all students.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
4.1	Qualified professional and support staff are sufficient in number to fulfill their roles and responsibilities necessary to support the school's purpose, direction, and the educational program.	Policies, processes, and procedures ensure that school leaders have access to, hire, place, and retain qualified professional and support staff. School leaders systematically determine the number of personnel necessary to fill all the roles and responsibilities necessary to support the school purpose, educational programs, and continuous improvement. Sustained fiscal resources are available to fund positions critical to achieve the purpose and direction of the school.	•School budgets for the last three years •Survey results •Policies, processes, procedures and other documentation related to the hiring, placement and retention of professional and support staff •Documentation of highly qualified staff	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.2	Instructional time, material resources, and fiscal resources are sufficient to support the purpose and direction of the school.	Instructional time, material resources, and fiscal resources are focused on supporting the purpose and direction of the school. Instructional time is protected in policy and practice. School leaders work to secure material and fiscal resources to meet the needs of all students. School leaders demonstrate that instructional time, material resources, and fiscal resources are allocated so that all students have equitable opportunities to attain challenging learning expectations. Efforts toward the continuous improvement of instruction and operations include achieving the school's purpose and direction.	•Examples of efforts of school leaders to secure necessary material and fiscal resources •Survey results •School schedule •Alignment of budget with school purpose and direction •School calendar	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.3	The school maintains facilities, services, and equipment to provide a safe, clean, and healthy environment for all students and staff.	School leaders have adopted or created clear expectations for maintaining safety, cleanliness, and a healthy environment and have shared these definitions and expectations with stakeholders. School personnel and students are accountable for maintaining these expectations. Measures are in place that allow for continuous tracking of these conditions. Improvement plans are developed and implemented by appropriate personnel as necessary to improve these conditions. Results of improvement efforts are evaluated.	•Survey results •Documentation of compliance with local and state inspections requirements •Documentation of emergency procedures such as fire drills, evacuation and other emergency procedures. •System for maintenance requests	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.4	Students and school personnel use a range of media and information resources to support the school's educational programs.	Students and school personnel have access to media and information resources necessary to achieve the educational programs of the school. Qualified personnel are available to assist students and school personnel in learning about the tools and locations for finding and retrieving information.	•Budget related to media and information resource acquisition •Survey results •Data on media and information resources available to students and staff	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.5	The technology infrastructure supports the school's teaching, learning, and operational needs.	The technology infrastructure meets the teaching, learning, and operational needs of all stakeholders. School personnel develop and administer needs assessments and use the resulting data to develop and implement a technology plan to improve technology services and infrastructure.	•Technology plan and budget to improve technology services and infrastructure •Survey results •Policies relative to technology use	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.6	The school provides support services to meet the physical, social, and emotional needs of the student population being served.	School personnel implement a process to determine the physical, social, and emotional needs of each student in the school. School personnel provide or coordinate programs to meet the needs of students as necessary. Measures of program effectiveness are in place, and school personnel use the data from these measures to evaluate all programs. Improvement plans related to these programs are designed and implemented when needed to more effectively meet the needs of students.	•Agreements with school community agencies for student-family support •Survey results •Schedule of family services, e.g., parent classes, survival skills •Social classes and services, e.g., bullying, character education •List of support services available to students	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
4.7	The school provides services that support the counseling, assessment, referral, educational, and career planning needs of all students.	School personnel implement a process to determine the counseling, assessment, referral, educational, and career planning needs of all students. School personnel provide or coordinate programs necessary to meet the needs of students whenever possible. Measures of program effectiveness are in place, and school personnel use the data from these measures to evaluate all programs. Improvement plans related to these programs are designed and implemented when needed to more effectively meet the needs of students.	•List of services available related to counseling, assessment, referral, educational, and career planning •Survey results •Description of IEP process •Description of referral process	Level 3

Strengths identified in Standard Four include structures that allow for the recruitment and retention of qualified professional and support staff; allotted instructional time, resources, and fiscal resources to effectively implement the instructional program to achieve the school's purpose; a physical environment that is conducive to learning; access to adequate media and information resources; a technology infrastructure that is able to support the technology needs of the school; a positive behavior support process which addresses students' behavior and academic needs; and an effective, well-rounded counseling program that meets the needs of the total child. The areas of strength are evidenced through the following: adequate one-to-one technology for students' use; a weekly character program to meet students' physical, social, and emotional needs, a Problem Solving Team (PST) which determines students' needs as related to counseling, assessment, referral, community resources; artifacts such as calendars and schedules to support the instructional program; alignment of school budgets to resources acquired for instructional purposes; and documentation of maintenance of facilities and equipment to provide a safe, clean and healthy environment such as inspections, fire drills , etc. To sustain this area of strength, the school will continue recruitment efforts to attract highly qualified staff using the system's Soft Search Program. The school will also continue to offer support to students' PST and PBS strategies. Efforts will continue to maintain facilities, equipment, and a safe environment through inspections and monthly drills, respectively with the implementation of the aforementioned programs and strategies that have proven to be successful and adjust quarterly as needed during ACIP Reviews.

Standard 5: Using Results for Continuous Improvement

The school implements a comprehensive assessment system that generates a range of data about student learning and school effectiveness and uses the results to guide continuous improvement.

Overall Rating: 3.0

Indicator	Statement or Question	Response	Evidence	Rating
5.1	The school establishes and maintains a clearly defined and comprehensive student assessment system.	School personnel maintain and use an assessment system that produces data from multiple assessment measures, including locally developed and standardized assessments about student learning and school performance. The system ensures consistent measurement across classrooms and courses. Most assessments, especially those related to student learning, are proven reliable and bias free. The system is regularly evaluated for reliability and effectiveness in improving instruction, student learning, and the conditions that support learning.	•Documentation or description of evaluation tools/protocols •Survey results •Brief description of student assessment system including range of data produced from standardized and local assessments on student learning and school performance •Evidence that assessments are reliable and bias free	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
5.2	Professional and support staff continuously collect, analyze, and apply learning from a range of data sources, including comparison and trend data about student learning, instruction, program evaluation, and organizational conditions.	Systematic processes and procedures for collecting, analyzing, and applying learning from multiple data sources are used consistently by professional and support staff. Data sources include comparison and trend data that provide a complete picture of student learning, instruction, the effectiveness of programs, and the conditions that support learning. School personnel use data to design, implement, and evaluate continuous improvement plans to improve student learning, instruction, the effectiveness of programs, and organizational conditions.	•Survey results •Written protocols and procedures for data collection and analysis •Examples of use of data to design, implement, and evaluate continuous improvement plans and apply learning •List of data sources related to student learning, instruction, program effectiveness, and conditions that support learning	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
5.3	Professional and support staff are trained in the evaluation, interpretation, and use of data.	All professional and support staff members are assessed and trained in a rigorous professional development program related to the evaluation, interpretation, and use of data.	•Professional learning schedule specific to the use of data •Documentation of attendance and training related to data use •Survey results •Training materials specific to the evaluation, interpretation, and use of data	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
5.4	The school engages in a continuous process to determine verifiable improvement in student learning, including readiness for and success at the next level.	Policies and procedures describe a process for analyzing data that determine verifiable improvement in student learning, including readiness for and success at the next level. Results indicate improvement, and school personnel consistently use these results to design, implement, and evaluate the results of continuous improvement action plans related to student learning, including readiness for and success at the next level.	•Student surveys •Agendas, minutes of meetings related to analysis of data •Description of process for analyzing data to determine verifiable improvement in student learning •Examples of use of results to evaluate continuous improvement action plans •Evidence of student readiness for the next level •Evidence of student growth •Evidence of student success at the next level	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
5.5	Leadership monitors and communicates comprehensive information about student learning, conditions that support student learning, and the achievement of school improvement goals to stakeholders.	Leaders monitor comprehensive information about student learning, conditions that support student learning, and the achievement of school improvement goals. Leaders regularly communicate results using multiple delivery methods to all stakeholder groups.	•Communication plan regarding student learning, conditions that support learning, and achievement of school improvement goals to stakeholders •Survey results •Sample communications to stakeholders regarding student learning, conditions that support learning, and achievement of school improvement goals •School quality control procedures for monitoring information about student learning, conditions that support learning, and the achievement of school improvement goals •Executive summaries of student learning reports to stakeholder groups	Level 3

The areas of strength for Standard Five include a systematic comprehensive assessment system which includes End of Quarter Tests and

the State mandated ACT Aspire; grade level common formative assessments, STAR Reading and Math, and DIBELS. The areas of strengths are evidenced through the following: a compilation of comparison and trend data which is collected and analyzed to determine areas of strengths and need for improvement; quarterly data PowerPoint presentations shared during parent meetings; notes and actions from quarterly ACIP reviews; professional development schedule related to school and students' needs; weekly data meetings conducted to monitor academic progress; and a list of data sources used to improve student achievement. In order to maintain areas of strength, the school will continue to analyze achievement data and provide strategies for improvement. Data sources will be reviewed for reliability and alignment with College and Career Ready Standards. Staff will be trained annually to disaggregate data. Findings and results will be shared with stakeholders.
