COMPENSATION AND PAY PLAN

The Superintendent shall prepare or cause to be prepared salary schedules for school system personnel each fiscal year. The salary schedules shall be presented annually to the Board for review and approval.

Base pay for classroom teachers and those other selected, certificated individuals whose work day is spent working directly with students or whose work product solely benefits the instruction of children, shall be determined by the State of Alabama Teacher's Salary Matrix. From time to time, the State of Alabama publishes certain salary matrices for other types of employees. In those situations in which the State publishes a State Salary Matrix for a particular group of employees, the State Salary Matrix shall control.

For all other employees, including principals, assistant principals, and central office certified administrators, the Superintendent shall develop and recommend a compensation or pay plan to the Board for adoption. Changes in the plan, after initial adoption, shall be approved annually by the Board.

The compensation or pay plan is designed to provide appropriate pay for the assessed worth of system jobs. The current plan shall consist of step salary schedules for the following employee groups or pay families:

1. Teachers
2. Administrative/Professional
3. Clerical/Technical
4. Manual Trades
5. High School Principals
6. Middle School Principals
7. Elementary School Principals
8. High School Assistant Principals
9. Middle School Assistant Principals
10. Elementary School Assistant Principals
11. Occupational Therapy/Physical Therapy
12. Child Nutrition Program Managers and CNP Assistants
13. Bus Drivers
14. Bus Aides
15. Nurses

The compensation or pay plan is designed and administered to accomplish the following:

1. Stay competitive with appropriate labor markets for the various categories of jobs performed by personnel,
2. Recognize the levels of skill, effort, and responsibility required for different jobs,
3. Protect continued length of service to the Board with regard to the hiring of new employees, and
4. Fiscally control and provide cost effective guidelines.

A copy of the System's compensation or pay plan for the current year is available in the administrative offices and shall be posted on the System's Internet website.

Step Advancement: Each eligible classified employee and certified personnel not paid on the teacher's salary matrix shall advance one step on the salary schedule each budget year (currently October 1 of each year). In years in which proration is declared in the state's Educational Trust Fund, causing a reduction in funding to the System, or in years in which local education tax revenues fall below the level received in the preceding fiscal year, the Board may by unanimous vote cause step movement not to occur. Employees not paid on a state salary matrix who are not assigned to a salary schedule or who have reached the highest step on their salary schedule shall receive, every three years, a cost of living increase equal to 1.5% of their current salary contemporaneously with the step advancement of other eligible employees. In those years in which the

Board votes to cause step movement not to occur, no cost of living increase shall be granted. **Employees whose annual, summative evaluation is less than satisfactory shall not advance to the next step.**

Employees paid on a state salary schedule (the "State Salary Matrix or Schedule") shall progress automatically to the next appropriate step.

Assignment to Pay Grade: Consistent with economic and job market indicators, the Assistant Superintendent or Executive Manager of Human Resources (the pay plan administrator) shall recommend to the Superintendent the initial assignment or re-assignment of a job title to a specific pay grade and step schedule. The annual publication of the compensation or pay plan (i.e., salary schedules) shall reflect any adjustments made.

Assignment to Step within Pay Grade: The steps within each of the pay grades are compensation steps and are not based on experience credit. They are NOT experience steps. Personnel can be assigned to a compensation step based on factors other than experience. Market competitiveness for the particular position can be considered.

Salary Retention: A contract principal who is transferred voluntarily or otherwise to a school that is smaller in enrollment shall retain the same salary and compensation step as held previously until the end of the contract period. A tenured principal or assistant principal who is transferred voluntarily or otherwise in the same position to a school with a smaller enrollment shall retain the same compensation step for a period of one employment year (July 1 through June 30) or portion thereof. At the end of that period of time, the salary appropriate for the work assignment in the subsequent year shall be given.

If a principal or assistant principal is transferred, either voluntarily or otherwise to a position other than principal or assistant principal, or if he or she applies for and is recommended and approved for a central office position, the salary shall be paid on the appropriate step for the new position. Experience in the System will be a major factor in determining appropriate step placement. If the principal or assistant principal has at least ten year's administrative experience (including time spent as a supervisor in central administration, he or she may be placed on the same step as any current central office employee performing the same job functions and carrying the same job title. If he or she has between five and ten years administrative experience in the System, he or she shall be placed at least one compensation step below current central office employees performing the same job functions and carrying the same job title. Those with five years or less will be placed at least two steps below current central office employees performing the same job functions. He/She cannot be placed on a higher step than any other employee performing the same job function or carrying the same job title.

A principal who is re-assigned or voluntarily accepts a position of assistant principal will be placed on the Assistant Principal Step Salary Schedule at the same step he or she occupied as a principal. Under no circumstance, however, can he/she be placed on a step equal to or greater than any other assistant principal who has more years of experience in the System as an assistant principal or principal. If the principal had earlier been placed on a higher step as an incentive, his/her step will be reduced by the amount of the incentive to determine the appropriate step placement.

If a contract principal's contract is not renewed, and if he/she is hired in another position other than principal, he/she shall be placed on the salary schedule appropriate for the work assignment (i.e., he/she shall not retain the salary of a principal for one year.)

Supervisors and Managers: If necessary, a Principal, Supervisor or other employee in a position of management over two or more other employees shall be given a salary adjustment on the step schedule to pay at least \$1.00 more than the base of the highest paid employee managed by that Principal, Supervisor or other supervisory employee. . . . Base pay does not include supplements that are paid for employees with AA certificates and doctorates or any other supplemental pay. For purposes of the application of this section, a Principal is deemed to be the supervisor of all employees in his or her school.

New Jobs: Newly established positions or jobs approved by the Superintendent shall be analyzed and classified by the pay plan administrator and assigned to an existing job family and corresponding pay grade.

Assignment of Salaries for New Hires: The Superintendent or designee shall approve pay assignment to a step within the appropriate salary schedule for new employees in accord with state law and regulations and the following general guidelines:

- New employees with limited work experience in the job title to which they are being hired shall be placed generally at the zero (Step 0) step of the assigned step salary schedule.
- With the Superintendent's approval, new employees may be placed at any other step above Step Zero for documented programmatic reasons. In no case, however, will a new hire be placed at the highest step of the pay grade.
- Former employees, who previously left the System in good standing, and are rehired in the same position that they were in previously, may be placed on the same step that the employee was on at the time they left the System. For example, a bookkeeper who resigned in good standing at step 12, who is rehired as a bookkeeper five years later, will be placed on step 12 at the time of her rehire. Employee's that are rehired in a different position will be placed at the appropriate step for the new position. This provision will be applicable to any former employee rehired after January 1, 2012 and has no retroactive applicability. This provision applies specifically to classified employees. The Executive Manager of Human Resources shall have authority to adjust the step at which the employee is rehired as necessary to reflect changes in the salary schedule that have occurred since the respective employees left the system.

**RATES, RULES AND CONDITIONS – ADMINISTRATION OF THE
SALARY SCHEDULE**

I. Definitions:

1. “New Employee” – A current employee who is assigned to a new or different position. An employee who is new to the position.
2. “Employee New to the System” – An employee who is beginning employment in the System.
3. “Promotion” – A salary increase resulting from an employee moving from one pay grade to at least the next highest pay grade.
4. “Upgrade” – A job, job title or position that moves from its current assignment to a pay grade to the next highest pay grade.
5. “Step Raise” – Moving up one step on the appropriate salary schedule.

II. General Procedures:

A. Miscellaneous, General:

1. A new employee, a current employee receiving a promotion, or an employee new to the System shall not be paid a salary greater than the salary of his or her immediate supervisor.
2. Effective October 1, 2011, the salary of an employee who receives a promotion (moving from at least one pay grade in the same job family to a position paid at a different pay grade) will be determined by increasing the employee’s original step salary by four (4) per cent and then moving to the step in the new pay grade that is immediately higher in salary after the four percent is calculated. The Board recognizes that not all transfers between positions are promotions and in those truly lateral transfers, 4% will not be added to the person’s salary; rather, he or she will be put on the appropriate step on the new salary schedule based on the person’s prior salary. The following scenarios are considered “promotions” for the purpose of this section: (1) an increase in the length of someone’s work year (i.e. increase from 10 months to 12 months); (2) the acceptance of a supervisory position.
 - a. Notwithstanding the previous section, a Principal or Assistant Principal who is promoted to a large school will be placed on the same step that he or she currently holds on the appropriate salary schedule. Similarly, a CNP Manager who is promoted to a larger school or a school that serves a higher ADM shall be moved to the same step he or she is currently holds on the appropriate schedule for the new position.
 - b. Examples of transfers that are not considered promotions include, but are not limited to: a school based clerk accepting a different school based clerk position paid on the same salary schedule, a clerk or bus driver accepting a custodian position or vice versa, and a carpenter accepting a multi craft carpenter position.
 - c. Salary decreases associated with changes in positions (or routes for a bus driver) will be calculated by moving the employee to the same step on the appropriate salary schedule for the employee’s new position.
3. For employees not paid on a state salary matrix, the step increase shall not occur until October 1. Newly hired employees will not receive a step increase on October 1 in the same year they were hired.

4. The Division of Human Resources routinely advertises all personnel vacancies and new positions for at least 7 or 14 days as per state law. Each advertisement includes a job description and the salary range assigned to the position. It is the responsibility of an applicant to check with Human Resources, prior to applying or accepting a position, to determine the actual salary he/she would earn if hired into the position. Once an applicant accepts a position, he/she has also accepted the salary appropriate for the position.
5. Employees who are assigned to a position with a salary schedule different from their current schedule shall be placed according to the new salary schedule.

B. Classified Employees and those employees not paid on a State Salary Matrix:

1. Computing Salaries for CNP Managers – Each school year the salary of a school-based CNP manager is determined by the average daily meals served (ADM) in the school cafeteria in the immediate, preceding year (not related to the average daily membership or school-wide student attendance). Three specific salary schedules by which CNP managers are paid are included in the annual Board-approved Salary Schedule for the fiscal year which begins on October 1. Initial placement of a CNP manager on any one of these schedules is correlated to the ADM (meals) served for the school. In subsequent fiscal years, the salary of a CNP manager whose cafeteria experienced a decrease or an increase in the ADM which is outside of the current ADM ranges of the individual salary schedule will be determined by adjusting the salary to the next lowest or next highest salary schedule. This movement will occur prior to any Board-approved step increase and/or any State or local cross-the-board raises. The Superintendent reserves the right to waive a decrease in a CNP Manager salary solely in those situations in which a decrease in enrollment is directly attributable to the separation of a School District from the Mobile County Board of Education. In such a situation, the Superintendent will direct the Executive Manager of Human Resources, in writing, that the decrease in enrollment at a particular school or schools is directly attributable to a separation or proposed separation of a school or group of schools for the purpose of forming a new School System. Upon receipt of such a Directive, the Executive Manager of Human Resources will adjust, if necessary, the salary of the CNP Manager who has suffered or will suffer a decrease in salary due only to a decrease in enrollment related to the formation of a new school system. This right of the Superintendent will only be effective from July 1, 2011 forward and shall not be applied retroactively to any Principal or Assistant Principal who received a decrease or adjustment in salary due to the formation of a new school system prior to July 1, 2011 .
2. **Procedures for administration of Clerical/Technical and Manual Trades Salary Schedules.**
 - a. **General.**
 1. Twelve-month clerical/technical and manual trades employees work eight (8) hours per day and in accordance to the calendar established for the ensuing year. All ten-month classified employees work eight (8) hours per day.
 2. Time schedules for clerical/technical and manual trades personnel may be designated by the Superintendent, Human Resources, or the immediate supervisor of said personnel. In all cases, the Superintendent, Human Resources, or immediate supervisor in charge shall have the right to establish time schedules to encompass the workday excluding lunch.
3. **GUIDELINES FOR AIDES**
 - a. Bus aides work 182 days per year. They are paid according to the number of hours the bus runs. (Example: 2 hours in the morning and 2 hours in the afternoon = paid for 4 hours per day).

5. GUIDELINES FOR CNP MANAGERS

- a. The salaries of CNP managers are based on the average daily meals served.

6. GUIDELINES FOR BUS DRIVERS

7. GUIDELINES FOR BEFORE AND AFTER SCHOOL DAY CARE WORKERS

- a. A pay scale for Day Care workers follows these guidelines. This scale is used to determine the amount of pay per hour in which *Day Care* workers are to be compensated.
- b. Information about the Day Care program is handled through the principal and supplemented by the Human Resources Division.
- c. All day care applicants **MUST** be fingerprinted and Drug Screened prior to working.
- d. Day Care workers who are not already System employees are considered “miscellaneous hourly workers” and receive no benefits. **These specific workers cannot work over 19.5 hours per week.**
- e. Individual employees working in Day Care programs who are full-time employees of the System (i.e., aides, custodians, bus drivers, CNP assistants, etc.) should not be allowed to work over a total of 40 hours per week (including the hours worked in their full-time positions).
- f. The Day Care program coordinator or the principal of the school/location should govern the hours worked to ensure that employees do not exceed the specified working hours.
- g. If a full-time employee working in a Day Care program should, by mistake, exceed a total of 40 hours (regular job hours plus Day Care hours), the principal should authorize overtime to be paid the employee from *Day Care* funds at the employee’s *overtime rate*.
- h. Day care revenues are to be deposited in the local school bank account and are subject to audit by the Local School Accounting Department.

C. Administrative and Professional

1. The salary of a teacher who becomes a 260-day administrator will be paid on the Administrative/Professional (AP) salary schedule for 260 days. The new 260-day salary of an employee whose previous salary has been paid according to the teacher salary matrix but is moving to a new position listed on the AP salary schedule will be placed on a step that is commensurate with other employees performing the same work. The new 260-day administrator will be placed at least one step below current 260-day administrators performing the same basic functions. If there are current 260-day administrators with more than five years' experience in the position, the new 260-day administrator will be placed at least two steps below the current 260-day administrators performing the same basic functions.

2. Salary placement for principals and assistant principals will be reviewed annually based on the assigned school's enrollment as reflected on the annual Average Daily Membership (ADM) annual report. At the beginning of the new employment year (July 1), the principal and assistant principal will be placed on the appropriate salary schedule which will reflect the decrease in enrollment (i.e., salaries will be reduced). If there is an increase in ADM which results in a change on the appropriate salary schedule placement, the principal and assistant principal will be placed on the appropriate salary schedule which is based on ADM. The increase in salary will be retroactive to July 1 of the employment year. If there is a decrease in enrollment which would result in a change on the appropriate salary schedule placement, the principal and assistant principal will retain the higher salary through the end of the employment year (June 30), except that the Superintendent reserves the right to waive a decrease in a Principal or Assistant Principal's salary solely in those situations in which a decrease in enrollment is directly attributable to the separation of a School District from the Mobile County Board of Education. In such a situation, the Superintendent will direct the Executive Manager of Human Resources, in writing, that the decrease in enrollment at a particular school or schools is directly attributable to a separation or proposed separation of a school or group of schools for the purpose of forming a new School System. Upon receipt of such a Directive, the Executive Manager of Human Resources will adjust, if necessary, the salary of a school administrator who has suffered or will suffer a decrease in salary due only to a decrease in enrollment related to the formation of a new school system. This right of the Superintendent will only be effective from July 1, 2011 forward and shall not be applied retroactively to any Principal or Assistant Principal who received a decrease or adjustment in salary due to the formation of a new school system prior to July 1, 2011 . If there is a decrease in enrollment which would result in a change on the salary schedule placement, the contract principal will retain the higher salary until the end of his contract period. At the beginning of the new contract period, the contract principal will be placed on the appropriate salary schedule which will reflect the decrease in enrollment (i.e., salary will be reduced). The waiver of a salary adjustment due to a decrease in enrollment related to the formation of a new school district also applies to Contract Principals.

The amount of salary to be paid an administrator whose pay grade has been designated as "open" shall not exceed the base amount paid the Superintendent and shall not be less than the highest base salary of an executive director already employed in the system.

3. If an existing or current full-time twelve-month employee who is paid on the Administrative/Professional (AP) pay grade receives AA certification or a doctoral degree from an accredited institution, \$3,867 will be added to the current salary for AA and \$4,282 for a doctorate. Employees who work less than 12 months per year who receive a higher degree in accordance with policy will receive a prorated increase. The Assistant Superintendent or Executive Manager of Human Resources shall make the final decision as to whether a degree is job

related or whether a University or College issuing a degree has the proper accreditation.

- b. When experience verification is received during the first year of hire, credit will be given retroactively to the date of hire. Experience credit received after the first year of hire will be given retroactively to the beginning of the school year in which the documentation is received and NOT date of hire.

NOTE: Experience verification received after the last day of school will be honored only for the succeeding year forward (i.e., pay will not be retroactive to prior school year).
- c. Verification forms for the employee to use to obtain verification of earned experience credit are available in the application packet, on the MCPSS web page, and in the Division of Human Resources.

Classified employees starting work after December 31st are entitled to only one day of personal leave. Classified employees starting work after March 31st shall be entitled to zero days of personal leave in that work year. Sick leave days can be accumulated and kept from year to year. Effective August 1, 1997, all personnel will have their unused personal leave days converted to accumulated sick leave days at the end of the school or contract year. Certified personnel may choose to have these days paid instead of converting them to accumulated sick leave days. - b. Principals will assign coaching supplements during the first month of each school year. All supplements are for one (1) year only. All coaching personnel are expected to perform athletic duties throughout the school year. In the event a coaching supplement is assigned after the beginning of the school year, the amount will be determined by the percent of time worked in the supplemented sport. Effective date of supplement will be the date of approval by County Athletic Director. Approval must be obtained by submitting a letter of request by the principal and signed coaching agreement.
- c. Supplements are restricted to certified school system employees who hold teaching positions within the system.

In extraordinary circumstances, an exception and approval under Number 13 below is required.
- e. The number of supplements assigned per employee will be determined by the principal, except as limited in other policy statements, and all supplements in excess of two (2) per person must have the approval of the superintendent or his designee (County Athletic Director).
