The MA Preschool Makes Big Changes!!

By: Bailey Porter

The summer always brings about many changes throughout the school. One of the biggest changes this school year is to the preschool area. All preschool classes (2k-5k) are located in one area in the former daycare hall. This year Mrs. Douglas Williams 5k joins the preschool.

When asked, the teachers of the preschool if they liked the 5k on the same hall. Of course, everyone answered with sweet answers. Mrs. Tonya (4k) said, "I love that the 4k can interact with the 5k and that we get to work together with Mrs. Williams now."

Mrs. Dawn (3k) said, "I think the unity allows us to rely on each other."

Mrs. Tara said "It is easier to communicate. "Mrs. Williams the 5k teacher loves the move. She said, "It's so much easier to interact with the teachers and students now that they are all together.
