Request for additional information and/or questions from vendors are as follows. Information provided is what is currently available to Maricopa Unified School District (MUSD).

Maricopa Unified School District #20

REQUEST FOR ADDITIONAL INFORMATION AND/OR QUESTIONS BY VENDORS

General Questions:

Q1: Is there a Conference Bridge Phone Number for the Walkthrough meeting?

A1: We have a conference line that will be available ONLY for the January 11, 2018 walkthrough. The number is 1-858-375-5558, 970188#.

Q2: What make and model of networking equipment do you have at each of your Hub Sites and at each School or District Office?

A2: We have a Cisco C3850-24XS-E at the Hub site and C3850-12XS-E at each of the other locations.

Q3: Do you currently have conduit entrances to your facilities?

A3: We will have conduit available for electrical, but not for fiber.

Q4: For solutions that offer free upgrades up to 100G at no additional cost or contract extensions, will you accept proposals for speeds above what you have requested in the 470/RFP?

A4: Unfortunately, due to E-RATE rules we will not be able to increase beyond what is shown on the Form 470 and RFP without a change in the scope of work and adding a 28 day waiting period. MUSD evaluated and determined that the 10 Gbps between each site should suffice for the foreseeable future.
