

Convenient Care Clinics

Why you should be using them

Quick and convenient

Convenient Care Clinics boast practical hours and locations. Most are open seven days a week, with availability outside of your busy work day. Convenient Care Clinics are also located where you are—often inside retail pharmacies or shopping centers. You won't even need an appointment to swing by.

Costs less for you

Your employer selected the WEA Trust Convenient Care Clinic benefit. This means that when you visit a Convenient Care Clinic, **your cost sharing is less than if you visit another care provider.** Depending on your plan, you may not have to pay anything. Check your Benefit Summary for details.

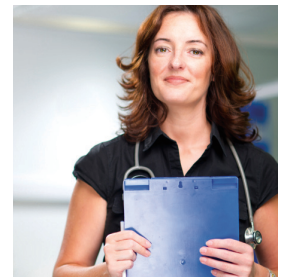

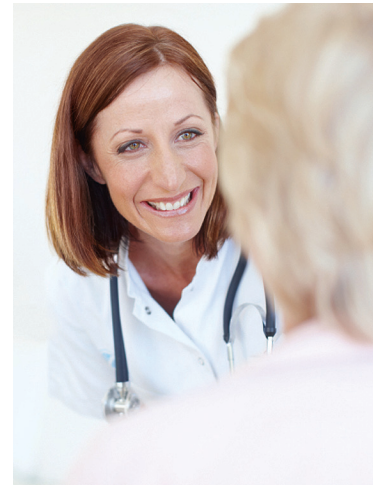

Best for basic treatment

Trained nurse practitioners or physician assistants at Convenient Care Clinics can help you if you need minor medical diagnoses or treatment. Contact the clinic for specific services, but those that may be available include:

- Ear and sinus infections
- Sore throats
- Bladder infections
- Minor burns
- Bug bites
- Sports or camp physicals
- Immunizations
- Minor lab services

► **Find a list of nearby Convenient Care Clinics on the back or at weatrust.com.**

If you or a family member experiences any of the above symptoms, use a Convenient Care Clinic. They are convenient, quick and low-cost.
