1 Transfer students will meet the same enrollment requirements as new students.

2
3 Up to two (2) weeks prior to the beginning of the school year, a student may choose to attend a school
4 within the system other than the one to which he/she is zoned on a space available basis as determined
5 by the principal.** Space available is determined by the number of teachers currently assigned to the
6 school. However, the student must provide his/her own transportation to and from the school.

7
8 After a student has enrolled in one (1) school within the system, he/she will not be permitted to transfer
9 to another unless there is a change in residence of the student's parents or guardian outside the area in
10 which the student enrolled. Any exception to this policy must be brought before the director of schools
11 for evaluation and decision.

12
13 Principals shall allow credit for work transferred from other schools only when substantiated by official
14 transcripts or successful completion of comprehensive written examinations approved, administered and
15 graded by the principal or his/her designated representative.¹
