**Assurances**

The district strategic plan, or annual update of the district strategic plan, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) and the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 and §59-139-10 *et seq.* (Supp. 2004)). The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the school improvement council are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

# ASSURANCES FOR DISTRICT/SCHOOL PLANS

(Mandated Component)

## Act 135 Assurances

Assurances, checked, and signed by the district superintendent, attest that the school/district complies with all applicable Act 135 requirements.

X **Academic Assistance, PreK–3**

The district makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X **Academic Assistance, Grades 4–12**

The district makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X **Parent Involvement**

The district encourages and assists parents in becoming more involved in their children’s education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child’s individual test results and an interpretation of the results, providing parents with information on the district’s curriculum and assessment program, providing frequent, two way communication between home and school, providing parents an opportunity to participate on decision making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal’s and superintendent’s evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

X **Staff Development**

The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised *Standards for Staff Development*.

X **Technology**

The district integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.

X **Innovation**

The district uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.

X **Collaboration**

The district (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

X **Developmental Screening**

The district ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and

cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

**X Half-Day Child Development**

The district provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

**X Developmentally Appropriate Curriculum for PreK–3**

The district ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

**X Parenting and Family Literacy**

The district provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

**X Recruitment**

The district makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

**X Coordination of Act 135 Initiatives with Other Federal, State, and District Programs**

The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

## **Office of Health and Nutrition Assurance**

**X** As required by the **Students Health and Fitness Act [section 59-10-330 (B)]**, the district has established a Coordinated School Health Advisory Council (CSHAC) that includes members of the community, school representatives, students, parents, district food service employees, and school board members, and has collaborated with the CSHAC to develop a school health

improvement plan that addresses strategies for improving student nutrition, health, and physical activity and includes the district's wellness policy. The district health improvement plan goals and progress toward those goals are included in the district's strategic plan.

### **Read To Succeed Act 284 Assurances**

Assurances, checked, and signed by the district superintendent, attest that the school/district complies with all applicable Act 284 requirements.

**X** **District Reading Plan**

The district has a district reading plan which addresses the components of leadership, student outcomes, professional learning opportunities, instructional and assessment plans, parent and family involvement, and school-community partnerships.

**X** **4K and 5K Readiness Assessment**

The district ensures that a state identified readiness assessment for 4K and 5K is administered to all students prior to the 45<sup>th</sup> day of school.

**X** **Third Grade Retention**

The district provides support to ensure all students are provided with an instructional program based on student needs as determined by local and state formative and summative assessment data and provides intervening services, including summer reading camps, to reduce the number of students not reading on grade level by the end of third grade and therefore needing to be retained beginning with the 2017–18 school year.

**X** **Reading Coaches**

The district supports school based reading coaches in every elementary school.

**X** **Interventions**

The district provides interventions based on data for all students identified.

**X** **Summer Reading Camps**

The district offers summer reading camps for those students identified.

## Chapter 59 of Title 59:

### Education and Economic Development Act Assurances for Districts

1. Each elementary, middle, and high school in the district has implemented the Comprehensive Developmental Guidance and Counseling Program Model.
2. All elementary, middle, and high schools in the district have integrated career awareness, exploration, and/or preparation activities into their curricula.
3. Each middle and high school in the district has a student-to-guidance personnel ratio of 300:1 or less. Suspended as pursuant to R14.3352.
4. Each middle and high school in the district employs certified career development facilitators who perform the 13 duties specified in the EEDA legislation.
5. All students in grades eight through twelve have developed an individual graduation plan (IGP) that is reviewed by students and their parents/parental designees during annual IGP conferences facilitated by certified guidance counselors.
6. All eighth grade students in the district have chosen a career cluster. (Students may change their cluster choice if they desire to do so).
7. All tenth grade students in the district have chosen a career major. (Students may change their major if they desire to do so).
8. All high schools in the district offer enough courses for all students to complete their chosen majors. (NOTE: To complete a major, students must take four courses for elective credit that are associated with that major).
9. Each high school in the district is organized around a minimum of three of the 16 national career clusters.
10. Each high school in the district has implemented an evidence-based program model designed to ensure that students identified as being at risk of dropping out actually graduate from high school with a state diploma.
11. Each high school in the district has implemented High Schools That Work or another state-approved comprehensive reform model.
12. Each high school in the district offers all students at least one opportunity to participate in an extended or work-based learning activity prior to graduation.
13. Each high school in the district offers students opportunities to enroll in courses for which they may receive both high school and college credit.

## General Grant Assurances for Districts

As the duly authorized representative of Marion County School District,  
(Please print or type name of District)

### I certify that this applicant

- A. Has the legal authority to apply for state assistance and the institutional, managerial, and financial capability (including funds sufficient to pay the non-state share of project costs) to ensure proper planning, management, and completion of the project described in this application.
- B. Will give the State Department of Education (SCDE) access to and the right to examine all records, books, papers, or documents related to this award and will establish a proper accounting system in accordance with generally accepted accounting principles or agency directives. The applicant's accounting system must include sufficient internal controls, a clear audit trail, and written cost-allocation procedures as necessary. Financial management systems must be capable of distinguishing expenditures that are attributable to this grant from those that are not attributable to this grant. This system must be able to identify costs by programmatic year and by budget line item and to differentiate among direct, indirect, and administrative costs. In addition, the grantee must maintain adequate supporting documents for the expenditures (federal and nonfederal) and in-kind contributions, if any, that it makes under this grant. Costs must be shown in books or records (e.g., disbursements ledger, journal, payroll register) and must be supported by a source document such as a receipt, travel voucher, invoice, bill, or in-kind voucher. The applicant will also comply with the Office of Management and Budget 2 CFR Part 230 "Cost Principles for Non-Profit Organizations," 2 CFR Part 225 "Cost Principles for State, Local, and Indian Tribal Governments," or 2 CFR Part 220 "Cost Principals for Educational Institutions" for maintaining required support for salaries and wages. Required support includes certifications and/or personnel activity records according to the type of entity. Will approve all expenditures, document receipt of goods and services, and record payments on the applicant's accounting records prior to submission of reimbursement claims to the SCDE for costs related to this grant.
- C. Will approve all expenditures, document receipt of goods and services, and record payments on the applicant's accounting records prior to submission of reimbursement claims to the SCDE for costs related to this grant.
- D. Will initiate and complete work within the applicable time frame after receipt of approval by the SCDE.
- E. Will not discriminate against any employee or applicant for employment because of race, color, religion, age, sex, national origin, or disability. The grantee will take affirmative action to ensure that applicants for employment and the employees are treated during the period of their employment without regard to their race, color, religion, age, sex, national origin, or disability.
- F. Will comply with the Ethics, Government Accountability, and Campaign Reform Act (S.C. Code Ann. § 2-17-10 *et seq.* and § 8-13-100 *et seq.* (Supp. 2009)].
- G. Will comply with the Drug Free Workplace Act (S.C. Code Ann. § 44- 107-10 *et seq.* (Supp. 2009)] if the amount of this award is \$50,000 or more.

- H. Ensures that all policies, procedures, programs and the administration of programs in the school district are consistent with the No Child Left Behind Act of 2001, *EDGAR* (1999), and other applicable statues, regulations, program plans, and applications.
  
- I. Will submit reports as necessary to enable the SDE to meet its responsibilities under the program and will maintain such records, provide such information, and afford access to the records as the SDE may find necessary to carry out its duties. The school district will cooperate in carrying out any evaluation conducted by state or federal agencies.
  
- J. Affirms that the needs assessment was conducted in consultation and collaboration with the teachers of the school district, including those teachers in schools receiving assistance under Title I, school administrators, and charter school and private school representatives (where applicable) in the development of the needs assessment.
  
- K. Will ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers.
  
- L. Will target Title II-A teacher quality funds to schools that have the lowest proportion of highly qualified teachers, have the largest average class size, or are identified for school improvement under the specification in Title I, section 1116(b)(1)(A) of the Elementary and Secondary Education Act (ESEA): "A local educational agency shall identify for school improvement any elementary school or secondary school served under this part that fails, for 2 consecutive years, to make adequate yearly progress as defined in the State's plan under section 1111(b)(2)."
  
- M. Will comply with Title IX, Section 9501 of the ESEA regarding participation by private school children and teachers.
  
- N. Will comply with Title V, Section 5206(a) of the ESEA regarding participation by charter schools.
  
- O. Will use the grant funds received in order to supplement, and not supplant, nonfederal funds that would otherwise be used for activities authorized under Section 2123 of the ESEA, "Local Use of Funds."

## Terms and Conditions for SCDE Grant Programs

(Page 1 of 2)

- A. **Completeness of Proposal** All proposals should be complete and carefully worded and must contain all of the information requested by the State Department of Education (SCDE). If you do not believe a section applies to your proposal, please indicate that fact.
- B. **Termination** The SCDE reserves the right to reject any and all applications and to refuse to grant monies under this solicitation. After it has been awarded, the SCDE may terminate a grant by giving the grantee written notice of termination. In the event of a termination after award, the SCDE shall reimburse the grantee for expenses incurred up to the notification of termination. In addition, this grant may be terminated by the SCDE if the grantee fails to perform as promised in its proposal.
- C. **Travel Costs** Travel costs, if allowed under this solicitation, must not exceed limits noted in the United States General Services Administration ([www.gsa.gov](http://www.gsa.gov)) regulations.
- D. **Honoraria** Amounts paid in honoraria, if allowed under this grant, must be consistent with SCDE policies. You should check with the program office before budgeting for honoraria.
- E. **Obligation of Grant Funds** Grant funds may not be obligated prior to the effective date or subsequent to the termination date of the grant period. No obligations are allowed after the end of the grant period, and the final request for payment must be submitted no later than thirty (30) days after the end of the grant period.
- F. **Use of Grant Funds** Funds awarded are to be expended only for purposes and activities covered by the project plan and budget.
- G. **Copyright** The grantee is free to copyright any books, publications, or other copyrightable materials developed in the course of this grant. However, the SCDE reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the copyrighted work developed under this grant.
- H. **Documentation** The grantee must provide for accurate and timely recording of receipts and expenditures. The grantee's accounting system should distinguish receipts and expenditures attributable to each grant.
- I. **Reports** The grantee shall submit a final financial report within thirty (30) days of the final disbursement. This report should be a final accounting of the grant. It may be submitted in either narrative or spreadsheet form.
- J. **Certification Regarding Suspension and Debarment.** By submitting a proposal, the applicant certifies, to the best of its knowledge and belief, that the
- ❖ Applicant and/or any of its principals, subgrantees, or subcontractors
    - Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency;
    - Have not, within a three-year period preceding this application, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) contract or subcontract; violation of federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft,

**Terms and Conditions for SCDE Grant Programs continued**

(Page 2 of 2)

- forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and
- Are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated above.
- ❖ Applicant has not, within a three-year period preceding this application, had one or more contracts terminated for default by any public (federal, state, or local) entity.

**K. Audits**

- ❖ Entities expending \$500,000 or more in federal awards:  
Entities that expend \$500,000 or more in federal awards during the fiscal year are required to have an audit performed in accordance with the provisions of Office of Management and Budget (OMB) Circular No. A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The submission deadline for A-133 audits is nine months after the entity's fiscal year-end. A grantee that passes through funds to sub recipients has the responsibility of ensuring that federal awards are used for authorized purposes in compliance with federal program laws, federal and state regulations, and grant agreements. The director of the OMB, who will review this amount every two years, has the option of revising the threshold upward.
- ❖ Entities expending less than \$500,000 in federal awards:  
Entities that expend less than \$500,000 in a fiscal year in federal awards are exempt from the audit requirements in the Single Audit Act and Circular A-133. However, such entities are not exempt from other federal requirements (including those to maintain records) concerning federal awards provided to the entity. The entity's records must be available for review or audit by the SCDE and appropriate officials of federal agencies, pass-through entities, and the General Accounting Office (GAO).

N. **Records.** The grantee shall retain grant records, including financial records and supporting documentation, for a minimum of three (3) years after the termination date of the grant.

O. **Reduction in Budgets and Negotiations.** The SCDE reserves the right to negotiate budgets with potential grantees. The SCDE may, in its sole discretion, determine that a proposed budget is excessive and may negotiate a lower budget with the potential grantee. The grantee may at that time negotiate or withdraw its proposal. In addition, the SCDE may desire to fund a project but not at the level proposed. In that case the SCDE shall notify the potential grantee of the amount that can be funded, and the grantee and the SCDE shall negotiate a modification in the proposal to accommodate the lower budget. All final decisions are that of the SCDE.

N. **Amendments to Grants.** Amendments are permitted upon the mutual agreement of the parties and will become effective when specified in writing and signed by both parties.

# **EXECUTIVE SUMMARY OF NEEDS ASSESSMENT FINDINGS**

## **Executive Summary of Needs Assessment Findings**

Located in the Pee Dee Region and bounded by the Great Pee Dee River and Little Pee Dee River, Marion County School District (MCSD) is a rural school district in South Carolina flanked between Florence, Dillon and Horry counties. With a population of 33,062 (2010 US Census), an unemployment rate of 9.3% (SC Department of Employment & Workforce) and 48% of the children live in poverty (Kids County, 2014) the system is faced with many challenges. The county-wide school district serves 4,909 students, of which 74% are Black or African-American, 20% are white and the remaining are Hispanic, American Indian or claim more than one race. There are three distinct attendance zones, each having facilities that house PK through grade 12 and one centrally located Career and Technology Center that is shared by all three high school programs. Based on federal guidelines, all schools qualify for Title I assistance.

With a firm belief that education is a partnership among students, families, schools and community, the district maintains community connections through advisory councils, business partnerships and active memberships in civic organizations. Work-based learning opportunities are provided through the iImagine Work program, just one example of the collaborative effort between the school district and the business sector of Marion County. The district is fortunate to have strong associations with Francis Marion University, Coastal Carolina University and Florence/Darlington Technical School that provide dual enrollment courses for the high schools as well as professional development opportunities for staff.

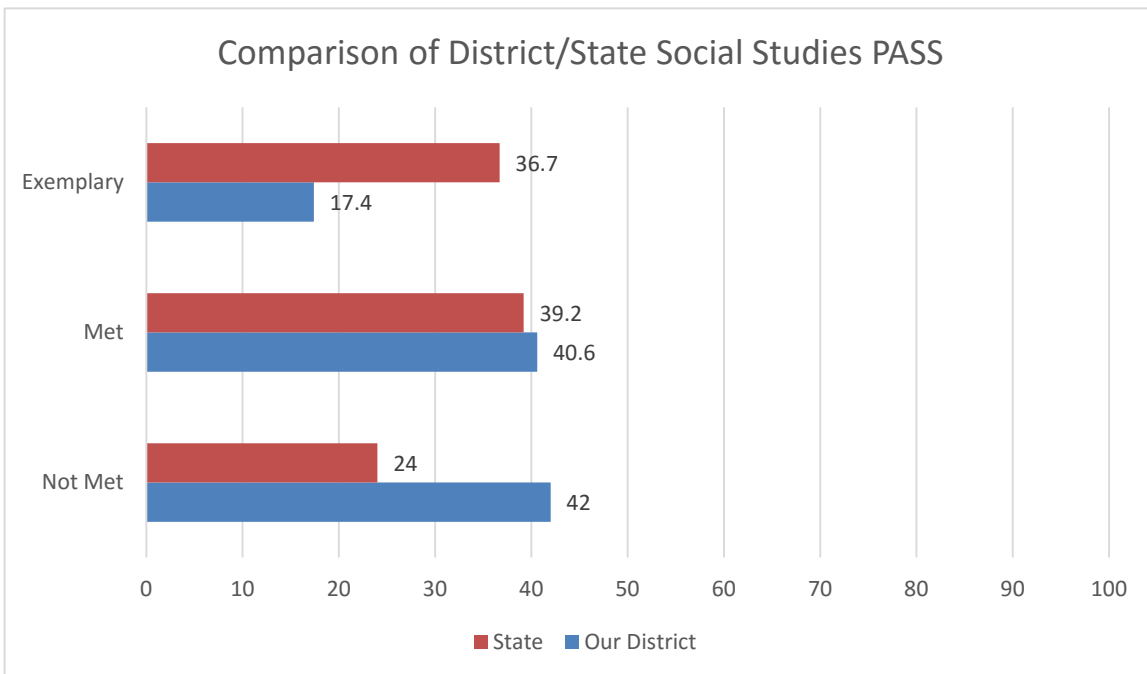

Marion County School District offers many programs and services to meet the various needs of all students. Along with a basic curriculum that prepares the students for high school graduation and beyond, a variety of programs are also offered including gifted and talented, career and technology, special education, preschool/early childhood, Montessori, Advanced Placement, Dual Enrollment, and adult education courses. A comprehensive assessment program extends the testing services mandated by the state utilizing the results to plan for continuous improvement. Data is used to identify and give

students the appropriate level of intervention as well as to evaluate instructional effectiveness. The Four-Year Cohort Graduation Rate was 86.5 in comparison to the state average of 80.3. 31.5 percent of seniors are eligible for LIFE Scholarship with 77.2 percent of students from the 2014 graduating class enrolled in a two- or four-year college or technical college pursuing an associate's degree, certificate, or diploma.

Marion County School District employs 517 certified staff serving in 13 locations. Of those, 100 hold a Bachelor's degree, 40 have Bachelor's plus 18 hours, 166 have earned a Masters, 102 have a Master's plus 30 hours, and 12 have a Doctorate degree. Six currently hold National Board Certification. With an average salary of \$43,852, a retention rate of 83.1, and an attendance rate of 95.1, the professional staff of Marion County is stable and dependable. Celebrations to honor teachers and support staff are held throughout the year and featured during an End of Year Celebration and Board or Education meetings

## Palmetto Assessment of State Standards (PASS)

The SC Palmetto Assessment of State Standards (SCPASS) was given to students in grades 4-8 in Spring 2015. Students were assessed in the subject areas of Science and Social Studies. These tests are scored using three levels of achievement – “Exemplary”, “Met”, and “Not Met”. MSCD has improved each year; however, the district consistently performs below the state average.

**ACT Aspire**

The ACT Aspire assessment was given to students in grades 3-8 in Spring 2015. Students were assessed in the subject areas of Reading, English, Mathematics and Writing. The test was scored using the following ratings: “Exceeding”, “Ready”, “Close”, and “In Need of Support”.

### End of Course Examination Program (EOCEP)

### The ACT – Juniors

The ACT, a college readiness assessment, was given to every South Carolina 11<sup>th</sup> grader in 2015 with the exception of those eligible for alternate assessments. The ACT scores range from 0 to 36. The district and state averages are included for comparison. State averages for ACT data are based on regular schools and do not include private schools in the state.

Comparison of District/State ACT results

**Workkeys**

ACT WorkKeys is a job skills assessment system measuring “real world” skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11<sup>th</sup> grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys Assessments.

Percent of Students Meeting Platinum, Gold or Silver - 2015

### SAT - Seniors

The SAT is a standardized test often used in the college admissions process. Its aim is to assess the student's readiness for college. The current test consists of three 800 point sections testing English/Language Arts, Mathematics, and Writing. Most students take the test, which is offered several times per year, during their junior or senior year of high school. Their last scores are reported in this chart.

### The ACT – Seniors

The ACT is a national college admissions examination that consists of subject area tests in English, mathematics, reading, and science. The test includes 215 multiple-choice questions and with a "36" as the highest possible score. The test is offered six times per year in the U.S., and is usually taken during a student's junior or senior year of high school. Their last score is reported in this chart.

### **Advanced Placement Exams**

Since 1984, each school district in South Carolina has been required to provide Advanced Placement (AP) courses in all secondary schools that include grades 11 or 12. These classes prepare students for the national AP examinations. Students who score 3, 4, or 5 on an AP exam are generally considered qualified to receive credit for the equivalent course(s) at colleges and universities that give credit for AP exams. Fifty students took 89 exams. There were 19 scores ranging from 3 to 5 giving a percentage of 21% of scores ranging from 3 to 5. We offer 9 AP courses.

### **Reading Plan**

The development of the reading plan allowed staff members from a variety of roles to review reading and writing data and design a plan for intervention. We developed a district team comprised of district level staff, teachers, interventionists, principals, and reading coaches. We have defined the role of interventionists and identified research-based interventions to use with students in grades preK-12. The goals were developed to improve literacy skills for all students regardless of their instructional level.

### **Strengths and Areas to Consider**

We reviewed the needs assessment and determined the following:

#### **Strengths**

- Graduation Rate has improved;
- The number of staff members with advanced degrees;
- We offer a variety of programs for our students (Montessori, Dual Credit, etc); and
- Stakeholder involvement

#### **Areas of Concern**

- Performance on standardized tests in all content areas
- Teacher retention rate of only 83.1%
- Due to limited staff and student enrollment, we have requested a waiver to extend flexibility to allow us to have one principal for Creek Bridge High School which serves grades 6-12.

Based on these findings, we have developed a district strategic plan to improve upon these areas and maintain our strengths as a work to educate, prepare, and inspire our students.

# MARION COUNTY SCHOOL DISTRICT

## PURPOSE, DIRECTION, AND BELIEFS

### **Our Direction...**

Preparing all students to live and work effectively, responsibly and productively within our society.

### **Our Purpose...**

To educate, prepare, and inspire students to be productive citizens in a changing global society.

### **Our Beliefs...**

- All students can become productive members of society.
- Education is a partnership among students, families, schools and community.
- Our children are at the center of all decision making.
- Education should prepare students to succeed academically and socially so they can compete for quality jobs and become productive members of society.
- Each person has intrinsic value and worth and is a unique individual with different needs and abilities.

**DISTRICT STRATEGIC PLAN FOR 2016-2021**

**DATE: April 25, 2016**

- Performance Goal Area:**  Student Achievement       Teacher/Administrator Quality       School Climate (Parent Involvement, Safe and Healthy Schools, etc.)
- District Priority       Read to Succeed: Leadership       Read to Succeed: Student Outcomes       Read to Succeed: Professional Learning
- Read to Succeed: Assessment Plan       Read to Succeed: Instructional Plan
- Read to Succeed: Parent and Family Involvement       Read to Succeed: School-Community Partnerships

**PERFORMANCE GOAL:**  
 (Statement of desired progress or result over **five years**)  
 • For **Read to Succeed ONLY** for 2016–17, please put NA here.

**Teaching and Assessing for Student Learning:**  
 Marion County School District’s English Language Arts curriculum, instructional design and assessment practices will guide and ensure teacher effectiveness and student learning across all grades and courses to increase the percentage of students scoring at the met or proficiency level from 47.1% to 75% in English Language by 2021 as measured by English Language Arts standardized assessment. **(AdvancED Standard 3)**

**INTERIM PERFORMANCE GOAL:** (One year goal)

*Students will grow at least one grade level each year.*

**DISTRICT STRATEGIC PLAN FOR July 2, 2016 – June 30, 2021**

**DATE: April 25, 2016**

- Performance Goal Area:**  Student Achievement       Teacher/Administrator Quality       School Climate (Parent Involvement, Safe and Healthy Schools, etc.)
- District Priority       Read to Succeed: Leadership       Read to Succeed: Student Outcomes       Read to Succeed: Professional Learning
- Read to Succeed: Assessment Plan       Read to Succeed: Instructional Plan
- Read to Succeed: Parent and Family Involvement       Read to Succeed: School-Community Partnerships

**PERFORMANCE GOAL:**  
(Statement of desired progress or result over **five years**)

- For **Read to Succeed ONLY** for 2016–17, please put NA here.

**Teaching and Assessing for Student Learning:**  
Marion County School District’s Science (Social Sciences K-8) curriculum, instructional design and assessment practices will guide and ensure teacher effectiveness and student learning across all grades and courses to increase the percentage of students scoring at the met or proficiency level in Science (Social Sciences K-8) from 43.7% to 75% as measured by standardized assessments and correlated assessments. **(AdvancED Standard 3).**

**INTERIM PERFORMANCE GOAL:** (One year goal)

*(Interim performance measures indicated below)*

**DATA SOURCES(S):**  
(List types of data that will be collected or examined to measure progress.)

Yearly State Assessments, Case 21 Benchmarks, District Assessments

**OVERALL MEASURES:**

SOURCE:  
SCPASS (Grades 4-8)  
ACT (Grade 11)

To add a row, go to the last box and press the tab button.

AVERAGE BASELINE		2016–17	2017–18	2018–19	2019–20	2020–21
