BOUNDLESS BERRY

Strawberry

During a heavy storm, the littlest berry in a strawberry patch on the outskirts of Healthyville was picked up by a strong wind and taken so high up in the air that a reaction occurred allowing her the ability to regenerate her seeds. As the strawberry fell from the sky she realized that the green tips of her hair were also able to spin so fast allowing her to fly. At that moment, she became The Boundless Berry. She wanted all of the kids of the world to have access to delicious healthy strawberries so she flew around the world planting strawberries at every location she could, giving children access to vitamin C and fiber to help boost their immune systems and grow strong.

FUN FACT

Strawberry is the most popular berry in the United States.
