

Dear Parents/Guardians:

If you have a student in our school system with a disability, we are more than happy to assist you or your child with answers to access learning opportunities while we are experiencing this temporary shut-down due to COVID-19. Please feel free to contact Leighann Horne, Supervisor of Special Education, at 731-352-2246 or hornel@mckenzie-schools.org at any time.

You may also continue to contact your child's teacher/provider; our special education staff is conducting office hours to assist in any way they can and will be checking emails daily:
