Alert Name: 7th and 8th Grade Assembly Today

Alert Type: Email Only

Dear 7th and 8th Grade Parents and Guardians,  
Good afternoon! Today, the students in grades 7 and 8 had the opportunity to attend an assembly by Dr. Mykee Fowlin. Dr. Fowlin is a Clinical Psychologist specializing in performance art and motivational speaking. His powerful message, delivered through his performance in which he takes on the personas of several different individuals with various backgrounds, brings to light for the students the many struggles individuals face today in an effort to promote peer to peer support and understanding, to build community, and to say to those silently struggling that, "You are not alone." Because of the powerful message and poignant portrayals of student struggles Dr. Fowlin presents, many students became emotional during the assembly. Staff members, including myself, were on hand to speak with any students experiencing a need to debrief following the assembly. There will be a follow up to the assembly during Middle School Advisors on Monday. The assembly was a huge success as many students shared and provided feedback helpful to their social and emotional growth that will in turn have a positive impact on their academic growth. For more information about Dr. Fowlin, and his programs, you can visit [www.mykeefowlin.com](http://www.mykeefowlin.com).
