June, 2019

Dear Parents,

It's almost time for summer reading! Some reading selections will be made available during the last week of school for students to borrow for the summer.

Please make sure that when your child is reading their summer reading book, notes are taken about the main points and ideas of each chapter. This will help them with the project that will be assigned the first week of school in their Language Arts classes.

Have a great summer!

Sincerely,

Mr. Veit
