Character education

Bullying prevention

Family relationships

Motor skills development

FOURTH GRADE

Fourth grade is an exciting year! As new members of Joyce Kilmer fourth graders are given new privileges, and also take on new responsibilities.

In previous years, students were focusing on learning to read, but now they are reading to learn new high-interest topics, especially in science and social studies. Reading and hands-on activities are merged to bring learning to life!

RECOMMENDED READINGS

Fourth Graders Favorite Books

Diary of a Wimpy Kid by Jeff Kinney

Dork Diaries by Rachel Renee Russell

Harry Potter Series by J.K. Rowling

Percy Jackson and the Olympians

by Rick Riordan

Bone by Jeff Smith

Homework

Reading log

Math practice problems

Reading comprehension, grammar, or writing prompts

Studying for upcoming tests

Reports/Projects as assigned

If you notice your child consistently struggles with homework, please contact your child's teacher.

- explore changes to the Earth's surface
- examine how natural resources are used
- understand body systems
- investigate sound and light

Technology Skills & Integration

Read About software provides engaging leveled reading to boost students comprehension of non-fiction text that complements our social studies and science curriculum. The embedded SRI test tracks students' growth as readers and provides valuable assessment information to assist with support interventions as needed.

ALEKS software provides support in mastery of basic multiplication facts.

SMARTBoard and MimioTeach devices are used to enhance learning.

Key curriculum points are included in this brochure in order to provide an at-a-glance guide. This brochure is not meant to provide a comprehensive picture of the scope of learning encompassing fourth grade. Please see the district's curriculum guides for a full description of grade level curriculum expectations. All activities listed are subject to change at the teacher's discretion.
