

## **2016/2017 Asbestos Notification**

### **To all Parents, Guardians and Employees of the Montezuma Cortez School District RE-1**

**Colorado Reg. 8 section IV requires a yearly notification of related asbestos activities that have occurred in the past year or will occur before the next notification.**

**All Montezuma-Cortez RE-1 buildings are in compliance with these regulations.**

**The Maintenance Department checks all asbestos or presumed asbestos areas every six months.**

**A copy of the management plan will be found in the principal's office of each school building. Asbestos management plans for all schools can also be found in the maintenance building.**

**The re-training of custodians and maintenance personnel for asbestos awareness is done annually. This is required as long as there is asbestos in any school building where personnel work, per OSHA requirements.**

**Jamie Haukeness  
Executive Director of Maintenance & Safety**
