<u>Jenny's</u> teacher told her class that they were going to put on a	13
play. She asked each student to read lines from the play in front of the	28
class. She watched the students. She needed to decide which part they	40
would get in the play. Jenny's friend <u>Kayla</u> read her lines loudly and	53
clearly. Jenny did not like to read in front of the class. She read very	68
softly. Jenny thought that her teacher might not let her be in the play.	82
The next day, the teacher told the class what each of them would be in	97
the play. The teacher asked Kayla to be the narrator. Jenny was happy.	110
She found out she was going to be a snowflake. Jenny loved snowflakes.	123
She liked to watch them fall slowly to the ground. She also liked to play	138
in the snow. But Jenny didn't understand how a person could act like a	152
snowflake.	153
The class practiced the play over and over. Jenny and the class	165
learned a snowflake dance. Then, the students made their costumes	175
from white sheets, glitter, and ribbon. The day of the play arrived. The	188
kids met in the big room behind the theater before the play started.	201
Jenny went early. She saw Kayla walk in the door. A lot of the other	216
kids did not show up. A lot of the children had to stay home because	231
they had colds. There were not very many snowflakes in the play that	244
night. But everyone loved the play!	250
