

Student Name: \_\_\_\_\_

Date: \_\_\_\_\_

1. Place the Student Copy in front of the student. Point to the names on the Student Copy as you read them:

**"This is a story about Sara. I want you to read this story to me. You'll have 1 minute to read as much as you can. When I say "begin," start reading aloud at the top of the page. Do your best reading. If you have trouble with a word, I'll tell it to you. Do you have any questions? Begin."**

2. Start the timer.
3. While the student is reading, mark errors with a slash (/).
4. At 1 minute, mark the last word read with a bracket (]).
5. When the student gets to a logical stopping place, say **"Stop."**

<u>Sara</u> loved to visit her aunt. There was always so much to see and do.	15
Sara's aunt lived in the country, and she had an enormous garden and lots of	30
pets. She grew delicious fruit and fresh vegetables to eat. She even had	43
chickens so she did not need to buy eggs at the store. Sara lived in the city	60
so she always thought it was a lot of fun to visit her aunt. One summer day	77
Sara's mom drove her out to the country. She was going to stay with her aunt	93
for a whole week. Sara was so happy. She knew she was going to have a great	110
time. Sara helped her aunt collect the eggs from the chicken house. She	123
looked carefully in each nest box to see if any new eggs had been laid. She	139
would also look in the corners of the chicken house where her aunt had left	154
piles of fresh straw. Sometimes, the chickens used these piles of straw as	167
nests for their eggs.	171
One morning, she also helped her aunt pick grapes. She had a few	184
bunches that would not fit in the bowl. She laid them in the sun so she could	201
come back and get them later. But Sara got so busy that she forgot about	216
the grapes she had left in the sun. When she saw the grapes again, Sara had	232
a big surprise. Right there where she had left the extra grapes, she found	246
several piles of raisins. Her grapes had changed dramatically!	255
