Kayla Han
NJ HOSA 2022-2023
Member-at-Large

Goals:

1. Provide more opportunities for members to express needs, struggles, and suggestions to the SEC by hosting monthly meetings for local chapter members to attend.

2. Raise mental health awareness and provide education on mental health by:
   - Partnering with NAMI NJ to implement their “Educating the Educators” Program in schools.
   - Participating in National Eating Disorders Awareness Week by sharing resources and info on NJ HOSA’s socials.

3. Further establish an open and friendly conversation between the SEC and members, ensuring that HOSA members can comfortably seek help and resources in a supportive environment.

Why Me?

1. I am passionate about ensuring that each member’s voice has an immediate response and resulting action.
2. I am determined to permanently integrate mental health awareness in NJ HOSA’s core values.
3. I am passionate about eradicating the current mental health stigmas.
4. I am fully dedicated to helping others navigate mental health struggles.

The conversation starts with US.
