NJ HOSA COMPETITIVE EVENTS CONTESTED AT THE STATE LEVEL - BY DAY

2020 School Year

The following is the complete list of events, by category and by day, of events contested at the State Conference. NJ HOSA DOES NOT offer every event as noted on the national website so look carefully at the listing to assist students to select what is actually done in NJ. Due to space constraints we cannot add any events. Event Guidelines are periodically updated by ILC so make sure to visit the Competitive Events link on the website often to make sure that the student is using the most recent guideline as if a change has been made and the student is unaware of it they will not do as well on the score. It must also be stated that ALL STATE OFFICER CANDIDATES MUST ATTEND BOTH SATURDAY AND SUNDAY DATES or they will be eliminated from the election - no proxies are allowed. Secondary and Post-Secondary students compete at the state level but not against each other. ALL students who attend must present Photo ID as per Appendix H and have an event guideline in either electronic or print format - no borrowing or printing on site. All required supplies as per guideline must be brought by each competitor and not borrowing will be permitted. Events in these categories are open to both Secondary and Post-Secondary students but they do not compete against each other, they compete according to their educational level.

SATURDAY EVENTS

TEAMWORK EVENTS

1 team per school district

Biomedical Debate
Test and Debate; test determines which teams move on to the debate

Creative Problem Solving
Test and presentation; test determines which teams move on to the presentation

Health Career Display
Round 1- Judges view all displays and select those they wish to have presented to them; Round 2- selected teams will present their project

HOSA Bowl
Test to determine which teams move on to the actual buzzer round

Medical Innovation***
New guidelines explicitly explain that this event is for ORIGINAL IDEAS only - READ GUIDELINES carefully

ORIGINAL ONLY***
Round 1- judges view ORIGINAL innovations and select those they want to be presented and Round 2 is where the team does the actual presentation

Parliamentary Procedure
Test and meeting; test determines which teams move on to have an actual meeting

Public Service Announcement
Round 1- all teams show their 30 second PSA to judges to determine which teams move to Round 2; selected teams then move on to Round 2 where they have 4 minutes for the verbal presentation

RECOGNITION EVENTS

There are changes to this category - Outstanding HOSA Chapter (the scrap book event) has been eliminated. The following are the events for this years State Conference. Any documents that are included in these events are to be brought to HOSA Headquarters and handed in. For any interview events students will be notified of their interview time and are to report back to HOSA Headquarters or a designated interview site. Secondary and Post-Secondary students can participate in these events but DO NOT compete against each other.

Barbara James Service Award
NJ HOSA Scholarship

HOSA Happenings
HOSA Service Project
SUNDAY EVENTS
Events in these categories are open to both Secondary and Post-Secondary students but they do not compete against each other, they compete according to their educational level. All must present Photo ID, Appendix H, the Event Guidelines and ALL required equipment per each guideline. No borrowing or printing on site is permitted.

LEADERSHIP EVENTS
1 person events, not team events

Extemporaneous Health Poster Final year for this event in this manner; Assigned topic by NJ HOSA; must bring supplies-ONLY what is on the Event Guideline
Extemporaneous Writing Assigned topic by NJ HOSA/computer provided
Health Career Photography Round 1- competitor provides photos for judges to review and score via score sheet 1 and will select the top 10 to have the students verbally present using score sheet 2

Job Seeking Round 1- 20 minutes to complete job application Round 2- 5 minute job interview with judges
Interviewing Skills Level 2- MUST have Appendix I; Round 1- 30 minutes to complete application, Round 2- 4 minute job interview with judges
Prepared Speaking 5 minutes to deliver speech on assigned topic
Speaking Skills Level 2- MUST have Appendix I; 5 minutes to deliver speech on assigned topic
Researched Persuasive Writing & Speaking Round 1- give 4 minute speech; Round 2- judges read and rate papers submitted

HEALTH SCIENCE EVENTS
TEST ONLY EVENTS, except for Medical Spelling- see below; all are open to Secondary and Post-Secondary students but they do not compete against each other. All are Round 1 only except Medical Spelling which has a spell down for Round 2. Must bring all required equipment, cannot borrow from site- see event guidelines.

TESTS at the State Conference:
Dental Terminology; Medical Terminology; Medical Math; Behavioral Health; Cultural Diversity & Disparities; Human Growth and Development; Medical Law and Ethics; Nutrition; Pharmacology and Pathophysiology are all 100 question tests with 90 minutes to complete. Check ALL individual Event Guidelines to see what equipment is allowed and what the tie breakers are for the specific test.

Medical Spelling Round 1 is a 50 question test and there is a very detailed process on the Event Guideline for this event so please read it carefully. The time for the spelling of each word has been reduced to 2 minutes.

Medical Reading Round 1 is a 50 question test with a tie breaker essay. 1 hour for the test including the essay which is read only in the event of a tie score on the test.
HEALTH PROFESSIONS EVENTS

Each of these events are 2 rounds except for Personal Care. Each competitor is required to bring ALL equipment noted on the event guideline and may not borrow from the site or another competitor as this is professional accountability. Reach the guidelines and make sure to check frequently for any changes that may be made at will by ILC throughout the school year. All tests in this category are 50 questions with a 60 minute time limit. Several events are TEST ONLY DUE TO LACK OF EQUIPMENT in NJ but will be 2 round events at ILC and are noted as so below. We will keep you advised if an event becomes TEST ONLY due to lack of equipment at a site.

Biomedical Lab Science
