New Milford’s Mission Statement

The mission of the New Milford Public Schools, a collaborative partnership of students, educators, family and community, is to prepare each and every student to compete and excel in an ever-changing world, embrace challenges with vigor, respect and appreciate the worth of every human being, and contribute to society by providing effective instruction and dynamic curriculum, offering a wide range of valuable experiences, and inspiring students to pursue their dreams and aspirations.
Course Overview

English II is a required full-year course offered to tenth-grade students at the college prep and honors levels. This course is aligned with Common Core Standards and NMHS 21st-century learning expectations. Students read classical and contemporary literature including nonfiction, and they write routinely for a range of tasks, purposes, and audiences. Through the tenth-grade language arts theme of “Search for Identity Across Cultures,” students read at least one core text per semester and learn to develop research, interpretative, and evaluative skills. Students are challenged by tasks of increasing complexity but appropriate to their level and relevant to their learning. Students may also choose to participate in the summer reading activity.
