Policy revised: October 14, 2014

New Milford Public Schools
New Milford CT

Attendance: (Annual Notification of Parental Obligations under C.G.S. 10-184)

Connecticut law requires that the school district annually provide you with written notice of your obligations under Connecticut General Statute 10-184. This law requires each parent or guardian of a child five years of age and older and under eighteen years of age to ensure that the child attends school regularly when school is in session — unless such parent or guardian shows that the child is receiving equivalent instruction elsewhere, or that the child has graduated from high school. Parents or guardians of a child five or six years of age have the option of not sending the child to school until age six or age seven. Parents or guardians should communicate this decision to the district by personally appearing at the school district office and signing an option form. The parent or guardian of a child seventeen years of age may consent to such child's withdrawal from school by signing a withdrawal form at the school district office.

Regular student attendance is essential to the educational process. So that we can inform you if your child is absent without a previous explanation, Connecticut laws also require that we obtain from you a telephone number or other means of contacting you during the school day. Please

complete and return the demographic form which we will send to you at the beginning of the school year.

Excused or Unexcused Absences

Students are considered absent if they are not present for at least half of the regular school day. For the first nine absences in a school year, an absence will be excused when a parent provides a timely written note approving the absence. For the tenth and all absences thereafter to be considered excused, the absence must be due to an acceptable reason. Acceptable reasons include:

- student illness (verified by a licensed medical professional);
- the student's observance of a religious holiday;
- death in the family or other emergency beyond the control of the student's family;
- mandated court appearances (additional documentation required);
- lack of transportation usually provided by the school district; or
- extraordinary educational opportunities (pre-approved by the principal).

Up to ten absences will be considered excused for students to visit with parents or legal guardians who are active members of the armed forces and have been called to duty for, are on leave from or have immediately returned from deployment to a combat zone or combat support posting. The Board of Education may grant additional excused absences for such purposes.

Documentation of absence

Documentation is a written explanation of the nature of and the reason for the absence as well as the length of the absence. This includes a signed note from the student's parent or guardian, a signed note from a school official that spoke in person with the parent or guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional. All documentation of absences must be provided within ten days of the absence.

Notification to parents

Whenever a student in grade K-8 is absent from school and no communication has been received by school personnel that the parent or guardian is aware of the student's absence, the school shall notify the parent of the student's absence. Notification shall be by telephone and by mail. The mailed notice will include the state mandated warning that two unexcused absences from school in a month or five unexcused absences in a year may result in a complaint filed with the Superior Court that the child's family is a family with service needs.

Truancy

Truancy is defined as four unexcused absences from school in any one month or ten unexcused absences from school in any school year. When a student is identified as a truant, the Superintendent or his/her designee will conduct a meeting with the parent, the student, if appropriate, and other school personnel. The meeting will occur not later than ten school days after the child's fourth unexcused absence in a month or the tenth unexcused absence in a school year and will be for the purpose of reviewing and evaluating the reasons for truancy. In reviewing and evaluating the reasons for the student's truancy, the participants of the meeting should consider the appropriateness of referring the student to the school's Student Assistance Team or planning and placement team. At the meeting, school personnel shall be designated to coordinate services with and referrals of children to community agencies providing child and family services if appropriate.

For more information, please refer to Board Policy #5113, "Truancy."

For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an

Students with Disabilities – Reasonable Accommodations and Special Education

Section 504

A student who has a physical or mental impairment that substantially limits a major life activity or otherwise substantially limits the student's ability to access his or her education may be entitled to reasonable accommodations under Section 504 of the Rehabilitation Act of 1973. Major life activities include, but are not limited to learning, concentrating, thinking, working, communicating, caring for oneself, seeing, hearing, walking, breathing or eating as well as the operation of a major bodily function. A student's eligibility for such accommodations is determined by a Section 504 Team, and any accommodations the disabled student may require are set forth in what is known as a Section 504 Plan. The 504 Plan outlines the modifications and accommodations that the disabled student needs in order to participate fully in the programs offered by the school. If you wish to have your child considered for identification for accommodations under Section 504, you should contact your child's assistant principal and/or guidance counselor. Any questions, concerns or disagreements regarding 504 Plans should be directed to the school district's Section 504 Coordinator:

Assistant Superintendent of Schools
50 East Street
New Milford, CT 06776
(860) 354-3235

Special Education

Students with disabilities who need specialized instruction may qualify for special education services under the Individuals with Disabilities Education Improvement Act of 2004, or "IDEA." Unlike Section 504 accommodations, which are intended to support the student in a general education setting, specialized instruction is tailored to the student's unique academic needs and consists in large part of annual goals and short-term objectives that are set forth in the student's Individual Education Plan, or "IEP." The New Milford Public School system actively seeks to identify children, beginning at age 3, who may require special education services. Eligibility for special education is determined by a Planning and Placement Team, or

“PPT.” Before a child is referred to a PPT, however, the law requires that the school system consider and, where appropriate, implement alternative procedures and programs in a general education setting. Referrals for special education may be made by school personnel as well as from a student's parents, physician, or social worker. If you wish to refer your child for special education services, you should contact the principal or assistant principal at your child's school. Any questions, concerns or disagreements regarding special education should be directed to:

Director of Pupil Personnel and Special Services
50 East Street
New Milford, CT 06776
(860) 354-2654

In providing special education and/or reasonable accommodations to students, the district complies with the requirements of federal and state law.

Video surveillance

Video camera surveillance may be used on school buses, other transportation vehicles, in school buildings and on school property for the purpose of promoting the safety and security of students, staff and property. There will be no video surveillance in areas where students and staff have a reasonable expectation of privacy, such as lavatories and locker rooms. For more information, please refer to Board Policy 5131.111.

Use of canines to detect illicit substances on school grounds

New Milford Public Schools has a zero tolerance for the possession and/or use of illegal drugs on school campuses. As educators, we are concerned about the use of illegal drugs by adolescents in our community. Our school district's efforts to prevent drug use at New Milford High School and Schaghticoke Middle School are well-established through our comprehensive health education and developmental guidance programs. However, despite our best efforts, some students continue to engage in unsafe behavior, take dangerous risks with drugs, and possess drugs on school grounds.

Therefore, working in collaboration with the New Milford Police Department, school administrators will periodically invite a canine unit trained in the detection of drugs onto school campuses. It is our intention to use the canine unit to conduct sweeps through the hallways, bathrooms, common areas, lockers and locker rooms, and the parking lot. During this procedure students will remain in their classrooms, much as they do when we practice an emergency drill. The canine unit will not be used in rooms occupied by students, nor will it be used to sniff students. If the canine unit detects an illicit substance in a student locker or vehicle, the student who is responsible for that locker or vehicle shall be called to witness any search. The student will be brought to an administrative office, questioned and possibly searched by a school administrator. Students who are discovered to be in possession of illegal drugs will be subject to disciplinary consequences including suspension and expulsion from school as well as possible arrest.

Eligibility for Free and Reduced Lunch

Children need healthy meals to learn. **The New Milford Public School** offers healthy meals every school day. Breakfast costs \$ 1.40 (K-Grade 5), \$1.75 (Grades 6-12) and lunch costs \$2.35 (K-Grade 5), \$2.60 (Grades 6-12). **Your children may qualify for either free meals or reduced-price meals.** The reduced price is \$.30 for breakfast and \$.40 for lunch. This packet includes an application for free or reduced-price meal benefits and detailed instructions.

NOTE: Children receiving Supplemental Nutrition Assistance Program (SNAP) or Temporary Family Assistance (TFA) benefits may be directly certified and automatically eligible for free meals without applying for benefits. Questions regarding SNAP/TFA and direct certification should be sent to the determining official Charlene Kirkwood, kirkwoodc@newmilfordps.org, or 860-354-3712. If you have received a NOTICE OF DIRECT CERTIFICATION for free meals, **do not** complete the application. Let the school know if any children in your household are **not** listed on the **Notice of Direct Certification** letter you received.

The answers to common questions below can help you with the application process.

1. Who can get free or reduced-price meals?

- All children in households receiving SNAP or TFA benefits are eligible for free meals.
- Foster children that are under the **legal** responsibility of a foster care agency or court are eligible for free meals.
- Children participating in their school's Head Start program are eligible for free meals.
- Children who meet the definition of homeless or runaway are eligible for free meals.
- Children may receive free or reduced-price meals if your household's income is within the limits of the Federal Income Eligibility Guidelines. Your children may qualify for free or reduced-price meals if your household income falls at or below the limits on this chart:

Reduced Federal Eligibility Income Chart Effective 7/1/2016 to 6/30/2017			
Household size	Yearly	Monthly	Weekly
1	\$21,978	\$1,832	\$423

8	75,647	6,304	1,455
Each additional person	+7,696	+642	+148

2. **How do I know if my children qualify as homeless or runaway?** Do the members of your household lack a permanent address? Are you staying together in a shelter, hotel, or other temporary housing arrangement? Does your family relocate on a seasonal basis? Are any children

living with you who have chosen to leave their prior family or household? If you believe children in your household meet these descriptions and you have not been told your children will get free meals, please call or e-mail Ms. Alisha DiCorpo, dicorpoa@newmilfordps.org or 860-354-3235.

3. **Do I need to fill out an application for each child?** No. Use *one Free and Reduced-price School Meals Application* for all students in your household. We cannot approve an application that is not complete, so be sure to fill out all required information. Return the completed application to Charlene Kirkwood, Food & Nutrition Services Department, 22 Hipp Road, New Milford, CT 06776, 860-354-3712 by fax to 860-354-2118.
4. **Should I fill out an application if I received a letter this school year saying my children are already approved for free meals?** No, but please read the letter carefully and follow the instructions. If any children in your household were missing from your eligibility notification, contact Charlene Kirkwood, kirkwoodc@newmilfordps.org, Food & Nutrition Services Department, 22 Hipp Rd., New Milford, CT 06776, or 860-354-3712 immediately.
5. **My child's application was approved last year. Do I need to fill out a new one?** Yes. Your child's application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for the new school year.
6. **I get WIC. Can my children get free meals?** Children in households participating in WIC **may** be eligible for free or reduced-price meals. Please send in an application.
7. **Will the information I give be checked?** Yes. We may also ask you to send written proof of the household income you report.
8. **If I don't qualify now, may I apply later?** Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed may become eligible for free and reduced-price meals if the household income drops below the income limit.
9. **What if I disagree with the school's decision about my application?** You should talk to school officials. You also may ask for a hearing by calling or writing Joshua D. Smith, 50 East Street, New Milford, CT 06776, 860-355-8406 or jsmith@newmilfordps.org.
10. **May I apply if someone in my household is not a U.S. citizen?** Yes. You, your children or other household members do not have to be U.S. citizens to apply for free or reduced-price meals.
11. **What if my income is not always the same?** List the amount that you **normally** receive. For example, if you normally make \$1,000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.
12. **What if some household members have no income to report?** Household members may not receive some types of income we ask you to report on the application, or may not receive income at all. When this happens, please write "0" in the field. However, if any income fields are left empty or blank, those will **also** be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you **meant** to do so.
13. **We are in the military. Do we report our income differently?** Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food or clothing, or receive Family Subsistence Supplemental Allowance payments, these must also be included as income. However, if your housing is part of the Military Housing Privatization

Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.

14. **What if there isn't enough space on the application for my family?** List any additional household members on a separate piece of paper and attach to your application. Contact Charlene Kirkwood, kirkwoodc@newmilfordps.org, Food & Nutrition Services Department, 22 Hipp Rd., New Milford, CT 06776, 860-354-3712 to receive a second application.
15. **My family needs more help. Are there other programs we might apply for?** To find out how to apply for SNAP benefits and to contact the Department of Social Services office in your town, contact United Way's free referral number **2-1-1** (free call, statewide).

If you have other questions or need help, call **860-354-3712**.

E. Students in kindergarten, first and second grade may not be expelled except for mandatory reasons as described in the previous paragraph and in section V below.

SECTION IV SUSPENSION PROCEDURE

A. The administration of each school is authorized to invoke suspension for a period of up to ten (10) days, or to invoke in-school suspension for a period of up to ten (10) days, of any student for one or more of the reasons stated in section III, above, in accordance with the procedure outlined in Paragraph C of this section. Moreover, the administration is authorized to suspend a student from transportation services whose conduct while receiving transportation violates the standards set forth in section III, above. The school administration is authorized to immediately suspend any student when there is an emergency as defined in section I, above.

Suspensions shall be in-school suspensions, except an out-of-school suspension may be imposed if:

GRADES K to 2:

the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence that such pupil's conduct on school grounds is of a violent or sexual nature that endangers persons.

GRADES 3-12:

the administration determines that the pupil being suspended poses such a danger to persons or property or such a disruption of the educational process that the pupil shall be excluded from school during the period of suspension, or (B) the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence of (i) previous

disciplinary problems that have led to suspensions or expulsion of such pupil, and (ii) efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies.

- B. In the case of suspension, the school administration shall notify the Superintendent within twenty-four (24) hours of the suspension as to the name of the student who has been suspended and the reason for suspension. Any student who is suspended shall be given an opportunity to complete any class work including but not limited to examinations missed during the period of his/her suspension.
- C. Except in the case of an emergency as defined in section I, above, a student shall be afforded the opportunity to meet with a member of the administration and to discuss the stated charges prior to the effectuation of any period of suspension or in-school suspension. If at such a meeting the student denies the stated charges he/she may at that time present his/her version of the incident(s) upon which the proposed suspension is based. The school administration shall then determine whether or not suspension or in-school suspension is warranted. In determining the length of a suspension period, the school administration may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, in-school suspension, suspension or expulsion.
- D. No student shall be suspended more than ten (10) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless a hearing as provided in section V(B) of this policy is first granted.
- E. No student shall be placed on in-school suspension more than fifteen (15) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless a hearing as provided in section V(B) of this policy is first granted.
- F. Whenever a student is suspended, notice of the suspension and the conduct for which the student was suspended shall be included on the student's cumulative educational record. Such notice shall be expunged from the cumulative educational record if the student graduates from high school.
- G. The administration may shorten or waive the suspension period of a student who is suspended for the first time and who has never been expelled if the student successfully completes a program and any other conditions specified by the administration. Any such program shall be at no expense to the student or his/her parents/guardians. For a student whose suspension period is shortened or waived, the notice of the disciplinary action must be expunged from the cumulative education record if the student graduates from high school or, if the administration chooses, at the time the student completes the specified program and any other conditions required by the administration, whichever is earlier.

SECTION V EXPULSION PROCEDURES

The Board of Education may expel any student in grades three to twelve, inclusive, for one or more of the reasons stated in section III if, in the Superintendent's judgment, such disciplinary action is in the best interests of the school system. An expulsion hearing is required in any instance in which the Superintendent has reason to believe a student in grades kindergarten to twelve, inclusive has engaged in the conduct described in section III (D). The procedures outlined in Paragraphs A and B, below, shall be followed prior to the effectuation of any expulsion unless an "emergency" as defined

in section I, above, exists. If an emergency exists, such a hearing shall be held as soon after the expulsion as possible.

- A. The Board of Education shall notify the student concerned and his/her parents, or the student if he/she has attained the age of eighteen (18), that expulsion is under consideration. Such notice shall contain the information required under Paragraph B of this section. Three members of the Board of Education shall constitute a quorum for an expulsion hearing. A student may be expelled if a majority of the Board members sitting in the expulsion hearing vote to expel, except that when only three Board members are presiding at the hearing, a unanimous vote shall be required for expulsion.
- B. The procedure for any hearing conducted under this section shall be determined by the hearing officer or Board chairperson, as appropriate, but shall include the right to:
 1. Notice of the proposed hearing which shall include:
 - a. a statement of the time, place, and nature of the hearing;
 - b. a statement of the legal authority and jurisdiction under which the hearing is to be held;
 - c. reference to the particular sections of the Connecticut General Statutes or school policies involved;
 - d. a short and plain statement of the matters asserted, if such matters have not already been provided in a statement of reasons requested by the student; the statement so provided may be limited to a statement of the issues involved if it is not possible to state the issues in detail at the time such notice is served. Upon request from the student concerned a more definite and detailed statement of the issues shall be furnished;
 - e. a statement, where appropriate, that the Board is not required to offer an alternative educational opportunity to any student between the ages of sixteen and eighteen who (1) has been expelled previously or (2) is found to have engaged in conduct which endangered persons and involved (a) possession on school property or at a school-sponsored activity of a firearm, deadly weapon, dangerous instrument or martial arts weapon, or (b) offering for sale or distribution on school property or at a school sponsored activity a controlled substance as defined by law. (See section VII on Alternative Educational Opportunity);
 - f. information concerning legal services provided free of charge or at a reduced rate that are available locally and how to access such services.
 2. The opportunity to be heard;
 3. The opportunity to present witnesses and introduce documentary evidence;
 4. The opportunity to cross-examine adverse witnesses and challenge the introduction of documentary evidence;

5. The opportunity to be represented by counsel; and
 6. Prompt notification of the decision of the Board of Education which decision shall be in writing if adverse to the student concerned.
- C. The record of any hearing held in an expulsion case shall include the following:
1. All evidence received or considered by the Board of Education, including a copy of the initial letter of notice of proposed expulsion, if any, and a copy of all notices of hearing;
 2. Questions and offers of proof, objections and rulings on such objections;
 3. The decision of the Board of Education rendered after such hearing; and
 4. The official transcript, if any, of proceedings relating to the case or, if these are not transcribed, any recording or stenographic record of the proceedings.
- D. Rules of evidence at expulsion hearings shall include the following:
1. Any oral or documentary evidence may be received by the Board of Education, but as a matter of policy irrelevant, immaterial or unduly repetitious evidence shall be excluded;
 2. The Board of Education shall give effect to the rules of privilege recognized by law;
 3. In order to expedite a hearing, evidence may be received in written form, provided the interest of any party is not substantially prejudiced thereby;
 4. Documentary evidence may be received in the form of copies or excerpts if the original is not readily available provided, however, that any party to a hearing shall be given an opportunity to compare the copy with the original;
 5. A party to an expulsion hearing may conduct cross-examination of witnesses where examination is required for a full and accurate disclosure of the facts;
 6. The Board of Education may take notice of judicially cognizable facts in addition to facts within the Board's specialized knowledge provided, however, the parties shall be notified either before or during the hearing of material noticed, including any staff memoranda or data, and an opportunity shall be afforded to any party to contest the material so noted;
 7. A record of any oral proceedings before the Board of Education at an expulsion hearing shall be made. A transcript of such proceedings shall be furnished upon request of a party with the cost of such transcript to be paid by the requesting party.

- E. In determining the length of an expulsion, the Board of Education may receive and consider evidence of past disciplinary problems, which have led to removal from a classroom, in-school suspension, suspension, or expulsion.
- F. Decisions shall be in writing if adverse to the student and shall include findings of fact and conclusions necessary for the decision. Findings of fact made by the Board after an expulsion hearing shall be based exclusively upon the evidence adduced at the hearing.
- G. Except as provided for in Section VII, any student who is expelled shall be offered an alternative educational opportunity consistent with the requirements of state law:-
- H. Whenever a student is expelled pursuant to the provisions of this policy, notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record. Such notice shall not be expunged at any time if the expulsion was based upon possession of a firearm or deadly weapon and the student was in grade nine through twelve. Such notice shall be expunged from the cumulative educational record if the student graduates from high school. The expulsion notice may be expunged from the student's record prior to graduation if the student has demonstrated to the Board that his/her conduct and behavior in the years following the expulsion warrants expungement.
- I. Whenever a student against whom an expulsion hearing is pending withdraws from school after notification of such hearing but before the hearing is completed and a decision rendered, notice of the pending expulsion hearing shall be included on the student's cumulative educational record and the Board shall complete the expulsion hearing and render a decision.
- J. Except in cases where an expulsion is based upon the possession of a firearm or deadly weapon, the Board of Education may shorten the length of or waive the expulsion period of a student who is expelled for the first time and who has never been suspended if the student successfully completes a program and any other conditions specified by the Board. Any such program shall be at no expense to the student or his/her parents/guardians. For a student whose expulsion period is shortened or waived, the notice of the disciplinary action must be expunged from the cumulative education record if the student graduates from high school or, if the Board chooses, at the time the student completes the specified program and any other conditions required by the administration, whichever is earlier. Nothing herein shall be deemed to restrict the ability of the Board to shorten or waive the expulsion period, based upon completion of any program or meeting of conditions, for students who have been previously suspended or expelled, as may be permitted by law and as provided in Subsection L, below.
- K. The Board of Education may adopt the decision of a student expulsion hearing conducted by another school district, provided that the Board shall hold a hearing pursuant to this policy which shall be limited to a determination of whether the conduct which was the basis for the expulsion would also warrant expulsion under the policies of the Board. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with statutory requirements and this policy.

- L. In addition to such rights specified in Section J, above, an expelled pupil may apply for early readmission to school. Such readmission shall be at the discretion of the Board of Education; however, the Board may delegate authority for readmission decisions to the Superintendent. If the Board delegates such authority, readmission shall be at the discretion of the Superintendent. The Board or Superintendent, as appropriate, may condition such readmission on specified criteria.
- M. A student requiring special education and related services as described in Connecticut General Statutes §10-76a(5)(A) shall not be referred to an expulsion hearing until a planning and placement team is convened to determine whether the misconduct was caused by the student's disability. If it is determined that the misconduct was caused by the child's disability, the child shall not be referred to an expulsion hearing and shall not be expelled.

The planning and placement team shall reevaluate the child for the purpose of modifying the child's individualized education program to address the misconduct and to ensure the safety of other children and staff in the school. If it is determined that the misconduct was not caused by the student's disability, the student may be expelled in accordance with the provisions of this section applicable to children who do not require special education and related services. Notwithstanding the provisions of Section VII, below, whenever a student requiring such special education and related services is expelled, an alternative educational opportunity, consistent with such child's educational needs shall be provided during the period of expulsion.

- N. Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for such offense may be expelled using the procedures of this policy. The period of expulsion shall run concurrent with the period of commitment. If a student who committed an expellable offense seeks to return to the school district after having been in a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement and the student has not been expelled for such offense, the district shall allow such student to return and may not expel the student for additional time for such offense.
- O. A student who has been identified as eligible for school accommodations pursuant to Section 504 of the Rehabilitation Act, shall not be referred to an expulsion hearing until the student's Section 504 Team is convened to determine whether the misconduct was caused by the student's disability. If it is determined that the misconduct was caused by the child's disability, the child shall not be referred to an expulsion hearing and shall not be expelled. Where appropriate, the Section 504 Team shall modify and otherwise review the student's accommodations plan to address the misconduct and to ensure the safety of other children and staff in the school. If it is determined that the misconduct was not caused by the student's disability, the student may be expelled in accordance with the provisions of this section applicable to non-disabled students.

SECTION VI NOTIFICATION TO PARENTS OR GUARDIAN

The parents or guardian of any minor student against whom disciplinary action is taken under this policy shall be given notice of such disciplinary action within twenty-four (24) hours of the time the student was excluded.

SECTION VII ALTERNATIVE EDUCATIONAL OPPORTUNITY

The Board of Education recognizes its obligation to offer any student under the age of sixteen (16) who is expelled an alternative educational opportunity during the period of expulsion. Any parent or guardian of such a student who does not choose to have his or her child enrolled in an alternative program shall not be subject to the provisions of section 10-184 of the General Statutes. Any expelled student who is between the ages of sixteen (16) and eighteen (18) and who wishes to continue his or her education shall be offered an alternative educational opportunity if he or she complies with conditions established by the Board of Education. Such alternative may include, but shall not be limited to, the placement of such student in a regular classroom program of a school other than the one from which the student has been excluded and, for students at least sixteen (16) years of age, placement in an adult education program. Any student participating in an adult education program during a period of expulsion shall not be required to withdraw from school. In determining the nature of the alternative educational opportunity to be offered under this section the Board of Education may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, suspension, or expulsion.

State statutes do not require the Board of Education to offer an alternative educational opportunity to a student between the ages of sixteen (16) and eighteen (18) who has been expelled previously or who is expelled because of conduct which endangers persons and it was determined at the expulsion hearing that the conduct for which the student was expelled involved (a) possession on school property or a school-sponsored activity of a firearm, deadly weapon, dangerous instrument, or martial arts weapon or (b) offering for sale or distribution on school property or at a school sponsored activity a controlled substance as defined in subdivision (9) of C.G.S. §21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting, or possessing with the intent to sell or dispense, offering, or administration is subject to criminal penalties under C.G.S. §§21a-277 and 21a-278.

If the Board expels a student for the sale or distribution of such a controlled substance the Board shall refer the student to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and inform the agency of its action. If the Board expels a student for possession of a firearm or deadly weapon, the Board shall report the violation to the local police department. The Board shall give the name of the student and a summary of the Board's action in so referring the student, to the commissioner of education within thirty (30) days after the student is expelled.

The provisions of this section shall not apply to students requiring special education who are described in subdivision (1) of subsection (e) of Connecticut General Statutes §10-76a.

SECTION VIII GUN FREE SCHOOLS ACT

The Board of Education shall submit to the Commissioner of Education such information on expulsions for the possession of weapons as is required for purposes of the Gun Free Schools Act of 1994, 20 U.S.C. §7151, et seq.

SECTION IX PRE-SCHOOL PROGRAMS

- A. As used in this section, "preschool program provider" means a local or regional board of education, state or local charter school or interdistrict magnet school that offers a preschool program. No preschool program provider shall expel any child enrolled in such provider's preschool program, except an expulsion hearing shall be conducted, in accordance with the

provisions of subsection B, below, whenever there is reason to believe that any child enrolled in such preschool program was in possession of a firearm, on or off school grounds or at a preschool program-sponsored event. Such child shall be expelled for one calendar year if, at the expulsion hearing it is determined, that the child did so possess such a firearm. A preschool program provider may modify the period of expulsion for a child on a case-by-case basis.

- B. An expulsion hearing required under this subsection shall be conducted by (1) the program provider, as set forth above, or (2) the board of education, in accordance with section V above, if (a) the preschool program provider is the board of education, or (b) the preschool program provider is a regional educational service center or a state or local charter school pursuant to an agreement between such preschool program provider and the board of education, Unless an emergency exists, as set forth in section I, above, no child shall be expelled under this subsection without a formal hearing held pursuant to section V. If an emergency exists, such hearing shall be held as soon after the expulsion as possible.
- C. No preschool program provider may authorize a suspension of a child enrolled in such provider's preschool program, unless the suspension is an in-school suspension. Except that an out-of-school suspension may be imposed if the administration determines that an out-of-school suspension is appropriate for such pupil based on evidence that such pupil's conduct on school grounds is of a violent or sexual nature that endangers persons.

Policy 5131 Student Conduct

I. Philosophy of Discipline

Discipline begins in the home with the responsibility of parents to develop a positive attitude towards study and behavior. No code established or action taken by school officials can be effective without parental acceptance of this primary responsibility. Discipline continues in the classroom with the relationship between the teacher and the student.

The school district is unequivocally committed to the principle that disorderly and disruptive behavior should not be permitted to interfere with the right of other students to pursue an education. While most discipline problems should be handled by the teacher, student and parent, the Administration and the Board of Education have the responsibility to support and maintain the enforcement of discipline within the building.

All students shall be required to conduct themselves at all times in accordance with established codes of student conduct. Every reasonable effort will be made to keep students within the school's sphere of influence, using suspension and/or expulsion only where appropriate according to established school policy. In this connection, students are reminded that:

1. The exercise of any of the student's rights must be weighed against the rights of another individual or group.
2. No student has the right to disrupt the educational process within a school.
3. All students will have the right to due process procedures in matters of suspension, transfer, and expulsion.

II. Areas of Responsibility

A. Board of Education

The Board of Education holds the certified personnel responsible for the implementation of these rules with respect to students who are legally under the supervision and jurisdiction of the school and charges the Superintendent to see that such responsibility is effectively carried out.

B. Principal

The Principal shall implement immediate and necessary procedures and rules to render effective the policies of the Board of Education relating to standards of student behavior. The Principal may involve representatives of all areas of school personnel, students, parents and citizens of the community to this end.

C. Teachers

Teachers shall be responsible for the instruction of students in rules and regulations of proper conduct, as well as be responsible for assisting in the implementation of these rules and regulations. The responsibility and authority of any teacher extends to all students of the school district under the assigned supervision of the teacher and to other students so situated with respect to the teacher as to be subject to the teacher's control.

D. Parents

Parents shall be expected to cooperate with school authorities regarding the behavior of their children. Parents shall be held responsible for the willful misbehavior of their children.

E. Students

Each student is expected to act in accordance with the school behavior code, which emphasizes respect, cooperation, honesty, caring and responsibility. In doing so, students will develop life-long social and decision-making skills.

III. Student Behavior

Students shall be properly instructed in rules and regulations of acceptable conduct; they shall then be responsible for understanding and complying with the standards of behavior described therein. Any student who fails to comply with these laws and rules concerning student behavior is liable to suspension, exclusion or expulsion. Physical endangerment of another student or person shall be treated with especial strictness.

Policy 5131.1 Student Behavior on School Transportation

It is the responsibility of the Board, within the limits of the law, to ensure that the behavior of students on school vehicles or at school bus stops will promote the environment necessary for the safe transportation of students.

The New Milford Board of Education directs the Superintendent of Schools to establish and enforce uniform rules and procedures that will govern the behavior of students who are transported by a school vehicle to and from school and/or to and from a school sponsored activity. The rules and procedures shall be in accordance with Connecticut General Statutes and the guidelines set forth in this policy.

Parents or guardians are responsible for the behavior and safety of a student while on route to, from, and at the bus stop. Students at the bus stop shall behave in a manner that does not endanger the physical or emotional safety of self or others. Students who misbehave at a bus stop may, as a result, have the privilege of bus transportation denied as outlined in state statutes.

The Board of Education is responsible for student safety while students are in the Board's custody, that is, from the time a student boards the bus and until the student is discharged at the bus stop. The Board shall expect that the following general regulations will be followed:

1. The bus driver shall be in charge and treated respectfully by the students. All reasonable requests by the bus driver shall be obeyed.
2. Students shall remain seated until the bus is stopped at its destination and it is time for a student or students to leave the bus.
3. Students shall not tamper with any equipment that is part of the vehicle, including the rear exit door which is to be used only in an emergency.
4. All articles belonging to students, such as athletic equipment, books and backpacks, musical instruments, etc. shall not be placed in the aisle, in the driver's compartment, in the stairwell of the bus, or blocking any door.
5. Except for service animals that are individually trained to provide assistance to an individual with a disability, animals of any kind shall not be allowed on school vehicles.
6. Disruptive behavior shall not be permitted and shall result in disciplinary action, up to and including expulsion, suspension from school or suspension of transportation privileges; as well as payment for damage to a school vehicle as a result of the disruptive behavior.

The Superintendent shall establish the "Rules for Student Behavior on School Transportation" (5131.1); which shall be distributed to parents and students by the beginning of the school year.

Policy 5131.8 Out of School Misconduct

Students are subject to discipline, up to and including suspension and expulsion, for misconduct that occurs off school property, even when it is outside the school day, if the misconduct constitutes a violation of a publicized Board policy and is seriously disruptive of the educational process. Disciplinary action may result, whether (1) the incident was initiated on school property, or (2) was initiated off-school property, whether during school time, or not.

The Board considers conduct which is "severely disruptive of the educational process" to be conduct that "markedly interrupts or severely impedes the day-to-day operations of a school." In making the determination as to whether conduct is "seriously disruptive of the educational process," the administration may consider, but shall not be limited to, the following factors: (1) whether the incident occurred within close proximity of a school; (2) whether other students were involved, whether gang related or otherwise; (3) whether the conduct involved violence, threats of violence or the unlawful use of a weapon, as defined in Section 29-38 of the Connecticut General Statutes, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol or illegal drugs.

Examples of out-of-school misconduct that may result in discipline, up to and including suspension and expulsion, include but are not limited to:

1. A bomb threat;
2. A threat to cause death or physical injury to an administrator, teacher, school employee, student, or other member of the community;
3. Use, possession, sale, or distribution of firearms, deadly weapons, dangerous weapons or dangerous instruments, as defined in Connecticut General Statutes Sections 29-35, 53-206 and 53a-3, for which expulsion is not otherwise mandatory;
4. Use, possession, sale or distribution of alcohol;
5. Use or possession of illegal drugs, including medications for which the student does not possess a valid prescription;
6. Violent conduct;
7. A pattern of conduct that constitutes bullying, harassment, or stalking of another student.

Mandatory Expulsions for Out-of-School Misconduct

Students shall be referred to an expulsion hearing and shall be expelled for one calendar year, provided that the Board may modify the period of expulsion on a case-by-case basis, if it is found that:

1. The student, off school grounds, did possess a firearm in violation of Connecticut General Statutes Section 29-35, or did possess and use such a firearm, instrument or weapon in the commission of a crime under Chapter 952 of the Connecticut General Statutes, Sections 53a-24, *et seq.*
2. The student, off school grounds, offered for sale or distribution a controlled substance, as defined Connecticut General Statutes Section 21a-240(9), whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with intent to sell or dispense,

offering, or administering is subject to criminal penalties under Sections 21a-277 and 21a-278.

Policy 5144 Discipline

The policy of the New Milford Board of Education is to maintain an orderly environment in which teaching and learning can take place, to encourage students to respect the need for authority reasonably exercised and accept responsibility for their own actions, and to help them develop self-discipline consistent with the needs and expectations of the educational system and the society at large.

Student Behavior

Appropriate behavior is expected from all students at all times. The Board realizes that appropriate behavior is not always automatic or easy. Often mistakes are made as students learn to be responsible for their own actions. Therefore, it is expected that each Principal and each teacher will have guidelines that will maintain discipline without inhibiting growth. The guidelines should be consistent with this policy while allowing for individual application reflecting the differences among administrators, teachers, students, grade levels, and circumstances.

Self Discipline

The ultimate goal of school discipline should be to help students develop self-discipline, a capacity for personal restraint in view of the needs and rights of themselves and others that will guide them throughout life. Students should learn the meaning and value of deferred rewards.

Preventive Discipline

The Board of Education believes that when certain conditions exist in a school many discipline problems will be prevented. These conditions, which each school should attempt to establish as part of a preventive discipline program, include:

1. A consistent application of reasonable rules and procedures beginning in the primary grades.
2. Adequate instruction at appropriate levels by competent teachers who are well-prepared in their subject matter areas.
3. Varied instructional and activity programs.
4. Sincere attempts to communicate with the home.
5. Genuine concern by the staff for individual student problems and growth.
6. Student involvement as appropriate in formulating rules and behavior standards.

Discipline should be a cooperative effort between home and school. It must begin at home and be reinforced in the schools. School discipline must be supported by parents. To secure maximum cooperation and support, the schools should inform parents about school discipline policies and about their child's behavior, and consult them promptly in the event of serious and/or persistent disciplinary problems.

Corrective Discipline

When student behavior disrupts the learning environment, infringes on the rights of others, or endangers the student or other individuals, the educational system cannot achieve its purpose. Teachers and administrators may employ appropriate disciplinary measures as needed to control and correct inappropriate behavior. The measures should be consistent with this policy and appropriate to the student's age and the nature and seriousness of the behavior.

The Board of Education does not consider mass punishment or corporal punishment acceptable disciplinary measures. The Board does recognize that it may occasionally be necessary for a staff member to restrain a student or to use force to break up physical conflicts.

When persistent disciplinary problems occur, every effort should be made to resolve them through conferences with the student and the parents with the assistance of administrators and student personnel services. Although it may sometimes be necessary to temporarily remove a student from regular classes to help resolve personal problems that are causing misbehavior, the objective should be to help the learner to function constructively and responsibly in the normal school environment.

Students with Special Health Care Needs (Policy 5141.25)

Accommodating Students with Special Dietary Needs

The Board of Education believes all students, through necessary accommodations where required, shall have the opportunity to participate fully in all school programs and activities.

In some cases, a student's disability may prevent him/her from eating meals prepared for the general school population.

Substitutions to the regular meal will be made for students who are unable to eat school meals because of their disabilities, when that need is certified in writing by a physician. Meal service shall be provided in the most integrated setting appropriate to the needs of the disabled student.

The nature of the student's disability, the reason the disability prevents the student from eating the regular school meals, including foods to be omitted from the student's diet, indication of the major life activity affected by the disability, the specific diet prescription along with the substitution(s) needed will be specifically described in a statement signed by a licensed physician. The district, in compliance with USDA Child Nutrition Division guidelines, will provide substitute meals to food-allergic students based upon the physician's signed statement.

Management of Life Threatening Food Allergies

The New Milford Board of Education recognizes the importance of developing and implementing a plan for the management of food allergies in the student population. This plan must provide a balance between the health, social normalcy and safety needs of students with life-threatening food allergies and the educational, health and safety needs of all students.

Food Allergy Management Team

The Board of Education delegates the responsibility for developing, implementing, monitoring, reviewing and revising the school district's Guidelines for Food Allergy Management to a multidisciplinary food allergy management team. The district's wellness advisory council is the designated food allergy management team and should include the following members: Superintendent or designee, building administrator, medical advisor or designee, school nurse, director of pupil personnel and special services, food and nutrition services director, teacher representative, parent representative, student representative, transportation coordinator, supervisor of custodial staff, other school personnel or community representatives as appropriate.

Guidelines established by the food allergy management team shall address the following areas:

1. The process for identifying students with life-threatening food allergies including provisions for parents/guardians to provide adequate medical documentation
2. The process for developing individual health care plans for students with life-threatening allergies consistent with applicable state and federal law
3. Strategies to reduce the risk of exposure to life-threatening food allergens in school buildings
4. Provisions for the ongoing education of school personnel and the school community regarding the management of life-threatening food allergies

5. Emergency medical response plan including communication strategies between individual schools and local providers of emergency services
6. A method for monitoring and assessing of the food allergy management plan on at least an annual basis.

The Guidelines for Food Allergy Management shall be posted on the Board's website or the website of each school under the Board's jurisdiction. Parents and guardians shall be provided notice of the District's food allergy management plan annually, at the beginning of each school year in conjunction with the provision of the written statement of the Board's pesticide application policy.

Green Cleaning Program

The New Milford Public Schools has initiated a Green Cleaning Program, in order to reduce the chance of exposure for anyone using NMPS facilities, from products that might adversely affect human health and the environment, effective July 1, 2011.

As part of this ongoing effort, NMPS will work to eliminate any cleaning products brought in from the outside. CT Public Act 09-81 prohibits any parent, teacher, or staff member from bringing in any consumer products for cleaning. Custodial staff will be provided with regular training in order for them to be knowledgeable in green cleaning procedures, to comply with Public Act 09-81, and to provide a safe and clean environment for all.

Pesticide Management Program

The New Milford Board of Education has adopted an Integrated Pest Management (IPM) policy for pest control within the building(s) on the grounds of the New Milford High School, Schaghticoke Middle School, Sarah Noble Intermediate School, Hill & Plain Elementary School and Northville Elementary School. IPM utilizes all available pest control methods such as sanitation, structural maintenance and exclusion, maintaining proper soil pH, fertility and moisture, trapping and/or biological controls along with the judicious use of pesticides to maintain pest populations at or below an acceptable level. Pesticides may be applied if a pest population has been identified through periodic monitoring; and alternative methods of control have not been effective. The least toxic pesticide would be used first. Pesticide applications will not be performed within any building or on the grounds of the school during regular school hours or during planned activities unless an emergency application is necessary to eliminate an immediate threat to human health. When this occurs, all children and staff will be removed from the area and not allowed to return until it is safe to do so according to the pesticide label.

Parents, guardians and staff who would like to be notified of pesticide applications may contact this office to register. Registrants will be notified of pesticide applications on or before the date of application by email. Notification will include (1) the name of the active ingredient of the pesticide being applied, (2) the location of the application on school property, (3) the date of the application, and (4) the name of the school administrator or a designee who may be contacted for further information. Registrants will be notified of any emergency pesticide applications that are made to eliminate an immediate threat to human health by email.

Notice will be sent to any person who registers to be notified if there is any revision or modification to the Integrated Pest Management (IPM) plan.

Asbestos Management Plan

The New Milford Board of Education, in compliance with federal law, has developed a formal asbestos management plan, concerning the presence or suspected presence of asbestos-type materials within district school buildings, and required inspections and preventative measures related to those materials to ensure that there is no exposure hazard to the students, faculty or staff.

In accordance with federal law, members of the public, including parents, teachers and other employees, shall be permitted access to the asbestos management plan of the New Milford Board of Education. Upon request, the district shall permit members of the public, including parents, teachers and other employees, to inspect any asbestos management plan for any building so desired. The district shall grant access to such management plans within a reasonable period of time after a request from a member of the public is received.

The Facilities Department is responsible for ensuring that the requirements of our asbestos management program are properly implemented. All requests will be routed through them.

INFORMATION ON THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

Dear Parent/Guardian:

If your children qualify for free school meals or milk, you might also qualify for **SNAP** (formerly called Food Stamps). SNAP helps people buy food for themselves and their families. SNAP benefits are issued each month on plastic debit cards. You can use SNAP benefits to buy food at major supermarkets, neighborhood grocery stores and some farmers' markets authorized to accept SNAP.

HOW TO QUALIFY

If and how much SNAP you qualify for depends on:

- your household's income;
- allowable deductions to your household's income (examples include monthly shelter expenses, medical bills, court ordered child support);
- your household size; and
- at least 5 years U.S. residency for Legal Permanent Resident non-citizens.

Household Size	Gross Monthly Income	Gross Annual Income
1	\$1,815	\$21,780
2	\$2,456	\$29,472
3	\$3,098	\$37,176
4	\$3,739	\$44,868
5	\$4,380	\$52,560
6	\$5,022	\$60,246
7	\$5,663	\$67,956
8	\$6,304	\$75,648
For each additional member	+642	+7704
Larger households = higher incomes		

If you have access to the Internet, you can go online to see if you are eligible for SNAP. Go to www.connect.ct.gov and click "Am I Eligible?" **Owning your own home or owning a car will not prevent you from being eligible for SNAP.**
