

The School District of Newberry County is accepting proposals for the following work at Accelerated Learning Academy.

Location:
540 Brantley St
Newberry, SC 29108

Proposals must be in writing and submitted to the Technology Department on or before October 7. They may be emailed, mailed, or hand delivered to:
Tina Palmer (tpalmer@newberry.k12.sc.us)
PO Box 718
Newberry, SC 29108

Description of work

The scope of work for this project consists of the installation of plenum Cat5e cabling for an IP camera system, installation of IP cameras, running of all necessary metal conduits, and installation of all necessary software/licenses for cameras on existing District server. Vendor will be provided with IP address scheme when awarded the bid.

Vendor must be an authorized reseller of the IP cameras proposed and be certified to install and maintain the proposed cameras. Vendor must provide a letter from the manufacturer (on the manufacturers letterhead) stating that they are currently in good standing and meet the requirements listed above. All IP cameras must come with a minimum of a 3 years manufacturer's warranty with advanced replacement.

All copper connectivity will be rated for Category 5e performance and be plenum rated cable. All cables will be tested and labeled to comply with BICSI standards. All cables will have a 25 year warranty and submitted to the cable manufacturer for the activation of the warranty. Patch cables will need to be provided. Vendor must provide a letter from the manufacturer (on the manufacturers letterhead) stating that the cable meets the requirements listed above.

Furnish and install 9 interior IP cameras with drop ceiling mount kits and 2 exterior IP cameras. Preferred models are Axis P3304 and P1344. Equivalent or better cameras will be considered. Contractor will need to run plenum Cat5e cables/drops for cameras (in metal conduit where necessary). The vendor will provide installation of all necessary software/licenses for cameras on existing District server.

Vendors must include all sales tax and applicable charges in the bid.

** Contractor will provide plenum cable, metal conduit where necessary, patch panels, video server, power injectors where necessary, patch cables, and cameras.

If any person contemplating submitting a proposal for the proposed work is in doubt as to the true meaning of any part of the RFP, or finds discrepancies in, or omissions herein, the person may submit to the Technology Department written request for clarification or correction.

Written requests for clarification or correction of this RFP must be received no later than three (3) calendar days prior to proposal submission deadline.
