

Request for Proposal
Network Cabling, Wireless Access Points and IP cameras
New District Office
RFP Solicitation Number: Tech 2013-005

Addendum 2

1. Vendor will provide small wall mount unit for tech closet in lab with fiber run between server room and tech closet.
2. Vendor will install 4 drops at each location in lab.
3. Vendor will install 1 Wireless Access Point in the lab and 2 Wireless Access Points in the Board Room.
4. Vendor will install backboard in server room if necessary.

Vendor is to provide the District with a proposal that they feel meets the needs of the District based on the construction drawings.
