Q: Can you confirm what the quantity 365 of Cisco Switches shown below is in reference to? We've reviewed the bid documents and are unable to locate this item. Is this line in error?

A: Please see the RFP, the 365 reference the modules for the switches. The responses are expected to be included in the "Additional Hardware Quantity" Sections.

Q: I noticed that bid stated to send in a sealed envelope. I was wondering if the school district would accept the bid via email (electronically)? We are planning on sending it in a sealed envelope, but I thought I would ask about e-delivery. Let me know!

A: Please see the RFP, bids will only be accepted in a sealed envelope.
