

## **PPO Network Change**

Nye County School District (NCSd) believes it is important to keep you updated with the latest information about your benefit program. This following explains changes to the PPO Medical Plan starting January 1, 2018.

**What's Not Changing: None of your medical plan deductibles, copayments or coinsurance will be changing. Your dental and vision benefits and networks will remain unchanged.**

### **New PPO Plan Network: Anthem BlueCross BlueShield**

The Anthem BlueCross BlueShield Preferred Provider Network will replace the Nevada Preferred Provider Network starting January 1, 2018. This network change will benefit you in a number of ways:

- Access to the Anthem national network through the BlueCard program.
- All members are now able to access Anthem providers out of Nevada voluntarily while traveling or just seeking medical treatment out of state. As long as the medical provider is in the Anthem network benefits will be considered in network and paid as such.
- Members will now have in network access to Renown Hospital in Reno, Nevada.
- A number of new Physicians and ancillary providers will be added that are associated with this new network hospital. **Please check the Provider Directory on the NCSd website to confirm any new medical providers.**
- Access to Live Health Online to get advice, treatment, and even prescriptions from a board-certified doctor via live, two way video on your mobile device 24/7.

**The Anthem provider network is very large. It's very likely that you can see the same providers you have now and continue to receive in-network benefits.**

**A directory of providers is posted on the NCSd website. You can also access a listing of providers through [www.anthem.com](http://www.anthem.com). See instructions on the next page to see if your provider is in the Anthem network.**

**If you are in the middle of a treatment plan with an out-of-network provider when the network changes please contact Vikki Purden at 775 727-7743, ext 264 or [vpurden@nye.k12.nv.us](mailto:vpurden@nye.k12.nv.us) to discuss available options to continue treatment.**

### **Important Note about Laboratory Tests**

Please be aware that Quest Diagnostics is not an Anthem network provider. Anthem uses LabCorp for in-network coverage laboratory tests. All Anthem providers know that this is standard and will direct you to use LabCorp. To find a LabCorp location near you, visit:

<https://www.labcorp.com/wps/portal/findalab>.

### **How do I find out if my current medical provider is in the Anthem PPO network?**

Go to the Anthem website at [www.anthem.com](http://www.anthem.com) and:

1. Under "Menu," click "Find a Doctor."
2. Click "Continue" under "Search as a Guest."
3. Under "How do you get insurance?" select "Through my employer."
4. Select your State.
5. Under "What type of care are you searching for? Select "Medical."
6. Under "Select a plan/network," "select National PPO (Blue Card PPO)" and click "Continue."
7. Provide the information requested and click "Search."

### **Can I continue to use to use my current provider if he/she is not in the Anthem network?**

Yes, but starting January 1, 2018, your provider will be considered out-of-network, so you will pay more money when you use that provider.

### **When will I receive more information about this change?**

Open enrollment starts November 1, 2017. You will be receiving material related to this event on this date. Watch your mail in December for new ID cards and more information. We will also be updating the NCSD website by January 1, 2018 to reflect any new information.

If you have any questions about these changes, your eligibility, or other benefits, please call Capitol Administrators at 800 331-5301 or Vikki Purden at: (775) 727-7743 Ext. 264.

# Looking for a doctor?

## Finding one online is fast and easy

Use our online Find a Doctor tool to look for doctors, hospitals, labs and other health care providers in your Anthem Blue Cross and Blue Shield plan. Check if your favorite doctor is part of your plan, or look for one near you. Avoid getting care from doctors outside of your plan if you can – it will cost you more or your plan may not cover it all.

## Here's all you need to do:

### If you're a member

Go to [anthem.com](http://anthem.com), select the member icon  and log in.

Under *Useful Tools* on the right, select Find a Doctor.

1

### If you're not a member yet

Go to [anthem.com](http://anthem.com).

Select Menu  and then choose Find a Doctor.

Next, select a type of doctor, place or name. Select Search.

2

First answer a few questions, so we can help find you the right plan and doctor in your plan. Then enter or select the plan/network\*.

Next, select a type of doctor, place or name. Select Search.

3

Select a doctor to see more information, such as:

- Training
- Specialties
- Languages spoken
- Address (including a map)
- Phone number

### Going mobile

Use your mobile device to search for doctors, hospitals and more with our free app from the App Store® or Google Play™. Just search for Anthem Anywhere and download the app.

\*If you don't know the name of the plan or network, check with your human resources department or benefits administrator.

# At home or on the go, see a doctor or therapist

Using LiveHealth Online, you can have a private visit with your smartphone, tablet or computer.

When you're anxious or not feeling well, the last thing you want to do is leave the house. LiveHealth Online lets you stay home and have a video visit with a board-certified doctor or licensed therapist on your smartphone, tablet or computer.

## By using LiveHealth Online, you can

- **See a board-certified doctor in a few minutes with no appointment.** Doctors are available 24/7 to assess your condition and, if it's needed, they can send a prescription to your local pharmacy.<sup>1</sup> When your own doctor isn't available, use LiveHealth Online if you have pinkeye, a cold, the flu, a fever, allergies, a sinus infection or another common health condition.
- **Make an appointment with a licensed therapist in four days or less.**<sup>2</sup> You can have a video visit with a therapist from home, at work or on the go – evenings and weekend appointments are available too. Appointments can be scheduled online or over the phone at **1-844-784-8409** from 7 a.m. to 7 p.m., seven days a week. You can get help for anxiety, depression, grief, panic attacks and more.

## What will a visit cost?

Your Anthem plan includes benefits for video visits using LiveHealth Online, so you'll just pay your share of the costs – usually \$49 or less for medical doctor visits, and a 45-minute therapy session usually costs the same as an office therapy visit.

## Sign up for LiveHealth Online today – it's quick and easy

Go to [livehealthonline.com](https://livehealthonline.com) or download the app and register on your phone or tablet.

See a Spanish-speaking doctor with Cuidado Médico on LiveHealth Online

1 Prescription availability is defined by physician judgment and state regulations. Visit the home page of [livehealthonline.com](http://livehealthonline.com) to view the service map by state.

2 Appointments subject to availability of a therapist.

Online counseling is not appropriate for all kinds of problems. If you are in crisis or have suicidal thoughts, it's important that you seek help immediately. Please call 1-800-784-2433 (National Suicide Prevention Lifeline) or 911 and ask for help. If your issue is an emergency, call 911 or go to your nearest emergency room. LiveHealth Online does not offer emergency services.

If you're a retiree or have coverage that complements your Medicare benefits, your employer sponsored health plan may not include coverage for online visits using LiveHealth Online. Check your plan documents for details. You can still use LiveHealth Online, but you may have to pay the full cost of a visit. Online visits using LiveHealth Online may not be a covered benefit for HRA and HIA+ members.

## **Find a provider near you**

**With our plans you have a great choice of  
doctors, hospitals and other providers to  
choose from.**

# Welcome

With your Anthem Blue Cross and Blue Shield health plan, you have access to a network of doctors who have agreed to accept your insurance. These doctors have negotiated special rates with us for their services, while doctors outside our network can charge what they want. That means you'll save on your health care costs when you stay in the network.

We've enclosed a list of network doctors to help you find the right one for you and your family.

You can also quickly search for doctors by area, type of doctor or other preferences using the Find a Doctor link on [anthem.com](http://anthem.com) — or download our handy Find a Doctor mobile app on your cell phone and other devices.

If you need help or would like to talk to someone, you can call the Customer Service number on your ID card to find a doctor near you.

**Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de Servicio al Cliente que aparece al dorso de su tarjeta de identificación o en el folleto de inscripción.**

# How we choose doctors and hospitals for our plans

We work closely with doctors, hospitals and other health care professionals in your plan so you can get high-quality care while keeping monthly payments as low as possible.

## Types of health care professionals

To best meet your health care needs, our plans include a wide range of facilities and health care professionals, including:

- Primary care doctors
- Specialists
- Behavioral health doctors
- Hospitals
- Skilled nursing facilities
- Labs

## We look at these areas when deciding which doctors and hospitals to include in our plans:

### Quality of care

We want to make sure you can get high-quality care. Before doctors and other health care professionals join our plans, we check to see that they have the education, licenses and training as appropriate for the care they provide for our members.

We don't have specific quality, member satisfaction or patient safety measures for choosing doctors and hospitals to be part of our Marketplace plans. However, we check and promote quality of care by offering programs\* like:

- **Enhanced Personal Health Care (EPHC):** Gives primary care practices the tools and data they need to help care for their patients, including managing health conditions or getting preventive care. This program rewards doctors for meeting quality care measures, improving patient health and lowering the cost of care.
- **Quality-In-Sights®: Hospital Incentive Program (Q-HIP®):** Pays an incentive to hospitals when they follow certain quality guidelines and best practices set by national groups to improve the quality of care. Hospitals are rated on their track record for procedures and a patient's care. The goal of this award-winning program is to help all patients get the best health care.
- **Blue Distinction Specialty Care® program:** Helps you find facilities with experience in providing high-quality care for bariatric surgery, cardiac care, knee and hip replacement, spine surgery, maternity care and transplants. These facilities also take steps to make care more affordable for patients.
- **Blue Physician Recognition:** Names doctors who offer high-value, high-quality care to patients with certain health problems such as asthma, diabetes and cardiac care. They also take part in local, national and regional quality improvement programs.

\*Not all programs are available in all states.

- **Blue Precision program:** Recognizes specialists who meet or beat measures for giving quality and affordable care in certain specialties. They must show they follow proven care guidelines or have been recognized by a group such as the National Committee for Quality Assurance.
- **Physician Quality Measurement (PQM):** Gives quality of care results for primary care doctors. This includes showing if their patients received certain preventive care such as cancer screenings.
- **Anthem Quality-In-Sights®: Primary Care Program (AQI):** Evaluates and rewards primary care doctors who meet measures for providing affordable, high-quality care. This includes using the latest technology for care, prescribing generic drugs when it makes sense and taking other steps to improve patient care.

### Member experience

We listen to our members who share feedback about doctors and hospitals after they have joined our plans by using phone surveys and checking complaints.

### Access

We want to make sure it's easy for you to get care. That's why we work hard to have plan participating doctors, hospitals and health care professionals in the places we serve so that you can get the care you need.

To help make sure you can find care, we look at one or more of the following:

- How far you have to travel to a doctor or hospital
- The number of hospitals or doctors in your area
- The number of primary care doctors taking new patients
- How long it takes to make an appointment and see a doctor
- How easily you can access routine, urgent and emergency care

### Cost

Before including them in our Marketplace plans, we often look at whether a doctor or hospital is affordable when compared to others.

### Call us if you have questions

If you have questions about doctors, hospitals and other health care professionals in our plans, call our Member Services Department at the phone number on your ID card.

### **It's important we treat you fairly**

That's why we follow federal civil rights laws in our health programs and activities. We don't discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people with disabilities, we offer free aids and services. For people whose primary language isn't English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Call the Member Services number on your ID card for help (TTY/TDD: 711). If you think we failed to offer these services or discriminated based on race, color, national origin, age, disability, or sex, you can file a complaint, also known as a grievance. You can file a complaint with our Compliance Coordinator in writing to Compliance Coordinator, P.O. Box 27401, Mail Drop VA2002-N160, Richmond, VA 23279. Or you can file a complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at 200 Independence Avenue, SW; Room 509F, HHH Building; Washington, D.C. 20201 or by calling [1-800-368-1019](tel:1-800-368-1019) (TDD: 1-800-537-7697) or online at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>. Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
