NCS D Rising Stars Schools List

October 4, 2018

Included within this document please find the list of Rising Star Schools for Nye County School District. Each of these schools is either in the bottom 5% of schools based on their index score, is a 1-star school or has a graduation rate below 67%. Three of these schools are eligible to submit a parent petition as indicated in the last column.

All schools indicated as being eligible for the Nevada Achievement School District are also eligible to enter into a school performance compact with the State of Nevada. The performance compact is an opportunity for the state and Nye County School District to agree to targets for Rising Stars Schools. If the school meets the agreed upon targets, the school would be removed from eligibility for the Nevada Achievement School District.

Parents and guardians of schools eligible for the Nevada Achievement School District, and eligible to petition may submit a parent petition with the number of signatures greater than fifty percent (no less than 50% + 1) of the student enrollment on the date the State posted the Rising Stars list, September 14, 2018.

The Parent Petition is a way for parents and guardians with children at certain Rising Stars Schools that are not meeting Nevada State Standards to advocate for a change to improve their child's school. Each petition must have a specific "School Plan." Parents and guardians who are in favor of the School Plan can sign an official signature page to show their support for the plan.

For guidance regarding how to start a parent petition, please go to the following site:

Thank you.
