Business Office Mission Statement

The Mission of the Odem-Edroy Independent School District Business Office is to provide support to all District students, staff, parents, and the community and to ensure that all business operations are supportive of the instructional goals and objectives of the district.

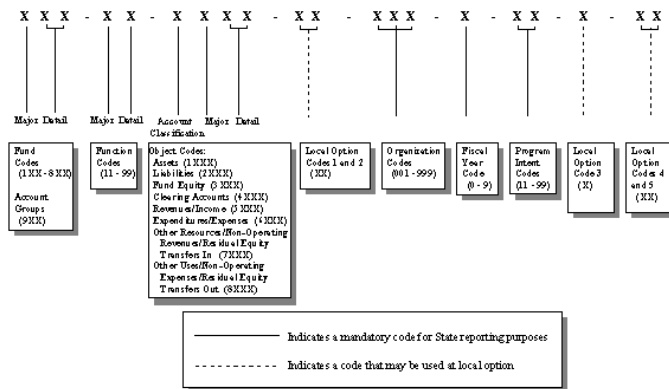

The Business Division's primary goal is to protect the assets of the district and to ensure that all financial transactions are performed in accordance with generally accepted accounting practices.

Accounting Code Structure

The Financial Accounting & Reporting Module of the Financial Accountability System Resource Guide (FASRG) contains the required accounting code structure. Use of the appropriate accounting code structure is mandatory. The code structure is available on the TEA website at www.tea.state.tx.us.

A major purpose of the following accounting code structure is to establish the standard school district fiscal accounting system required by law. Although certain codes within the overview may be used at local option, the sequence of the codes within the structure, and the funds and chart of accounts, are to be uniformly used by all school districts in accordance with generally accepted accounting principles.

The Code Structure

Activity Funds – Overview

According to the FASRG, Site-Based Decision Making Module, activity funds historically have been accounted for by school districts in various fund groups: general fund (Fund 19X), special revenue funds (Fund 461) and agency funds (Fund 865). A school district should consider the following questions to determine the proper method and fund in which activity funds should be accounted:

- Does local board policy allow for recall of excess or unused fund balances into the general fund for general school district use? If so, these activity funds should be accounted for in the *general fund*, and revenues and expenditures should be budgeted.
- Do other persons besides the students involved in the activity fund (teachers, sponsors, principals, administrators, etc.) have access to activity fund? If so, this money should be accounted for in *Fund 461 - Campus Activity Funds*.
- Do activity fund financial decisions rest solely with the students? If so, this money should be accounted for in *Fund 865 - Student Activity Account* which serves as an agency account for student club or class funds. **Examples of a Student Activity Fund include: Senior Class, Chess, NHS, Student Council and other student-led organizations that have by-laws and elected officer.**

The district has made the determination that all Campus Activity Funds will be accounted for in Fund 461. This shall include the principal's activity account and any other non-student organization accounts such as the library, grade level teachers, athletics, etc.

The district has made the determination that all Student Activity Funds will be accounted for in Fund 865. This shall include all student organizations and clubs that meet the definition of a bona fide club or chapter, i.e. have elected officers and by-laws.

All fundraising activities through Activity Funds shall meet the sales tax rules as established by the State Comptroller's Office. All sponsors of fundraisers [subject to sales tax] shall report and pay the sales tax due to the Comptroller on a quarterly basis. Fundraisers that meet the "one day tax free day" will not be subject to sales tax. Specifically, each school district, every campus and every bona fide club or organization may conduct two (2) tax free fundraisers per calendar year. The Comptroller's [School Fundraisers and Texas Sales Tax](#) [July 2009] provides an excellent resource regarding what sales are taxable or non-taxable.

Activity Funds (Campus or Department –Fund 461)

Campus activity funds (under the control of the principal) shall be collected, receipted, and deposited to the district's business office on a daily basis. Refer to cash/check handling procedures.

Campus activity funds are managed using a centralized system.

Campus activity funds shall be primarily used to benefit students or the District in accordance with School Board Policy. Typical uses include field trips, student or staff awards/incentives, faculty luncheon, or other activities approved by the Superintendent. These funds shall not be used for "gifts" to students and/or staff. Budgeted funds shall not be used to generate activity funds, nor shall staff (administrative/support) earn wages while generating activity funds. Giving of staff time to generate activity funds shall be voluntary.

Generating activity funds shall not in any way compete with the district food service activities. Activity funds generation shall be a passive activity and shall not detract from the district's overall primary educational purpose. The generation and expenditure of campus activity funds shall be held to the same standard and scrutiny as that of appropriated funds. Activity funds shall be audited and must adhere to accepted business practices.

Campuses may establish a staff account (Flower Fund) with voluntary donations from staff. These funds are not district funds and may be used in any manner. Purchases with these funds are subject to taxes as they represent personal purchases and not district purchases. Purchases typically include flowers for ill staff members, employee recognition awards, etc. These funds shall be deposited and expended from an Agency Fund (Fund 865).

Campus activity fund account balances shall not exceed \$5,000 at any given time unless the funds are specifically earmarked for a special project. If a campus activity fund exceeds \$5,000, the campus principal shall submit a spending plan to the Superintendent for approval.

Activity Accounts (Student Organizations –(Fund 865)

Odem-Edroy ISD

Student activity funds (under the control of the principal) shall be collected, receipted, and deposited to the district's business office on a daily basis. Refer to the cash/check handling procedures. All monies collected should be receipted in a receipt book [bound and pre-numbered receipts] or on the Fundraising Collections Record form (refer to Fundraising Documentation Forms).

Student activity funds are managed using a centralized system.

Student activity funds shall be used exclusively for the benefit of students. Typical uses include student travel, awards, banquets, club trip, supplies, t-shirts, or other appropriate expenditures. These funds shall be used at the discretion of the student organization through designation of one or more of its officers.

Generation of student activity funds shall not in any way compete with the district's National School Lunch Program (NSLP). An Authorization to Conduct to a Fund Raiser form should be submitted to the principal in advance of the scheduled activity.

Effective with the 2014-2015 school year, each club shall be limited to two (2) fundraisers per year. **The fundraising activities may not include the sale of food that will be consumed during the academic day (as defined by the US Department of Agriculture).** In addition, at the end of the fundraising activity, a profit loss statement should be filed with the business office. Activity funds shall be audited and must adhere to accepted business practices.

Merchandise ordered for resale should be distributed to students on a written distribution log (refer to Fundraising Documentation Forms). The merchandise distribution log should reconcile with the corresponding invoice and/or packing list.

To establish an activity account, an organization should have an approved constitution, by-laws and elected officers. The assigned organization sponsor (professional staff member) shall be responsible for the proper management of the student activity accounts. Annual training should be scheduled to assist the organization sponsors in managing their respective student activity account(s). Every sponsor should complete and submit a Sponsor Responsibility Affidavit or similar form] to the principal.

Since Student Activity Accounts are trust funds that the campus manages on behalf of the students, accountability for these funds is extremely high. All Activity Account records must be maintained for a period of 5 years. This includes merchandise logs, receipt logs/books, profit/loss statements, etc. At the end of every school year, the principal, as part of the closeout procedures, shall collect all club records for storage on the campus for 1 year, then at the Records Center for the rest of the archival period of time. New receipt books should be issued to staff members for each fiscal year.

Budget Amendments

A budget amendment is a transfer of funds across different functions. For example: a budget amendment would result if instructional funds (function 11) were requested to be transferred to the library (function 12). Budget amendment line items should exceed \$100, and be stated in whole dollars.

Budget amendments must be approved by the School Board [School Board approval is required prior to exceeding the budget in any functional level]. Requests should be submitted in accordance with agenda deadlines posted by the Superintendent. Remember that if a purchase order is pending the outcome of a budget amendment, the purchase order will not be processed until after the School Board has approved the request.

[Budget Amendment-Transfer Form](#)

Budget Transfers

A budget transfer is a transfer of funds which is not across different functions. The Business Managers shall approve all budget transfers. Budget transfer line items should exceed \$50, and be stated in whole dollars.

To keep budget transfers to a minimum, each budget manager should review his/her budget on at least a monthly basis to determine if any budget transfers are necessary.

Odem-Edroy ISD

Budget transfers are approved by the Business Manager. Budget requests shall be submitted on the Budget Amendment-Transfer form.

All budget transfers and/or amendments in state or federal grants shall be approved by the Grant Director to ensure that a grant amendment is filed with the granting agency (such as TEA).

Cash/Check Handling

A receipt shall be issued for all cash collections, except for minor sales from fundraisers (candy, ice cream, etc.) or library fines. Generally, a receipt shall be issued for all collections from an individual that equal or exceed \$5.00. A Collections Log shall be generated for non-receipted cash collections and submitted with the cash deposit to the campus secretary/bookkeeper.

All cash and checks shall be deposited to the campus secretary/bookkeeper on a daily basis. No post-dated checks should be accepted. Funds should not be kept in classrooms, personal wallets or purses, or at home for extended periods of time. No cash purchases should be made – every dollar collected should be receipted and deposited to the campus secretary/bookkeeper. The campus secretary/bookkeeper shall receipt [in a bound, pre-numbered receipt book] and forward all monies on a daily basis to the district's business office, or secure overnight in a locked campus safe if the deposit cannot be made the same day. A Cash Transfer should be included with all deposits.

Athletic event gate receipts (admission tickets) shall be recorded on an Athletic Gate Receipts form and submitted by the Ticket Taker to the business office. Funds shall be deposited to the appropriate athletic events revenue account(s).

Personal employee checks shall not be cashed from monies collected at the campus or district level to ensure an adequate audit trail of all funds collected by the district.

Check Processing

Business Office checks will be printed, endorsed, and released on a weekly basis. Generally, checks will be generated on Friday. At times checks may be processed earlier or later, due to holidays, staff work schedules or unforeseen events. All check requests, including supporting documentation, such as travel advances/reimbursements, petty cash, construction, etc. shall be approved by the appropriate principal or administrator and submitted to the Accounts Payable Clerk **by Tuesday at 4:00 p.m.** Requests received after this time will be processed the following week. Check requests without all of the supporting documentation will not be accepted, nor processed (i.e. signed receipts with PO No. on the receipt). The Business Office shall determine the date that vendors will be paid, so employees should not make prior commitments to vendors about check disbursements.

State law requires that the district pay all invoices within 30 days to avoid penalty and interest charges, so all invoices should be submitted to the Accounts Payable Clerk on a timely basis for payment (i.e. signed and with the PO No.).

Checks not cashed by the expiration date 60 days from date of issue will be voided. A new check will be reissued at a fee of \$30 if the payee is located and requests a reissue. Otherwise, the funds will be distributed in accordance with the State of Texas Unclaimed Property Guidelines.

Contracts for Consultants or Contracted Services

Consultants are non-employees who are contracted to perform a personal or professional service such as staff development, maintenance, medical services, etc. A Consultant Service Contract is required for every consultant. The Superintendent is the only individual authorized to sign contracts on behalf of the district. **No other employee is authorized to sign a contract or agreement on behalf of the district.** Contracts that exceed \$25,000 [School Board Policy CH Local] shall be approved by the School Board.

All contracts that exceed \$50,000 shall be procured using the competitive procurement requirements established in the appropriate state law (TEC or the Government Code). The evaluation criteria [such as cost and prior performance] for the review of the proposals shall be determined prior to the solicitation for proposals/bids. The review and recommendation process shall include a separation of duties: the originator of the contract request should work collaboratively with the business office to evaluate the proposals/bids.

Odem-Edroy ISD

The approval path for all contracts shall be in accordance with the work flow illustrated below:

If a contract for a consultant or contracted services will be funded through a federal grant, the Grants Manager shall also approve the contract to ensure that it is: 1) included in the grant application; 2) budgeted in the grant; 3) verify that the contracted services is allowable under the grant; and 4) approved for the granting agency (such as TEA).

The contract originator (campus or department administrator) shall be directly responsible to ensure that the contractor performs the services covered by the contract.

Please follow these procedures when submitting a Consultant Service Contract:

- Submit a completed Consultant Service Contract or vendor contract to the Accounts Payable Clerk for review. The Superintendent shall approve all contracts.
- Obtain the following documents from the consultant:
 - Vendor Application
 - A completed W-9 form
 - Conflict of Interest Questionnaire
 - A Felony Conviction Form
 - If the consultant will work directly with students, a Criminal Check Authorization form and State Board of Educator Certification fingerprinting documentation.
- Submit a requisition to encumber the funds required for the contract. The contract will not be released to the consultant, nor will the consultant be allowed to begin work for the district, until a purchase order is approved by the final approver.

Contracted services include services such as repairs, maintenance, technical support, and related services. Documentation of insurance, such as general liability, workers compensation, and auto liability, shall be submitted to the business office with the purchase order. The Certificate of Insurance shall name “Odem-Edroy ISD” as additional insured.

Contracts for Service Agreements

All contracts for rentals, service agreements, etc. must be signed by the Superintendent. **No other employee is authorized to sign a contract or agreement on behalf of the district.** An employee who signs a contract or agreement, without proper authorization, will be personally liable for the terms of the contract or agreement. Contracts that exceed \$25,000 [School Board Policy CH Local] shall be approved by the Board of Trustees. Refer to the Contracts for Consultants and Contracted Services for additional guidance related to contract administration.

Copiers

The district owns several copiers that are strategically placed in different campuses or departments. The copiers are for district business use only. Use of district copier for personal reasons is strongly discouraged. Personal copies, if any, will be charged at .20 cents for black/white and .75 cents for color copies. Prior approval should be obtained from the appropriate campus principal and/or department administrator to use a district copier for personal printing. Payment for personal copies shall be made immediately to the business office.

Credit Cards – Selected Merchants (Wal-Mart/Sam’s, HEB, Home Depot and VISA)

If receipts and credit card receipts are not submitted on a timely basis, these charges may become the responsibility of the employee and shall result in disciplinary action. **District credit card usage may be suspended and/or revoked if receipts are not submitted on a timely basis.**

All district employees that have been authorized to utilize a credit card for purchases shall sign a Credit Card User Agreement. Violations of the Credit Card User Agreement shall result in disciplinary action, up to and including employment termination as documented on a Counseling/Employee Disciplinary Action Form.

The district does allow the use of the selected merchant credit cards for purchases from federal grants. Expenditure of federal funds with a credit card shall be allowable under the grant program. If the Grants Manager approves all other purchasing documents such as purchase orders, the Grants Manager shall also approve all credit card expenditures.

Each campus or department that is entrusted with credit cards shall properly secure the cards [when not in use] in a locked safe. Annual training related to credit cards shall include: 1) allowable purchases; submission of detailed receipts; transaction limits; security of the credit card; and return of the credit card upon completion of the approved purchase and/or employment with the district, as appropriate.

Additional guidelines are included in the Purchasing Card topic for credit cards issued through the Purchasing Card Program.

The traveler will be held responsible for such charges, if any.

The Hotel Occupancy Tax Exemption Form applies only to lodging in the state of Texas.

Invoices

Vendors are required to submit all invoices to the business office, yet occasionally an invoice will be mailed directly to a campus or department. If any invoices are received at the campus or department, they should be signed (if the goods/services were received), and forwarded to the business office. The campus or department in receipt of the invoice shall write the appropriate PO number on the invoice prior to submitting to the Accounts Payable Clerk.

The receiving individual shall make note on the invoice if all items were not received to ensure that the correct payment is made to the vendor.

Odem-Edroy ISD

Texas law requires that all invoices be paid to vendors within 30 days of receipt of the goods/services. If the district fails to pay promptly, the vendor can assess penalty interest charges. If a staff member neglects to submit an invoice on a timely basis, he/she may be held personally liable for the penalty interest charges.

For example, a teacher is paid from the Title I, Part A grant (50%) and local funds (50%). Odem-Edroy ISD

Only the district business office is authorized to manage a petty cash account. Petty cash accounts are provided for convenience when minor emergencies arise unexpectedly. The maximum authorized expense is \$100. The Business Manager shall be responsible to ensure that funds exist in the account(s), which will be utilized to pay for the petty cash expenditures.

The petty cash account must always be in balance, i.e. the total cash on hand plus the receipts on hand must equal the total petty cash account. The chart below illustrates a balanced \$120 petty cash account.

Purchasing Deadlines

In an effort to maximize the use of budgeted funds during the current fiscal year, the purchasing deadline for **supplies and equipment** shall be April 14th. Summer needs for staff development and summer school should be anticipated and ordered prior to the April 14th deadline. Documentation to support the “working lunch” shall include a meeting agenda with the inclusion of a “working lunch”.

When these items are utilized for faculty, site-based meetings, etc., the expense shall be code to the Campus Activity Account (fund 461). All other uses should be coded to the appropriate account code.

The purchase or breakfast or refreshments/snacks are strictly prohibited with state and federal grants. Meals may be allowable on a limited basis if the meal meets the “working lunch” or “light lunch” exceptions as described in TEA’s Guidelines Related to Specific Costs (located at www.tea.state.tx.us).

Purchase Requisition and Order Forms

A purchase order form is used to purchase supplies, equipment, or services from an external vendor. Requisition forms should be created in the [TxEIS Requisition system](#) by the requesting campus or department and submitted to the business office for approval of a purchase order. The electronic system allows users to enter purchase requests electronically, verify account balances, select pre-approved vendors, etc. at the point of data entry. Budget codes must be noted on all requisitions. If adequate funds do not exist in the appropriate account, the originator shall submit and receive approval of a budget change or amendment.

The Financial Accounting & Reporting Module of the Financial Accountability System Resource Guide (FASRG) contains the required accounting code structure. Use of the appropriate accounting code structure is mandatory. The code structure is available on the TEA website at www.tea.state.tx.us.

After the requisitions pass all electronic approval paths, the purchase order form is automatically numbered for audit tracking purposes. A system requisition cannot be used to place an order. All purchase orders are mailed,

No employee shall order or receive goods without an approved purchase order. Employees who violate the purchasing procedures of the district shall receive a Memorandum of Non-Compliance from the Superintendent. Repeated failure to comply with the district's purchasing procedures will result in disciplinary action, up to and including termination of employment.

Neither district supplies, nor equipment, shall be sold or conveyed other than via a surplus sale, unless authorized by the Superintendent or School Board.

Vendors

Purchases from vendors that operate on a cash basis (do not accept purchase orders) will not be allowed. The district participates in several cooperative purchasing programs. Vendor catalogs will be distributed to each campus and/or department. Priority should be given to these vendors since the goods and/or services have been subjected to the rigor of a competitive bid process.

Requests to add new vendors shall be accompanied by the Vendor Application Packet. The packet includes a vendor application, Form W-9, Felony Conviction and Conflict of Interest Questionnaire (CIQ).

As a matter of law, all existing and new vendors shall be required to complete and file a CIQ with the business office. The governing body (School Board) and the Superintendent shall complete and file Local Government Officer Conflicts Disclosure Statement (CIS) with the business office.
