Social Security Number: _____

Parent/Guardian Name: _____

Parent/Guardian Contact Number: _____

The District requires drug testing of any student in grades 7–12 who chooses to participate in school-sponsored extracurricular activities or requests a permit to park a vehicle on school property.

School-sponsored extracurricular activities for which testing is required include all extracurricular activities. (SEE Co-Curricular Handbook)

A student participating in these activities or requesting a parking permit shall be randomly tested for the presence of illegal drugs and alcohol.

In addition, students shall be randomly tested throughout the school year.

The purposes of the drug-testing program are to prevent injury, illness, and harm resulting from the use of illegal and performance-enhancing drugs or alcohol; help enforce a drug-free educational environment; deter student use of illegal and performance-enhancing drugs or alcohol; and educate students regarding the harm caused by the use of illegal and performance-enhancing drugs or alcohol.

The District (campuses/sponsors) shall conduct a mandatory meeting for all students regarding the drug-testing policy.

The District shall provide each parent and student a copy of the drug-testing policy and consent form prior to the student's participation in an affected activity or receipt of a parking permit.

Before a student is eligible to participate in extracurricular activities or to receive a parking permit, the student shall be required annually to sign a consent form agreeing to be subject to the rules and procedures of the drug-testing program. If the student is under the age of 18, the student's parent or guardian shall also sign a consent form. If appropriate consent is not given, the student shall not be allowed to participate in extracurricular activities or to receive a parking permit.
