

OSSD System Wide Testing Schedule 2017-2018

The **TCAP and EOC tests** are designed to assess true student understanding and not just basic memorization and test-taking skills. They measure student understanding of our current state standards with the exception of biology and chemistry, which are scheduled to have new assessments in the 2017-2018 school year. TCAP assessments are given to help measure how much a student grows academically in a particular content area.

The **NWEA assessments** in grade K-8 are a benchmarks used to monitor progress and determine placement in reading and math tiers.
