

Parkwood Elementary
2013-2014 Results and 2014-2015 Next Actions

Linda Kopec - School Executive
Together We All Succeed!

PWE will partner with communities to build unique learners with endless possibilities
To nurture and educate children

School Executive's Message:

Parkwood Elementary increased the number of students who demonstrated proficiency on state assessments from 43.8 % to 44.4% (CCR). Our grade level proficiency on the same assessments was 56.2. We met 28 out of 31 Annual Measurable Objectives (AMOs). We were above district averages; however slightly below the state. We did not meet AMOs in Math and met the goal with the CI with EDS and SWD. Parkwood met AMOs in Reading and Science with the CI. ASSIST survey data reveals that 81% of our stakeholders agree that our school has a safe learning environment.

School's Strengths:

K – 2 Math – 85% or higher on grade level
3rd Grade Reading – GLP and TRC levels – 70%
ASSIST Survey – Over 95% of students believe that the principal and teachers want every student to learn.
Met all AMOs in Reading
Partnership with Jacksonville District Schools

School's Challenges:

3 – 5 Math – CCR -39.5% GLP – 50%
Overall proficiency differences between CCR and GLP – approximately 12 points
1st Grade Reading – 59% proficiency
Student growth – average students did not grow at the same rate as higher/lower achieving students

2014-2015 Focused Next Actions:

Focus on Math instruction – hire PT Math tutor – Grades 3 – 5
Hire a part-time Reading tutor Grades 4 and 5
Hire At-Risk Tutor – Grade 2
Enrichment Team Tutoring – Grades 3 - 5
Theme Focus – Habits of Mind
Implement Data Notebooks
Entire Staff complete Global Gateway Training
Addition of 2nd – VIF teacher
Committees established aligned with Strategic Plan
Use of volunteers – Volunteer Training – Community partnerships

Greatest Accomplishment in 2013-2014:

Exceeded Expected Growth
