

**Richlands Elementary
2012-2015
Tammie Hudspeth
Excellence in Education**

**School Executive's Message:
Reaching Excellence and Success for All**

Richlands Elementary is a "Communities in Action" school site. Our focus is to serve our entire school community in the most complete and wholesome manner. That is accomplished by providing curriculum with a strong academic content and global experience. We are the only school in Onslow County serving just third through fifth grade students. Our Professional Learning Communities analyze data to prepare appropriate instruction for each individual student. With the collaboration among the school community we continue to strive for academic excellence.

Key Areas of Focus for 2012-2015

- Instruction and assessment in Common Core and Essential Standards through utilization of CIA, Rubicon Atlas, ClassScape and other processes
- Community connections through grade level engagements and specialty events
- Professional Learning Community growth opportunities
- School wide implementation of Positive Behavior Intervention Strategies
- Rosetta Stone for students and staff with a Spanish teacher for students only

Key Challenges to Address for 2012-2015

- Time for staff to engage in collaboration for teaching of standards and implementation of required professional development.
- Continuing to purchase technology for global learners with funds allocated
- Math (90.4%) and Reading (83.2%) Achievement Targets with White subgroup
- Bus transportation issues

Anticipated Outcomes of 2012-2015 Richlands Elementary Strategic Plan

Richlands Elementary students and staff strive for 100% mastery in all academic areas. They wish to achieve this through goals and strategies set forth in the strategic plan. A community journeying together will complete the puzzle with academic excellence at each individual level.
