Anticipated Outcomes of 2012-2015 (School Name) Strategic Plan

The 2012-2015 Stateside Elementary School Strategic Plan outlines our efforts to implement, monitor and assess with fidelity the delivery of the North Carolina Course of Study based on the Common Core and Essential Standards. The plan promotes the implementation of PATH, Patriotism, Arts, Technology, and Humanities and supporting research based best practices and academic initiatives targeted at improving student achievement for all students. Our goals also include a continued commitment to providing quality professional development for our teachers and expansion of cross grade level and content specific Professional Learning Communities. Additionally, it is our goal to foster positive behavior to include digital citizenship. Our plan continues to focus on identifying community partnerships, strengthening communication and collaboration with our feeder schools and the Richlands district. Most importantly, as an IMPACT School of National Pride, it is our goal to increase student opportunities in order to cultivate the dreams and talents of our students.
