

Thompson Early Childhood Center 2012-2015

Kay B. Gresham, School Executive
Our Vision is to build a foundation for lifelong learning.

School Executive's Message: School Purpose Statement

Thompson Early Childhood Center is dedicated to providing for the educational and social needs of students while preparing them for a successful school career. Our students learn through play to accomplish educational goals and to get along with others. We strive to partner with families to make their first year in school a rewarding experience.

Key Areas of Focus for 2012-2015

- To integrate literacy and math into all curriculum areas
- To provide professional development in differentiated instruction
- To promote healthful living and a safe environment for learning
- To collaborate with families and community partners
- To promote technology use in communicating with families

Key Challenges to Address for 2012-2015

- Finding funding to support programs
- Providing assistance to teachers in meeting the specific educational and emotional needs of students
- Lack of continuity with totally new students each year
- Lack of family support and involvement during the one year

Anticipated Outcomes of 2012-2015 Thompson Strategic Plan

Improved communication through the use of technology
Improved family and community involvement
Improved physical and emotional wellbeing of students and staff
Improved growth in literacy and math as measured by TSGold
