

## ADVANCED PLACEMENT & PRE-AP

Osceola School District provides Pre-Advanced Placement courses for students in 5<sup>th</sup>-10<sup>th</sup> grade and AP courses for students in 11<sup>th</sup>-12<sup>th</sup> grade. Identified G/T students can be served through Pre-Advanced Placement/AP courses, as well as non-G/T students who choose to meet the expectations of an advanced classroom. Pre-AP courses are on-grade level courses designed to challenge motivated students to understand rigorous content. The coursework requires students to engage in independent and analytical assignments and to complete additional work outside of class. Pre-AP teachers are specifically trained to utilize teaching methods that prepare students for challenging high-school AP curriculum while simultaneously teaching the Common Core State Standards. For more information contact the school counselor:

**Kinsey Williams – STEM Academy (870) 563-1843 or Stefanie Hoskins – High School (870) 563-1815.**
