• STUDENT – PARENT HANDBOOK •

The O.H.S. Student-Parent Handbook is the official manual of regulations and requirements covering the students at Owosso High School. It outlines expectations of students and their rights and responsibilities.

The handbook is not intended to address all issues, concerns or conduct of students, but to detail general matters. If you have particular concerns or questions, please feel free to discuss with an appropriate staff member or principal.

As the need arises for the administration and staff to develop new or change existing policies, students will be informed of the new policies and will be expected to follow these policies even though they are not included in this edition of the Student-Parent Handbook.

Students must sign an acknowledgement of receipt when they are issued a planner with handbook at the start of the school year or upon enrollment. The first planner with handbook is free; replacement planners are \$5.00.

Parents are highly encouraged to review the Student-Parent Handbook with their student.

I. COMMUNICATION

Communication between home and school regarding a student's education is essential. School communication includes, but is not limited to:

1. OHS Student Handbook
2. Report cards, progress reports, and PowerSchool
3. Parent-Teacher Conferences
4. School Open House

REPORT CARDS AND PROGRESS REPORTS

There are four 9-week marking periods per school year. Parents are welcome to check their student's grades at any time by using the Parent Portal with the school-provided login and password numbers. Report cards are only printed and mailed at semester time.

II. GENERAL SCHOOL POLICIES

A. AFTER-SCHOOL ACTIVITIES

A teacher-sponsor must be present at all after-school activities including play practices, club/class meetings, dances, athletic contests, etc. The teacher-sponsor may leave when all students under his/her supervision have left the school building or grounds.

B. ASSEMBLIES

Throughout the school year, assemblies for enrichment activities or sporting events are held during the school day. Students are expected to be courteous and attentive at all times and remain seated until dismissed. Assemblies are an important part of the school experience and students are expected to attend all assemblies.

C. ATTENDANCE

This policy is intended to create positive classroom attendance habits by all students. It is aligned with our mission statement, educational beliefs, and student exit outcomes. This policy is based on current best practices regarding principles within the instructional process, grounded in the belief that learning is interrupted when students are absent from school.

Attendance Guidelines

Students who accumulate more than twelve absences per semester in any class may lose credit for that class. Students may make up absences by attending After School Tutoring (AST). Three days of AST will equal one absence made up. Both verified and unverified absences are included in the twelve day rule, suspensions are not.

Class work missed during verified absences can be made up. Students are expected to make up class work missed during an absence. (one day is allowed to make up work for each day of absence).

After the twelfth absence, students may apply for a "Waiver of Loss of Credit". Seniors in their final semester must make waiver arrangements prior to commencement.

Students who exceed the 12 day rule and are ineligible for a "Waiver of Loss of Credit" are expected to attend class and follow all classroom rules and procedures. Students who disrupt class will be referred to the office and may receive

disciplinary action including, but not limited to, suspension or Board of Education referral.

School-related absences do not count towards the 12 day rule.

Students who are absent for a portion of the day must present a note from their parent/guardian verifying the absence, to the main office prior to leaving or attending class.

Students who must leave school early for any reason are required to check out through the Main Office before leaving the school building. Failure to do so will result in disciplinary action. **The use of a cellular telephone by a student to call home will be considered an infraction of the electronic device policy, and will be subject to disciplinary action.**

Exam Policy

Students in all grades will be eligible to be exempt from semester exams if they meet the following criteria:

- 7 or less absences for the semester, as well as tardies
- Grade of a “B-” or better (80%) in the class for the semester
- No out of school suspensions for the semester

End of course exams such as AP exams and exams in courses for college credit will not be exempt. Teachers will indicate in their syllabus the waiver policy for exams for the particular class in order to be clear to all students.

Waiver of Loss of Credit Procedure

Students who have exceeded the 12-day Rule may apply to have their absences waived by submitting a Waiver of Loss of Credit form. Waivers will only be considered if a student is passing a class(es). Forms may be obtained from and returned to the Counseling or Main Office at the end of each semester. An independent committee reviews the waiver applications to determine whether extenuating circumstances contributed to a student’s excessive absences. The committee may consist of the following school personnel: an administrator, members of the faculty, a support staff member and the student’s counselor. The committee convenes approximately three days after the waiver submission deadline. In cases of illness or hospitalization, appropriate documentation from a physician may be requested. Students who receive Homebound or In-Hospital Educational Services are not subject to the twelve-day absence policy and need not apply for a Waiver of Loss of Credit.

Tardy Policy

When tardy vouchers are used for 1st hour prior to 8:00 am, the student should not be considered tardy for that hour only.

Students are permitted 2 tardies to 1st hour only without penalty.

Students are permitted tardy to any class with a pass from school personnel.

Students arriving to class late with a pass from a teacher, counselor, or other staff member are not to be considered tardy or to be marked absent. If a student

enters class with a pass from school personnel within ten minutes of the beginning of the hour, the student will be marked as present, not absent. Students will be referred to administration for excessive tardiness.

A parent may call the absence line or present documentation from an appointment location to excuse a student's tardy or may send a note with the student the next school day to have the student's tardy removed. Students are considered tardy when the tone sounds to begin the hour.

TARDY POLICY CONSEQUENCES

(Based on the grand total number of tardies a student has in all of his/her classes per marking period)

- Tardy 1 – Student reports to class. Documented and given warning.
- Tardies 2 and beyond – May include progressive consequences including parent contacts, detention, in-school or out of school suspensions, or truancy petitions to the family court.

ATTENDANCE TERMS

Verified Absence

An approved absence by a student's parent/guardian; this includes absences due to illness, funeral, religious observance, or medical appointments.

Parent/guardian must notify the school *within 24 hours* the day following the absence to be considered verified. **Absence verification number: 729-5503. Acknowledging the School Reach call does not excuse the student. A call to the absence line is still needed.**

Unverified Absence

An absence unconfirmed or unapproved by a parent/guardian within the 24 hour time frame.

D. SIDEPACK AND BACKPACK USAGE

Any side packs, backpacks, any purses and book bags brought to school must be taken directly to and left in the student's locker until the end of the school day. Some exceptions may apply, but all will be clearly marked by a school approved tag and all staff will receive notification of exceptions. If a side pack or backpack is used in restricted times without approval then the student will be subject to disciplinary action. Students that play a sport must take their athletic equipment bags to a location in the athletic area as determined by the athletic director and/or principal.

E. BUS TRANSPORTATION

Students are eligible for bus transportation to and from school and school-related activities. Students are expected to follow transportation guidelines; failure to do so may result in disciplinary action and denial of bus privileges or in school discipline. The following improper behavior can result in suspension of bus riding privileges, and/or suspension of school.

- Students must follow bus drivers directions at all times.
- Use classroom conduct (no fighting, swearing)
- Pick up or drop off at the middle school is **not** permitted

- Vandalism to the bus will be charged to the student/parent.
- Possession of tobacco/e-cigarettes or flammable products will result in loss of bus privileges.
- Eligible city route students will be issued a bus pass to show the driver every day.
- Non-busing students will be permitted to ride the bus in **emergency** situations only- with a signed permission note from their parent.
- Please contact the transportation department with any questions at **725-7665**

F. CAFETERIA OPERATIONS

The cafeteria serves breakfast daily, 7:00 – 7:40 AM. Students should get their food by 7:40 AM, as they need to be in class by 7:45 AM. Lunch is served daily during two, thirty-five-minute lunch periods, 10:35 AM - 12:05 PM. Owosso High School participates in the National School Lunch Program, which enables students that qualify to have free or reduced lunches. All students will be given an application to fill out the first week of school or online after July 1 at www.lunchapp.com. Students who qualify for free or reduced lunch will be notified by mail. **Ordering food to be delivered and eaten in the cafeteria is prohibited** and goes against state guidelines.. **Students ordering outside food may face disciplinary action.** After School Programs are available to students where a snack and beverage will be provided with no cost to parents.

G. FINES AND FEES-COLLECTION OF

A cumulative record is kept for all students grade 9-12 who owe money for such items as textbooks, equipment, supplies, etc. All financial debts must be paid prior to students participating in Trojan Days or being issued a cap and gown.

H. FOOD AND DRINK IN BUILDING

Beverage and water machines are located throughout the building and are available throughout the day. Beverages and food in the classroom are at the teacher's discretion.

I. GRADES-Procedures for Incompletes ("I") and Withdrawals ("W") Incompletes

Students who do not complete all class work by the end of the marking period or semester may receive an "I" (Incomplete) grade on their report card. Students have a maximum of two weeks to make up the work required to convert the "I" to a letter grade. Students must contact the teacher to obtain the necessary class work. Students who do not complete the class work by the deadline will receive a permanent letter grade for the class based upon the average score of the class work completed with zeroes for incomplete work. This grade will be calculated into the GPA. Teachers may allot additional time for extenuating circumstances.

J. GRADUATION REQUIREMENTS

OHS students must complete the following requirements before the date of graduation to participate in graduation ceremonies:

- Fulfill the graduation requirements as outlined in the OHS Curriculum Guide including the Michigan Merit Curriculum guidelines.

- Fulfill the graduation requirements as outlined in Board Policy (Policy 5460).
- Be enrolled in seven courses per school year, for a total of seven credits. Deviation from this requirement must have the principal's approval.
- Fulfill all financial obligations to the school; return issued textbooks, library books, equipment, uniforms and/or other school property. Failure to do so may result in the withholding of a student's cap and gown.
- Students with credit deficiencies may earn credits through correspondence courses (up to 2 credits) or credit recovery programs, including summer school, with the principal's approval. The high school principal has the authority to interpret credits transferred from other school districts that are needed for graduation from OHS. A student with credit deficiency could be placed at Lincoln Alternative High School to regain credits. The school district is not responsible for cost of such course work.

In Accordance with state law, Owosso High School offers the option of a Personal Curriculum (PC) in order to:

- Go beyond the academic credit requirements by adding more math, science, English language arts, or world languages credits; or completing a department-approved formal career and technical education program.
- Modify the Algebra II content.
- Modify, if necessary, the credit requirements of a student with an Individualized Education Program (IEP).
- Modify credit requirements for a student who transfers from out of state or from a nonpublic school and is unable to meet the MMC requirements.

The MMC defines consistent learning standards that are intended to remain constant from district to district. Districts choose instructional approaches and design learning environments so that all students, including alternative and at-risk students, can meet the requirements of the MMC. The research is clear—struggling learners do better when given the opportunity to learn in a challenging curriculum. PC modifications must align Michigan state standards as practicable and must not create barriers that limit a student's opportunity to be engaged in a challenging curriculum. The legislative intent of the PC is to individualize the rigor and relevance of the educational experience. In this context, "practicable" is an inclusive term meaning as much of the subject area content expectations as possible during high school instruction. Students with an IEP operate under this same context. The PC is an option any student or family can explore as a way to modify certain graduation requirements and earn a diploma. The purpose of secondary education is to prepare students for life after high school. Any modification to a student's graduation requirements needs to be consistent with this purpose. The high school diploma is documentation that the student has met the expectations and possesses the knowledge and skills necessary for postsecondary success. Students who are not pursuing a diploma or students who are unable to meet modified MMC requirements do not need a PC. P

A guide was developed to help educators, students, and parents understand when it may be appropriate to use a personal curriculum (PC) option to modify the

Michigan Merit Curriculum (MMC) requirements. For more information, please contact your child's counselor or reference the site below.
http://www.michigan.gov/documents/mde/PC_Guide_Final_5_12_09_277958_7.pdf

Commencement exercises are serious traditional ceremonies at which participation is a privilege. The Commencement Letter of Participation is required for seniors who participate.

K. HALL PASSES

Students are permitted to be in the hallway during class time for emergencies **only** and with a handbook, signed by school personnel, or a teacher provided pass. Using the restroom, drinking fountain, or locker should be completed before school, between classes and during lunch. All students must have their planner with them during the school day. Students who have lost their planner may be required to replace it at a cost of \$5.00.

L. HOMEBOUND AND IN-HOSPITAL EDUCATIONAL SERVICES

Students who must be absent from school for more than five consecutive school days due to a medical condition or have a doctor's note indicating they are not physically capable of attending school may be provided homebound or in-hospital educational services. According to the Michigan Pupil Accounting Manual, a student who is able to attend school for a partial day is not eligible for home based services.

Whenever the principal or his designee is notified by a parent of a student's absence due to illness, injury, or accident, the principal must inquire if the student is expected to be absent more than five consecutive school days. When this is confirmed, the principal must obtain from the parent any necessary information from the attending physician to determine the student's eligibility for homebound or in-hospital educational services. Eligibility is determined by the attending physician's statement certifying that the student has a medical condition that requires hospitalization or home confinement during regular school hours for a period longer than five consecutive school days, including starting and ending dates for home-based services.

Upon parent notification of an upcoming hospitalization of more than five consecutive days, the principal will generally arrange for in-hospital or homebound educational services within three days.

M. ILLNESS-STUDENT

Students who become ill during the school day must report to the Main Office. **Students are not permitted to go home unless contact is first made with the parents or legal guardian. Parents must make certain that the school has emergency numbers should a student become ill and needs to be sent home. Students are not to use their cell phone to contact parents when ill as it is a violation of school policy. Doing so will result in an unexcused absence and a violation of the electronic device policy.**

N. MEDICATION-DISPENSING TO STUDENTS

The following guidelines apply to the dispensing of student medication:

- There needs to be a physician or parent statement in writing prior to the dispensation of any medication.
- Students may take medication at school when a permission slip indicating the parent or guardian's approval is on file in the main office. The permission slip must include the student's name, name of medication, time to be administered, reason for medication, dosage, length of time medication is to be taken and physician's name.
- School personnel are not allowed to administer any medication (including aspirin and other over-the-counter medications) to a student unless written permission from the parent or guardian is on file in the Main Office, and the parent has brought the medicine to school in its original container.
- Students must bring medication to the Main Office before school.
- All medication must be kept in the Main Office.
- All medications must be in the original container.
- Medication is administered by school personnel in the Main Office and logged, with a second adult witness present when the medication is administered. This is not required if administered by a Registered Nurse or Licensed Practical Nurse.
- Students may not possess medications except under extenuating circumstances i.e. inhalers, epi pens, etc., and a permission slip should be on file in the main office to do so.
- Students may possess asthma inhalers per Public Act 1179. A permission slip should be on file in the main office.
- A parent or guardian is to pick up any unused medication on the last day of school. Any medication left will be properly disposed of.

O. NON-SCHOOL ORGANIZATIONS-PUBLICITY FOR

Materials from organizations outside school will not be allowed. Any school materials placed in the building without administrative approval will be removed. Posters relating to Owosso High School events are to have the expiration date written in the lower left corner of the poster for the purpose of removal. Students and organization sponsor/advisors are expected to remove posters/announcements when the event is completed. The administration reserves the right to prohibit any poster, brochure, or other material in the building or on the property.

P. PARENT -TEACHER CONFERENCES

Parent-teacher conferences are scheduled in the fall during the first semester. Parents are encouraged to meet their son or daughter's teachers and discuss his or her academic and social progress. Administrators and counselors are available to discuss any aspect of student life. Parents are encouraged to contact their student's counselor or teachers any time they are concerned about his or her progress.

Q. STUDENT IDENTIFICATION CARDS

Students receive a pictured Student ID card that should be carried with them at all times, including school-sponsored events. Students may be required to show their Student ID cards at the request of school personnel. Failure to show a Student ID card at a school-sponsored event may result in the student being

asked to leave. There is a \$5.00 fee for the replacement of lost student identification cards.

R. TESTING-COMPETENCY DEMONSTRATION

The State of Michigan mandates competency testing or “testing out”; it allows any high school student to test out of a course offered by his or her high school in any of the four core areas.

Competency testing procedures are as follows:

- Students must demonstrate mastery of course content by earning an 80% or better on each component of a comprehensive final exam.
- Successfully passing a given test results in credit being earned for that class; a grade of “pass” being recorded on the student’s official transcript; and credit towards graduation. The grade will not be calculated in the GPA.
- Passing a test is equal to fulfilling a requirement in a course sequence.
- Once credit is granted by “testing out”, a student may not receive credit for a prerequisite course in that sequence.
- Students considering “testing out” should see their guidance counselor.
- Students must follow guidance department testing out timelines for material pickup and testing dates.

S. TEXTBOOKS

Textbooks are furnished by the Board of Education and are distributed to students. Students can be fined for lost textbooks or those showing more than normal use and wear.

T. VISITORS

Students are not permitted to bring visitors to school. Non-students are permitted on school grounds or in the building when conducting business with a faculty member or administrator once they have registered in the Main Office. Parents and other adults are always welcomed and are urged to call the school and make arrangements to see the school day in operation. A City of Owosso ordinance prohibits non-students from loitering on school property.

U. WORK PERMITS

Work permits can be obtained from the main office before or after school or during lunch. Work permits are available to students who are 18 years old and younger and who have a summer job or part-time job outside of school hours. Students need documentation of age when applying for a working permit.

III. MISCELLANEOUS INFORMATION

A. DAILY ANNOUNCEMENTS

Daily announcements are posted and read to students each day. Announcements will be e-mailed daily to parents who have registered for this service on the school web-site. Also, announcements will be posted daily on the high school webpage and made available through the parent portal. Emergency-type announcements will be made over the P.A. system whenever it is necessary

to do so. All other last minute announcements will be made just prior to the end of the school day.

B. EMERGENCY CARDS

Emergency cards should have three contact phone numbers listed. Any illnesses or chronic conditions that would affect the student at school need to be recorded on the card.

C. LOCKERS

Each student will be assigned a locker and a lock. Personal padlocks are- only permitted with administrative approval. Locks that are lost or damaged must be replaced at the expense of the student. Students are not to share lockers with any other student.

Lockers shall only be used for books, apparel, shoes, boots, and lunches. Stale food, alcoholic beverages, cigarettes, drugs or weapons of any kind are not to be stored in school lockers.

Lockers are property of the school district. An administrator may inspect student lockers when there is reasonable suspicion to believe that prohibited articles are stored within. The locker may be searched to ensure school safety and student welfare. Periodic locker checks will be announced and conducted. Students' lockers with no lock will be assessed a \$10.00 lock fee.

D. LOST AND FOUND

During the school year, the main office will serve as the lost and found. Students who lose articles should check in the main office.

E. SCHOOL CLOSING -- WEATHER

Students and parents can contact 855-955-8500 to find out if school is canceled or delayed due to inclement weather. Information about closings is also posted on the OPS website as well as local television and radio stations.

F. SCHOOL PICTURES

School pictures are taken in August during pre-registration by a school-contracted photographer. Students are not obligated to purchase picture packages, but must have a picture taken (free of charge) for their Student ID and inclusion in the OHS yearbook.

Seniors who choose to have their pictures taken by an outside studio are responsible for submitting a picture to the yearbook staff for publication by the publicized deadline. Seniors must also have their pictures taken by the school-contracted photographers for their student ID.

G. SCHOOL RINGS

School rings can be ordered during a student's sophomore, junior, or senior year, from a company under contract with the school. A deposit is required for all orders, which may be picked up before the end of the school year.

H. SENIOR ANNOUNCEMENTS

Senior students can order graduation announcements and name cards in the fall of their senior year from a company under contract with the school. A deposit is required for all orders, which may be picked up in late April.

I. STUDENT CLUBS AND ORGANIZATIONS

National Honor Society Requirements for Membership

There are four characteristics of National Honor Society: scholarship, leadership, character, and service. In order to request membership, students must demonstrate all four characteristics, have enough credits to be a sophomore or junior, and write an essay about how their membership would contribute to the Owosso Chapter of the National Honor Society.

- In order to demonstrate scholarship, students must have a minimum cumulative grade point average of 3.40.
- In order to demonstrate character, students must have high moral standards and have good citizenship. This is determined by verifying that the students have no discipline referrals and that teachers can vouch for their character.
- In order to demonstrate leadership, students must have participated in at least one extracurricular activity per year at the high school or at least two activities the current year.
- In order to demonstrate service, students must complete at least seven service hours and document them prior to induction. Students who meet the above criteria are invited to become members and to be inducted at the annual ceremony in March.

J. STUDENT INSURANCE

Student insurance is available for all students in the Owosso High School District at a nominal cost. Insurance coverage includes accidents that occur to a school student while traveling to or from school; while attending school; taking part in school-sponsored/supervised extra-curricular activities; taking part in school-sponsored field trips; as a spectator at school-sponsored activities; and while

engaging in, practicing for, or participating in any scheduled athletic contest, excluding tackle football.

Athletic insurance is available at a nominal cost through the Michigan State High School Athletic Association. Students interested in either insurance plan may sign up the first week of school.

K. TELEPHONE PRIVILEGES

Students may use the Main Office telephone in cases of illness or emergency. In other cases, the office telephone may be used before 7:45 AM, during a student's lunch hour, or after 2:45 pm, with permission of the attending secretary. Students are not allowed to leave class to use the telephone unless they receive staff approval.

L. TIME BETWEEN CLASSES

Students assigned to detention receive written notification, indicating the infraction and length of detention, which *they are to give to their parents*. Therefore, that authority is to be exercised sparingly and only when such inspection or search is to promote the safety and security of persons and their property within the area of educational responsibility. Maximum effort will be made to protect each student's constitutional rights, his/her rights to personal privacy, and to provide protection from coercion by others.

Please remember that while this law may seem intrusive to families and a hassle for everyone, it is intended to provide another level of security and safety for your children. If you have been volunteering at school this year already or are planning to do so, your child's teacher will provide you with a couple of permission forms that must be signed by you to begin the approval process. I want to thank each person who has partnered with us as a volunteer in any capacity this year. If you have not been able to volunteer yet this year, please consider doing so. We simply can't do without your valuable help.

B. PESTICIDE MANAGEMENT PROGRAM

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Owasso Public School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the district decided not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for an amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or students serving on an official committee, such as disciplinary or grievance committee or assisting another school official in performing his or her tasks. A School official has a legitimate educational interest if the official needs to review and education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the students of the records request, until it states in annual notification that it intends to forward records on request).

IX. ATHLETIC DEPARTMENT

A. MISSION STATEMENT:

To motivate our athletes to be dedicated to whatever endeavor they may be pursuing; teaching them values of sportsmanship, fair play and positive leadership, thus enhancing their self-esteem.

B. ATHLETICS

Owosso High School offers a comprehensive interscholastic athletic program. Owosso is a member of the Flint Metro League. The Athletic Handbook, reference maps to member's schools and additional athletic information can be obtained from the Athletic Office or online at Owosso.k12.mi.us.

C. ELIGIBILITY REQUIREMENTS

The handbook of MHSAA sets forth the rules governing eligibility and limits of participation with respect to high school student/athletes. The general rules regarding the MHSAA standards student/athletes must meet will be posted for all to read. In addition, the Athletic Director and coaches will discuss the eligibility regulations with their parents and teams at Parent Night.

Owosso High School athletic eligibility is based upon the principles of the MHSAA as well as the following rules and procedures adopted by the Board of Education and the Athletic Council.

1. Coaches will provide the Athletic Director with a team roster listing information required by MHSAA rules. From this, the Athletic Department will conduct grading period checks throughout the school year. Student/athletes will meet the following requirements for eligibility:

- A student must be in school for the entire day in order to be eligible to practice or compete in a game unless previous arrangements have been made with the coach or administration.
- No student/athlete of Owosso High School shall compete in any athletic contest during the first 60 school days of the current semester who did not receive credit in six (6) or more classes in the previous semester.
- A student/athlete must also be receiving credit in at least six (6) classes during the current semester Check. Student/athletes who are not currently receiving credit in at least six (6) classes will sit out a minimum of one week or until they are currently receiving credit in at least six (6) classes.
- To be receiving credit, a student/athlete must be earning a D- or better.
- Student/Athletes taking only six (6) classes must be receiving credit in all six (6) classes to be considered eligible.
- Student/Athletes who do not receive credit in a two-hour or three-hour block class are ineligible.
- Eligibility checks on a student/athlete's grade will be based on all course work from the first day of the semester up to and including the current week in which the eligibility check is conducted. A student/athlete taking dual enrollment and/or home school courses must be receiving

credit in at least five (5) classes, recorded on the transcript, to be considered eligible.

- An incomplete grade “I” will be regarded as not receiving credit if the student/athlete does not complete the necessary make-up work. To become eligible, make-up work must be completed prior to the end of the school day the athlete is to compete. It is the student/athlete’s responsibility to return to the Athletic Director an “incomplete” form signed by the teacher, stating that the student has completed all incomplete work and is passing. Only an incomplete grade may be made up. A failing grade (E or F) cannot be made up to affect one’s eligibility status.
2. A student/athlete may be allowed to practice while ineligible, at the discretion of the coach, but will not be allowed to dress for contests or be dismissed from school early for an athletic contest.

3. **Training Rules**

- It is important that all athletes understand that athletic training rules are in force from the first day of fall practice as a Freshman until the last day of contest play as a Senior. It is also important to understand violations of the athletic code accumulate throughout their high school career.

 - Smoking and/or use of tobacco, including possession.
 - Illegal use or possession of drugs and/or controlled substance.

In-season (defined as: the first MHSAA scheduled practice date to the end of the last contest) violation of the above will result in:

1ST OFFENSE: Immediate suspension for a minimum of 1/3 of the dates scheduled for the entire season. The athlete must attend all practices, games (not in uniform) and all other team activities. If the athlete becomes a distraction to the team the coach may disallow these privileges. If less than 1/3 of the season is remaining, the remainder of the penalty will be served in the next sport season of participation. Athletes must finish the full season in which they are serving their suspension.

2ND OFFENSE: Immediate suspension of the athlete for one calendar year. The athlete is not allowed to practice with any team or be a part of the program.

*OHS administration may reduce the length of a suspension by up to 50% of the second offense if the student and his/her parent or guardian agree to and satisfactorily participate in an approved substance abuse prevention and treatment program at their own expense. The program may be public or private and is at the discretion of the parent or guardian.

3RD OFFENSE: Immediate suspension of the athlete from ALL athletic teams for the remainder of his/her high school career.

Out of season (defined as: end of last contest to the start of MHSAA first scheduled practice date) violation of the above will result in:

When choosing to participate in the next athletic event, the student will be allowed to participate, but will be barred from interscholastic competition the number of days as indicated below:

1ST OFFENSE:

1. Athletic events having 0-10 days of scheduled interscholastic competition: 1 event
2. Athletic events having 11-15 days of scheduled interscholastic competition: 2 events
3. Athletic events having 16 or more days of scheduled interscholastic competition: 3 events

****NOTE:** A scrimmage with another school may not count as a scheduled interscholastic competition. ****NOTE:** A student suspended from interscholastic competitions must continue to demonstrate the qualities of sportsmanship outlined in this handbook.

2ND OFFENSE: The student will be suspended from athletics for one calendar year.

*OHS administration may reduce the length of a suspension by up to 50% of the second offense if the student and his/her parent or guardian agree to and satisfactorily participate in an approved substance abuse prevention and treatment program at their own expense. The program may be public or private and is at the discretion of the parent or guardian.

3RD OFFENSE: The student will be suspended from participation in organized athletics at Owosso High School for the remainder of the student's high school career in Owosso.

Very serious conduct or training rule infractions may, at the discretion of the Director of Athletics, result in a hearing with the Athletic Council. In such cases, athletes will be suspended immediately pending the outcome of the hearing. A few examples of conduct requiring Athletic Council action would be (among others):

- Gross misconduct under game conditions
- Sale or distribution of illegal drugs
- Involvement in illegal felonious activity.

*******The athletic council will be made up of 1 administrator, 1 teacher, 1 parent and 2 coaches.

In addition, the student/athlete will be subject to Board of Education policies pertaining to the above. This also applies to students 18 years or older.

Concern Procedure Line of Communication

GPA

(Grade Point Average)

Report cards are distributed to students at the end of each semester. Parents can view grades, assignments and attendance through the PowerSchool Portal 24/7. Parents can also email questions and concerns to teachers at any time. It is recommended that semester grades reflect a total of 100% comprised of a maximum of 20% for the final exam and an equal division of the remaining percentage between each marking period. (i.e. 20% final exam and 40% for each marking period)

A grade point average (GPA) is computed from all final grades to determine a student's class rank. At the completion of the senior year, students who have achieved a 3.0 - 3.49 GPA will graduate with "Honors", and seniors who have attained a 3.5 - 3.99 GPA will graduate with "High Honors" and 4.0 or above GPA will graduate with "Highest Honors".

In determining a student's GPA, traditional letter grades are converted to numerical values according to the following scale:

Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	F
Numerical Value	4.0	3.8	3.5	3.0	2.8	2.5	2.0	1.8	1.5	1.0	.80	0.0

To figure the GPA, simply add the numerical values for each course taken and divide the sum by the number of credits taken. Classes given grades of "P" (Pass) will receive ½ credit per semester. Classes given a grade of "F" (Fail) will not receive credit. Grades of "P" are not included in the GPA.

Students who receive an "I" (incomplete) for a subject at the end of a semester will have a maximum of two weeks to make up the work required by the teacher in order to convert the incomplete to a letter grade. It is the student's responsibility to contact the teacher to find out specifically what make-up work is expected. Students who neglect to make up incompletes in the allotted time will receive a permanent "I" grade for the course. This grade will be figured into the GPA as a zero, and the course must be repeated if credit is desired. In extenuating (out of the ordinary) circumstances the instructor's reasonable judgment will determine the time allowed for make-up work to be completed.

The make-up work policy is as follows:

Teachers shall provide make-up work at the request of the student for all absences except truancy. The length of time for completing the make-up work shall be approximately equivalent to twice the period of absence unless the teacher gives more time.

ADVANCED ACADEMIC PROGRAMS

Owosso High School offers a number of advanced academic programs. The purpose of these offerings is to provide challenging, thought-provoking, college preparatory programs for students who are capable and desirous of exploring a subject area in greater depth and at an accelerated pace.

Students enrolled in these advanced academic programs (Honors classes) are best prepared to participate in the “Advanced Placement” (AP) program of the College Board. The AP program enables capable students to take an AP examination in May each year that may grant the “Advanced Placement” college credit. These exams are administered at Owosso High School and the exam fee is paid by the student. This investment may yield college credit.

Descriptions of these advanced academic courses are included in the Course Description booklet at www.owosso.k12.mi.us/index.php?q=student_services and www.collegeboard.com/AP. Owosso offers Honors and AP courses in the following departments:

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and all other members of the School District community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Members of the School District community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend his/her Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy **2260** investigation and provide him/her with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the School District community or a visitor to the District, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the student, if age eighteen (18) or older, or the student's parents if the student is under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the parties (the alleged target of the discrimination and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Students who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide students who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy **2260** – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.

- C. If both parties agree, the CO may arrange and facilitate a meeting between the student claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

All materials generated as part of the informal complaint process will be retained by the COs in accordance with the Board's records retention policy and/or student records policy. (See Policy **8310** and Policy **8330**)

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant") may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District employee at the student's school, the CO, Superintendent, or another District employee who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a teacher, Principal, or other District employee at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral

interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person alleged to have engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent") that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy **2260** - Nondiscrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in

Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Superintendent must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

If the Superintendent determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights or the filing of a court case. Use of this

internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

All records created as a part of an investigation of a complaint of discrimination/retaliation will be maintained by the CO in accordance with the Board's records retention policy. Any records that are considered student education records in accordance with the *Family Educational Rights and Privacy Act* or under Michigan's student records law will be maintained in a manner consistent with the provisions of the Federal and State law.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The District will endeavor to assist the student and/or his/her parents in their access to District programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The District shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

**2260.01 - SECTION 504/ADA PROHIBITION AGAINST
DISCRIMINATION BASED ON DISABILITY**

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-

vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aides or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational program or activity.

The name(s), title(s), and contact information of this/these individual(s) will be published annually on the School District's web site.

Building Principals shall serve as Building Section 504/ADA Compliance Officer(s) ("Building Compliance Officers").

The District Compliance Officer(s) are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II

of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the District Compliance Officer(s).

The District Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. See below. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. See AG 2260.01B.

Training

The District Compliance Officer(s) will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The District will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Non-academic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and non-academic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the District's Compliance Officer(s) will be posted throughout the District, and published in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with a District Compliance Officer within specified time limits. The District's Compliance Officer is available to assist individuals in filing a complaint or request.

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1 Investigation by the Building Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Building Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) calendar days after disclosure of the facts giving rise to the complaint. The Building Compliance Officer shall

conduct an impartial investigation of the complaint. As part of the investigation, the Building Compliance Officer shall permit the complainant to present

Witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) school days of the written complaint being filed. The Building Compliance Officer will notify the complainant in writing of his/her decision.

Step 2 Appeal to the District Compliance Officer: If the complaint is not resolved satisfactorily at Step 1, the student or parent may appeal the Building Compliance Officer's decision in writing to the District Compliance Officer. The appeal must be made within five (5) school days following receipt of the Building Compliance Officer's decision. The District Compliance Officer will review the case, may conduct an informal hearing, and will notify all parties in writing of his/her decision within ten (10) school days of receiving the appeal.

Step 3 If the complaint is not resolved satisfactorily at Step 2, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Building and District COs must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education
Office for Civil Rights

FAX: (216) 522-2573
TDD: (216) 522-4944

E-mail: OCR.Cleveland@ed.gov

Web: <http://www.ed.gov/ocr>

Except in extraordinary circumstances, the OCR does not review the result of individual placement and other educational decisions, so long as the District complies with the "process" requirements of Subpart D of Section 504.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation, is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.
