Public Comments:

Mary Hesse and Elizabeth Johnson report that there is going to be a change in the music program for the Middle School for the incoming 6th graders. Middle School will not be offering music class to the incoming 6th graders for the full year. All 6th graders will be doing a 9 week rotation. Concern: This will put the students a year behind. Most schools with music programs in our region have 6th graders for the year. 3 years of music best prepares them for High School. Asking: Start discussing or finding out more about the rotation for the 6th graders.
