

April 2, 2020

Dear Parents and Guardians:

The purpose of this letter is to provide communication regarding the Page Unified School District's plan for continued educational opportunities and support to our students during this time of uncertainty. Though our school buildings are closed to the end of the school year, our staff has been working to support both our students' well-being and education. During this difficult time of school closure, we want to assure you that Page Unified School District is doing everything we can to provide the best support that we can.

**Distribution of Educational Materials- April 6 (MONDAY ONLY 8:30-12:30)**

We are working as a district and school to coordinate all needs to the best of our ability to be ready for implementation on April 6<sup>th</sup>. At this point, these opportunities will focus on review and extensions from previously taught curriculum (the first 9 weeks of the semester).

Time for distribution for packets and other tangible materials/resources will be **Monday- April 6, 2020, at 8:30-12:30** in front of Desert View Intermediate School or Manson Mesa High School.

The location for pick up of the packets will continue to be Desert View Intermediate, **with the exception of Manson Mesa High School students**, who will continue to pick up their packets from their school. Parents and Guardians will go through the front parking lot of DVI in their vehicles. We are asking that you remain in your vehicle where you will be assisted by a member of our team who will direct you to the correct line for material pick up.

Lakeview Primary will have new packets ready to pick up. Check out the google classroom opportunities as sent to you by email, class dojo, or google invites from your teachers.

Desert View Intermediate will not have new packets to distribute on April 6<sup>th</sup> due to the fact that the packets handed out this week contained three weeks of material. They will have more of those packets available for those families who were unable to pick them up this week. In addition, several of DVI's teachers will also have materials on Google Classroom.

Page Middle School will have educational opportunities for the week of April 6<sup>th</sup> available in print and online. Printed materials can be picked up as referenced above. The electronic or online version of these materials will be posted to all Google classrooms by 8:00am Monday, April 6<sup>th</sup>. Page Middle School teachers will continue to be available from 10:00am-2:00pm Monday-Friday to assist with the needs of our students.

Page High School will also educational opportunities for the week of April 6<sup>th</sup> available in print and online. The electronic or online version of these materials will be posted to all Google classrooms by 8:00am Monday, April 6<sup>th</sup>. Page High School teachers will continue to be available from 10:00am-2:00pm Monday-Friday to assist with the needs of our students. Our teachers will also reach out to families by phone and/or email the week of April 6 once again.

Manson Mesa High School's educational Opportunities were delivered last week. If you have not picked them up as of yet, please drive up to the main entrance to Manson Mesa High School on April 6<sup>th</sup> from 8:30-12:30. A staff member will bring the packet to you. Please remain in your vehicle.

***Please note that there will not be any materials sent by email. In addition, we are requesting that students do not return the packets. Grades will not be assigned for the educational materials provided as the purpose for this packet is to reinforce learning that your student has already received from his/her classroom teacher.***

We are currently working on a date in the future where students can pick up personal items. Students will be required to turn in all school-owned items at that time as well. As these dates are determined, you will be notified by your child's school.

Sincerely,  
/s/  
Robert Varner, Ed.S.
