## DIVE INTO SUCCESS AT DES

### WELCOME BACK!

I am proud and humbled to have been selected as the principal for the upcoming school year! I come to you with 15 years of elementary experience, 6 of which were spent in administration, listening and learning under great leaders within the district. I plan to continue the tradition of excellence by challenging and enriching the educational experience for your child(ren). This will be accomplished with the support of an amazing staff that will develop and elevate a love of learning through engaging lessons, deep discovery and rich discussion.

As the old Chinese Proverb states, "Pearls don't lie on the seashore. If you want one, you must dive for it." Success isn't easily attained. In order to achieve academic victory, students and parents must work with teachers and staff and be willing to dive deep into the curriculum and culture of the school. I thank you in advance for your support of DeLisle Elementary. It's going to be a great year!
