

Policy

GRADUATION REQUIREMENTS

In order to be graduated from the Paulsboro School District High School, and receive a state-endorsed board of education diploma, a pupil must:

- A. Meet both state and district proficiency standards in the core curriculum content areas; achieve or exceed passing grade on HSPA;
- B. Complete successfully any course requirements stated in the administrative code, unless those of the district are greater, in which case the district's standard must be met. The proficiencies required must include the Common Core State Standards in mathematics and language arts and literacy and the Core Curriculum Content Standards approved by the state board of education;
- C. Select and complete successfully enough elective credits to meet the district minimum of 130 credits.
 1. Students must reach the following levels:
 - a. Sophomore: 30 credits
 - b. Junior: 60 credits
 - c. Senior: by the end of the senior year the student must earn 130 credits.
 2. All students must have successfully completed the following courses in order to earn a state endorsed high school diploma:
 - a. 1 year of physical education and health for each year of school;
 - b. 4 years of English (research paper will be required in English III and IV);
 - c. 2 years of U.S. History and 1 year of World History;
 - d. 3 years of mathematics;
 - e. 3 years of science;
 - f. 2 years of fine/performing or practical arts;
 - g. 1 year of world language.

Successful completion means that the pupil has demonstrated the degree of proficiency required by the district to indicate achievement of the district goals for the particular course, and has attended the required number of course sessions.

Transfer pupils must meet all state and local requirements in order to receive a Paulsboro School District high school diploma.

The Superintendent of Schools shall put into effect the procedures necessary to assess each pupil upon entry into the system, and, annually thereafter, to identify those pupils not meeting the state or district proficiency requirements. He/she shall develop the programs necessary to remedy these deficiencies at the lowest possible grade level.

Basic Skills

~~Pupils who do not pass the Grade Eight Proficiency Assessment shall be provided appropriate remediation.~~
Pupils who do not pass the New Jersey Assessment of Skills and Knowledge for grade eight (NJ ASK 8) or the PARCC assessments beginning in the 2014 school year shall be provided appropriate remediation.

Twelfth-grade pupils who have satisfied all other graduation requirements but have repeatedly failed the statewide examination shall receive a special review assessment as provided by law.

GRADUATION REQUIREMENTS (continued)

Pupils with Limited English Proficiency

Pupils with limited English proficiency must be provided with the program opportunities required by law, and must fulfill the regular state and district requirements for graduation.

Special Education Pupils

A disabled pupil must meet all state and local high school graduation requirements in order to receive a state-endorsed high school diploma unless exempted in his/her IEP with the written approval of the Superintendent of Schools.

A pupil who qualifies may take the Alternate Proficiency Assessment, if alternate requirements for graduation have been specified in his/her IEP.

By June 30 of a disabled pupil's last year in the elementary program, the pupil's case manager, parent/guardian and teacher(s) shall meet to review the instructional guide and basic plan of the pupil's IEP in view of the transition to the secondary program. Input from appropriate staff from the secondary school shall be part of the review.

The basic plan of the IEP for the pupil exiting the elementary program will address all the elements required in the administrative code. The description of the educational program will include exemptions, if any, from regular education program options or state and local graduation requirements including HSPA, along with the rationale for the exemptions. The exemptions must be approved in writing by the Superintendent of Schools.

Required reviews of the IEP shall continue to address graduation requirements and shall explain why the proficiencies required for graduation are not part of the IEP.

Because graduation with a state-endorsed diploma is a change of placement that requires written notice, all procedures described in the administrative code shall be followed scrupulously. Procedures shall include written notice to parents/guardians that includes a copy of procedural safeguards published by the State Department of Education and opportunity for mediation or a due process hearing.

Proficiency

In consultation with appropriate professional staff, the Superintendent of Schools shall develop and present to the board for adoption indicators of achievement and standards of proficiency and attendance demonstrating successful completion of each course offered at every level of the high school.

The subject matter and standards of proficiency shall be articulated with the district's elementary schools and with sending elementary districts.

In accordance with law, the board of education shall have copies of this policy distributed to all ninth-grade (or otherwise entering) pupils and their parents/guardians.

They shall also be informed as to the examinations, demonstrated proficiencies, course and credit hour requirements, attendance policies, and any other state and local requirements.

Proficiency requirements for each individual course shall be given to pupils on registering for the course.

The yearly program of studies for each pupil in the high school must be approved and signed by the parent/guardian, except in the case of 18-year-old pupils.

GRADUATION REQUIREMENTS (continued)

Early Graduation

Pupils who have clearly demonstrated a scholastic aptitude, an unusual readiness for the world of work, a financial need, or a serious health or family concern may be considered for early graduation. Minimal graduation requirements must be completed early. Approval must be obtained from the parents/guardians and the administration.

Pupil Enrollment in College Courses

The board shall make reasonable efforts to develop articulation agreements with New Jersey colleges and universities to facilitate the delivery of college credit courses to qualified pupils. The board shall determine eligibility requirements for these pupils and monitor the quality of the courses offered and college faculty who teach the courses.

Reporting and Monitoring

The Superintendent of Schools shall include in the annual report to the commissioner:

- A. The total number of students graduated in the aggregate and disaggregated according to subgroups described in federal law;
- B. The number of students graduated under the ~~Special Review Assessment (SRA)~~ **Alternative High School Assessment (AHSA)** process;
- C. The number of students receiving state-endorsed high school diplomas as a result of meeting any alternate requirements for graduation as specified in their IEP's;
- D. The total number of students denied graduation from the 12th grade class;
- E. ~~The number of students denied graduation from the 12th grade class solely because of failure to pass the HSPT or SRA, based on the provisions of administrative code~~ **The number of students denied graduation from the 12th grade class solely because of failure to pass the High School Proficiency Assessment (HSPA) or Alternative High School Assessment (AHSA), based on the provisions of administrative code.**

This information shall be reported to the board at a public meeting prior to the date prescribed by law.

The board shall review this policy annually and shall adopt all regulations required by law.

Adopted: July 21, 2005
 NJSBA Review/Update: December 2008< January 2014
