

INTRAMURAL COMPETITION; INTERSCHOLASTIC COMPETITION

The Paulsboro Board of Education considers all competitive extracurricular activities-academic, artistic and athletic-an integral part of the total educational program. Competitive activities shall be under the same administration and control as the rest of the school program and closely articulated with it.

Competitive activities and artistic expression can provide pupils with valuable experiences and opportunities. In this district, the emphasis in any competition or artistic expression shall be on providing inclusion in such experiences and opportunities rather than on producing winning teams or providing entertainment. Practice for or performance in any competitive event shall not interfere with the regular educational program.

The Paulsboro Board of Education shall approve all proposed interscholastic competitions, either via schedule or as a discrete event, whichever is appropriate. The Paulsboro Board of Education must approve membership in any leagues, associations and conferences, and any agreements with other schools for a series of games or events. Contests of any kind between and among the schools of the district shall be approved by the superintendent of schools.

The Paulsboro Board of Education shall appoint coaches, advisors, physicians and other necessary supervisory personnel upon recommendation of the superintendent of schools. The superintendent of schools shall also ensure that training programs/regulations are developed for all extracurricular athletic activities and that all physical facilities involved in any competition in which district schools take part shall be adequate, safe and sanitary.

Public recognition shall be given to participants in academic or artistic competitions in the same measure as to athletic competitors. The district's affirmative action resolution and plan for equity in school and classroom practices shall apply to determining eligibility for competition, approval of each competitive activity in which pupils officially represent the district, and district expenditure to provide facilities and coaches.

Parental Consent

No pupil may participate in a school-sponsored physical or artistic activity outside the general education curriculum without a signed consent form from a parent/guardian naming the activity and acknowledging that the activity may be hazardous.

Academic Eligibility

Academic standards for eligibility shall be those established by policy 6145 Extracurricular Activities.

Attendance Standards

Attendance standards shall be those set in policy 5113 Attendance, Absences and Excuses. In particular, a pupil shall not participate in a performance, exhibition, practice or athletic event unless he/she has been present in school that day or has been absent for an excused reason other than for sickness.

Disciplinary Standards

Disciplinary standards are based on board policies 5114 Suspension and Expulsion and 5131 Conduct/Discipline. Pupils on disciplinary probation or serving a detention or suspension may not practice, perform or compete. The superintendent of schools and the building principal shall decide at the end of a probation or suspension whether the pupil may return to practice and competition.

Special Education Pupils

To participate in interscholastic competition, special education students must meet the same requirements listed above and the physical eligibility requirements. Reasonable modifications must be provided to each qualified student seeking to participate in an extra-curricular activity. However, a modification may be denied if, based on an individualized assessment, the modification presents an objective health or safety risk to the student or to others, or where the modification would result in a fundamental alteration to the nature of the program. A fundamental alteration is a modification that provides an objective advantage or disadvantage or requires a change in the rules of competition.

Equality and Equity in Athletic Programs

The district athletic programs shall be operated equitably with regard to the male and female teams including:

- A. Relatively equal numbers of varsity and sub-varsity teams for male and female students;
- B. Equitable scheduling of night games, practice times, locations and number of games for male and female teams;
- C. Equitable treatment that includes staff salaries, purchase and maintenance of equipment and supplies;
- D. Comparable facilities for male and female teams.

Physical Eligibility

The medical examination shall be given at the student's medical home, as defined in file code 5141.3 Health Examinations and Immunizations. If a student does not have a medical home, the school physician shall conduct the medical examination. Examinations shall be made available throughout the school year consistent with the district athletic schedule. The examination shall be documented on the form approved by the commissioner of education and include, as a minimum, the components listed in the administrative code. In the event a private physician is used, the medical examination shall not be at the expense of the Paulsboro Board of Education.

The parents/guardians shall be sent written notification signed by the examining physician testifying to the pupil's physical fitness to participate in athletics. The reason for the physician's disapproval of the pupil's participation shall be included in the notification. The health findings of the medical examination for participation in athletics shall be made part of the general health examination record.

NOTE: IF THE PAULSBORO BOARD OF EDUCATION WANTS TO EMPHASIZE GOOD SPORTSMANSHIP AT ATHLETIC EVENTS AND COMPETITIONS, IT CAN ADD THIS SECTION.

Good Sportsmanship

The Paulsboro Board of Education believes that instilling habits of good sportsmanship should be one of the primary goals of athletic endeavors and that all district employees should model good behaviors in this area.

It is especially important that the athletic director and coaches accept the responsibility for encouraging young athletes to handle themselves in a sportsmanlike way and be models of self-control and dignity for players and spectators. Coaches shall include discussions on courtesy and sportsmanlike behavior as part of pre-game activities. Student fans shall be reminded that their conduct reflects on the schools of this district and that poor sportsmanship will be disciplined.

Parents/guardians and other adult spectators shall also be encouraged to act as models for young people by demonstrating self-control and dignity at all athletic events.

Unsportsmanlike behavior as exhibited through verbal abuse, rude gestures, taunts, obscenities, thrown objects, etc., shall not be tolerated in students, staff or any persons in attendance at district athletic competitions. Discipline may include, but not be limited to, eviction from the competition and prevention from attending further competitions.
