**Question 1:** We are working on the RFP for Phenix City Schools and we were hoping that you could send us the RFP in word version. This would really help with the pricing tablets that are required to be completed.

**Answer 1:** Please see the posted Attachment 1 to Q&A#1 for a Word version of Bid Response Form table (pages 12 through 22) of this RFP. This version is provided to assist you with entering information in the required table. However, format changes should not be made to this form.
