## **Opt-Out for Taking Laptop Off of School Grounds**

Quitman Junior High is a 1:1 device to student learning community. Students are at a distinct disadvantage and will be unable to complete some academic tasks and responsibilities without the use of a device. I understand that by refusing the Quitman ISD issued device that my student is responsible for obtaining a device (i.e. laptop or Chromebook) from the JH/HS Library/Media Center for academic use, as available and for only one school day at a time. Please be advised that your child will still be assigned a network login and that your child may be required to use district computing devices for purposes such as word processing, use of educational resources, Texas Education Agency adopted online materials, taking mandated online tests and mastering technology objectives outlined by the Texas Education Agency. Your child will not be allowed to use or bring a personal communication device to school.
