

You are officially invited to create your own professional learning plan. Join us for a shift in mindset where freedom and creativity are the facilitators. We are providing a cost effective and time efficient opportunity for you to take **active** ownership for personal growth that will help you grow as an educator.

Who? Educators who are interested in an active learning experience that is personal to your own needs.

What? A Personal Learning Network, **tailored to you**, your interests, and done on your own time. Each activity can earn up to 8 hours of professional learning.

When? When it **works for you**. Broken down into trimesters/ First trimester runs September through December. Second runs January through May. Third trimester runs June through August.

Where? Where you feel most comfortable. You choose! This plan allows you the **freedom** to learn in your home, at school, on a discussion board, or in a group activity. Think outside the box! The sky's the limit!

Why? Educators need 120 hours of PD and we understand that you may rather create and learn on your own time, working towards your own goals to **impact student learning**.

How? Pick an area in which you would like to grow. Submit a request. The first request will have a \$50 processing fee. After that, each request is only \$25. This fee is for paperwork and processing by our office. Compare that cost to a Learners Edge course which costs in excess of \$400!
