  Signifies scratch-made item

RCSS School Nutrition makes every effort to identify and label ingredients and/or recipes that may cause allergic reactions. We make every attempt to instruct our staff on the severity of food allergies in relation to food production; however, there is always a risk of contamination. It is also possible that manufacturers of the commercial foods we purchase could change the ingredient formulation at any time without notice. Customers concerned with food allergies/special diets need to be aware of this risk. If any person has questions or concerns about allergens in relation to Randolph County Schools School Nutrition Menus please contact Jayme Robertson, MS, RDN, LDN (336)318-6132.
