A Message from Superintendent Dr. Stephen Gainey to Parents of the Randolph County School System Regarding the Revised School Calendar

I want to make you aware of some changes to this year’s school calendar that were approved by the Board of Education at the meeting on October 15. The changes apply to all schools with the exception of the Randolph Early College High School and are as follows:

1) October 31 is no longer a 2-hour early release day. It has been changed to a full school day.
2) November 21 is now a student day. However, it will be a 2-hour early release day.
3) December 20 is no longer a 2-hour early release day. It has been changed to a full school day.
4) December 21 is now a student day. However, it will be a 2-hour early release day.

Please know that these calendar changes were needed due to the amount of school missed during the past month as a result of inclement weather. Also, as noted in the first part of this message, these calendar changes apply to all schools with the exception of the Randolph Early College High School.

I want to “thank” all parents for their help with the successful start of the 2018-2019 school year. Without your support every day, the success of our school system would not be possible.
