Exciting News for the Randolph County School System!

1. On July 6, our school system received word of our receipt of a $50,000 grant from the State Board of Education to fund a “Pathways Coordinator” who will be an employee of Randolph Community College to share with Asheboro City Schools. The funds also will be used to fund activities to support the school system’s “Advanced Manufacturing” initiative such as exposure experiences for students and teachers in the “Advanced Manufacturing” arena and “Advanced Manufacturing Days” involving visits to companies throughout the county.

2. On July 14, our school system learned of our receipt of a $16,000 grant from Timken. This money will be used on the metals program at Eastern Randolph High School.

3. On July 14, our school system learned that the National Technical Honor Society awarded over $250,000 in scholarships to 246 students nationwide. North Carolina was the state with the highest number of scholarship recipients (31). Three students from our school system received scholarships. These students were from Providence Grove High School, Southwestern Randolph High School, and Randleman High School.
