Liberty Elementary
$20,000 for Pre K Learning!!!

In collaboration with Randolph County Partnership for Children and Shape NC, our Pre K has been accepted into a multi-year initiative to improve the health and wellness of our students.

Below is our current Pre K playground. Next year, this space will have more trees for shade, a paved bike path, a garden and more!

We have already received our indoor physical activity kits. At right, one of our Pre K teachers demonstrates how to use the new equipment!
