A Message to Randolph County School System Parents
from Superintendent Dr. Stephen Gainey

As noted in my telephone message on April 25, the “North Carolina School Report Card” for each school and school system was released by the state on April 30. These documents can be accessed [here](#).

If you need computer access to view these documents, please contact your child’s school to schedule a time in advance to stop by the campus to use one of the school’s computers. However, please also note that our schools will operate on a special schedule during the summer months. More specifically, during the time period of June 17-August 16, the schools will only be open to the public from 7:30 a.m. to 5:30 p.m. on Monday-Thursday.

Also, as noted in my telephone message on April 25, the North Carolina Department of Public Instruction will provide a post card with information regarding the “North Carolina School Report Card” for each student to take home. These post cards will be sent home in the next few days. Thank you.
