Nicole, who is in Ms. Oswald's class, is dependable and hardworking, and always produces high quality work. Soft-spoken and always smiling, Nicole gets along well with others and demonstrates a positive attitude toward her teachers and classmates. In addition to her success in the classroom, Nicole is involved in extra school activities. She has served on the Battle of the Books team for the past two years and is currently a member of the Robotics Team. Providence Grove High School - Autumn Lee - 11th Grade

Autumn Lee is an outstanding student. She is conscientious about her work, always completes her assignment on time, and produces quality work. She helps her peers and teacher without being asked and is truly compassionate toward others. This was exhibited most recently when a teacher passed away at Providence Grove High School. Autumn was kind to her teachers, expressing her concern for them. This loss was tough on the entire school, but Autumn turned toward others to make sure they were taken care of first. She is a student athlete and an outstanding academic student as well. Please join the Providence Grove High School family in congratulating Autumn Lee as our STAR³ Student for April.

Itzel is a ray of sunshine at Ramseur Elementary School, and we are proud that she is our STAR³ Student for April.

Randleman Elementary School - Maya Barber - 4th Grade

Anyone who meets Maya Barber would quickly realize that she meets the expectations of a STAR³ Student. Charisma is a unique trait for a fourth grader, but Maya has it. She is one of those rare people who truly wants to see others happy. She can make you smile with her manners, conversations, positive attitude, work ethic, or even the way she says "squishy" when selling a pencil grip at the school store. Maya seldom, if ever, talks about herself. She is wise beyond her years in putting others first. She searched for and found positive influences, followed their examples, and is now a role model for her peers. Randleman Elementary School is lucky to have Maya as a student, a representative for Student Government, and a positive force at our school. It is with great pleasure that Randleman Elementary School selects Maya Barber as our STAR³ Student for April.

Randleman High School - Noe Mercado-Vazquez - 11th Grade

There are few students who have been as impressive in and out of the classroom as Noe Mercado-Vazquez. The level of respect that Noe shows, not only to his teachers, but also his coaches and peers, is commendable. Not only is he respectful, but Noe's academic achievement is also stellar, as evidenced by his 4.3 GPA. Noe has completed many honors and Advanced Placement courses and is also enrolled to take courses at Randolph Community College next year. This is quite a feat for a student whose native language is Spanish. Outside of the classroom Noe participates in soccer, cross country, and track, and is also a member of the Beta Club. The oldest of four siblings, Noe takes seriously his responsibility to care for them, as well as how his decisions impact the family. One of his teachers states, "I am constantly amazed and humbled by the hard work and determination of this young man to achieve the American Dream." Congratulations to Noe Mercado-Vazquez, Randleman High School's STAR³ Student for April.
