

**If you are considering re-locating your child to a different school for the 2017-2018 school year, please take a moment to review the information on this page, including the “Student Reassignment Guidelines” near the bottom of the page. Links to the required release and reassignment forms are also shown at the bottom of the page.**

Children who are legally domiciled in Randolph County are eligible to attend the Randolph County school that serves the area in which they reside.

Board of Education policy and NC State Law require that the parent or legal guardian of the child(ren) must establish legal residence in Randolph County.

Requests for change of schools and other educational requests can be made only by the parent or legal guardian of the child(ren). Notarized statements or agreements between parties (such as between the parent and grandparent of a child) are not sufficient for either enrollment of a child or to request a school assignment change.

The Board of Education procedures for admissions, reassignments, and releases can be viewed by clicking the “Student Reassignment Guidelines” link below.

Students who reside in Randolph County, but whose parents request that they be allowed to attend a school in the Archdale-Trinity Tax district, if approved, are required to pay a special tuition. Students who reside outside of Randolph County, but whose parents request that they be allowed to attend a school in the Randolph County School System, if approved, are required to pay out-of-county tuition. Please contact Student Services for tuition rates.
