Last month career-technical education classes at Trinity and Wheatmore high schools engaged in a competition to collect canned food for an area food pantry. Cans were collected in all CTE classrooms and at home football games for each school. Wheatmore’s CTE department emerged victorious with over 300 cans collected in the competition and Trinity collected around 100 cans. Wheatmore teachers who played a vital role in the victory were Mrs. Davis, Mrs. Barkley, Mrs. Daughenbaugh and Mrs. Brown, who organized students to collect the food. Canned goods were donated to Community Outreach of Archdale-Trinity.
